Explanation of Symbols

Indicates where to attach included screws.

Indicates when to use adhesive. The correct adhesive will be indicated for each instance.

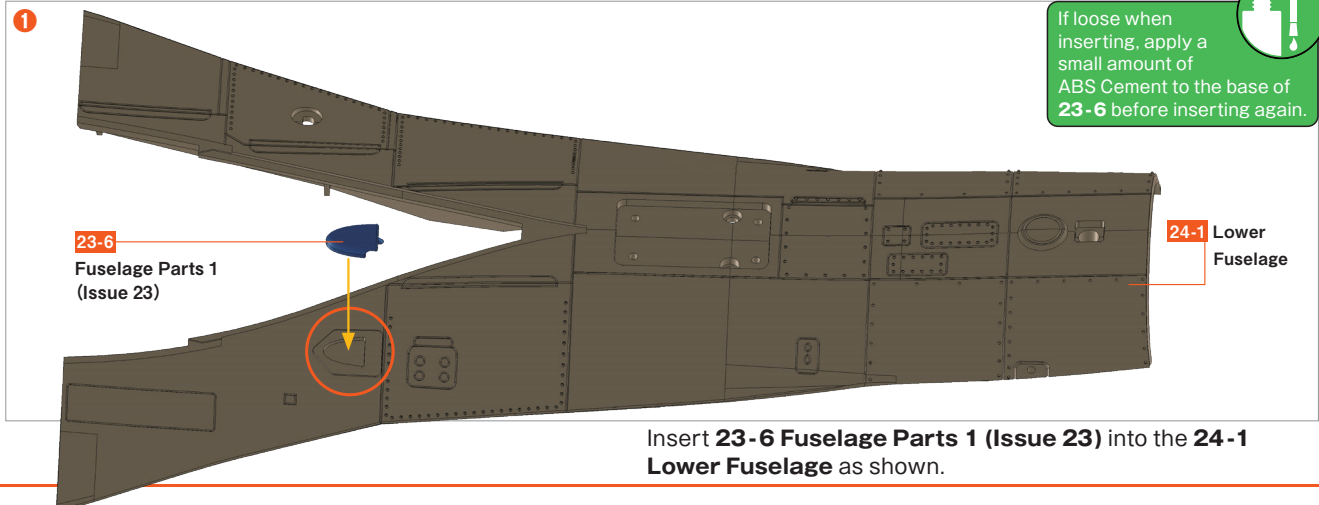

Cautions and Prohibitions.

Key points for using tools and techniques.

1 Assemble the lower fuselage

1

23-6
Fuselage Parts 1
(Issue 23)

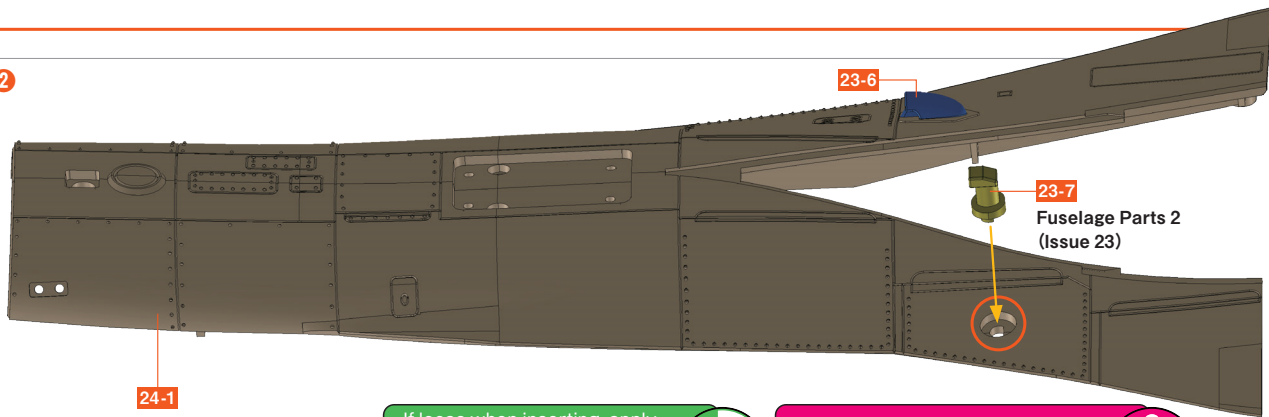

24-1 Lower
Fuselage

If loose when inserting, apply a small amount of ABS Cement to the base of 23-6 before inserting again.

