Tools Needed

The following tools and materials are required to assemble this issue. Prepare them before starting work.

- ☐ **Universal Adhesive**
For joining metal parts.

Explanation of Symbols

Indicates where to attach included screws.

Indicates when to use adhesive. The correct adhesive will be indicated for each instance.

Cautions and Prohibitions.

Key points for using tools and techniques.

1 Assemble the right wing

These magnets are very powerful, so handle them with extreme care. If they are too small to handle easily, use tweezers. If they tend to come loose after fitting, apply a small amount of Universal Adhesive to 15-2 before inserting again.

Insert **15-2 three Small Magnets** into the **15-1 Right Wing Back** as shown, the circular mark facing upwards.

These magnets are very powerful, so handle them with extreme care. If they are too small to handle easily, use tweezers. If they tend to come loose after fitting, apply a small amount of Universal Adhesive to 15-3 before inserting again.

Insert **15-3 two Large Magnets** into the **15-1 Right Wing Back** as shown, the circular mark facing upwards.

Complete !

The assembly for this issue is now complete.
Be cautious when handling these strong magnets.