Insert **23-6 Fuselage Parts 1 (Issue 23)** into the **24-1 Lower Fuselage** as shown.

2

24-1

23-6

23-7
Fuselage Parts 2
(Issue 23)

If loose when inserting, apply a small amount of ABS Cement to the base of 23-7 before inserting again.

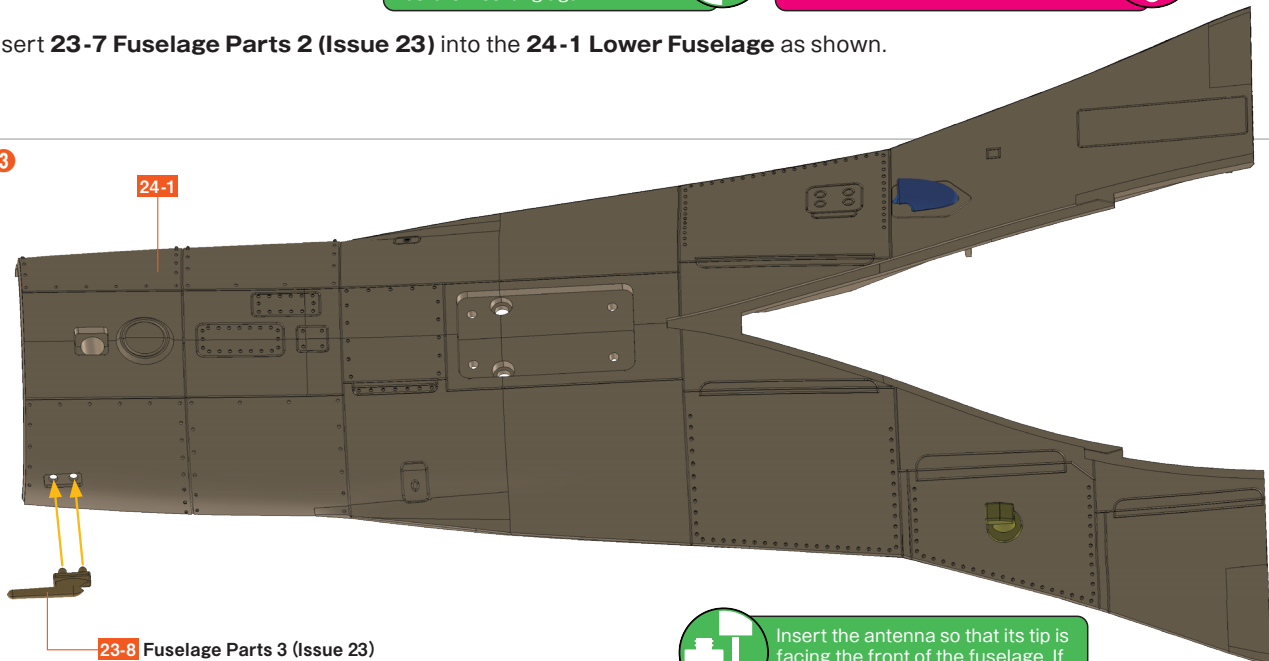

The base of 23-7 has a semi-circular shape with one side cut off. Align it with the hole in 24-1 and insert it.

Insert **23-7 Fuselage Parts 2 (Issue 23)** into the **24-1 Lower Fuselage** as shown.

3

24-1

23-8 Fuselage Parts 3 (Issue 23)

Insert the antenna so that its tip is facing the front of the fuselage. If loose when inserting, apply a small amount of ABS Cement to the base of 23-8 before inserting again.

Insert **23-8 Fuselage Parts 3 (Issue 23)** into the **24-1 Lower Fuselage** as shown.

Complete !

The assembly for this issue is now complete. Please keep these parts safe until they are combined with other components in the upcoming issues.
