Explanation of Symbols

Indicates where to attach included screws.

Indicates when to use adhesive. The correct adhesive will be indicated for each instance.

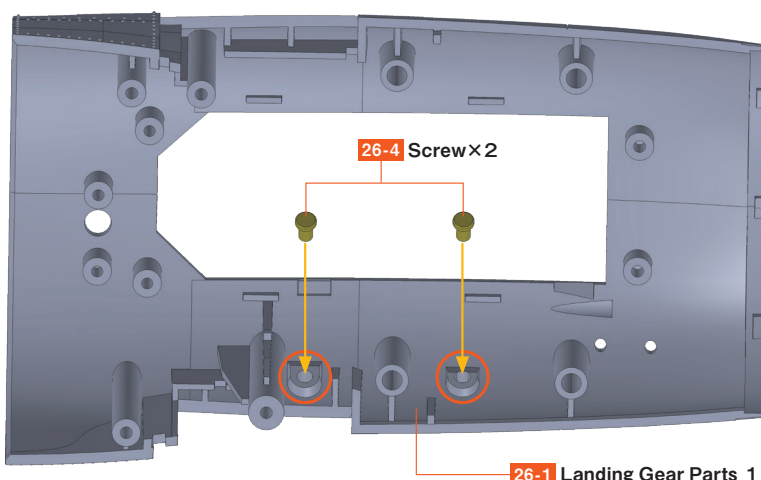

Cautions and Prohibitions.

Key points for using tools and techniques.

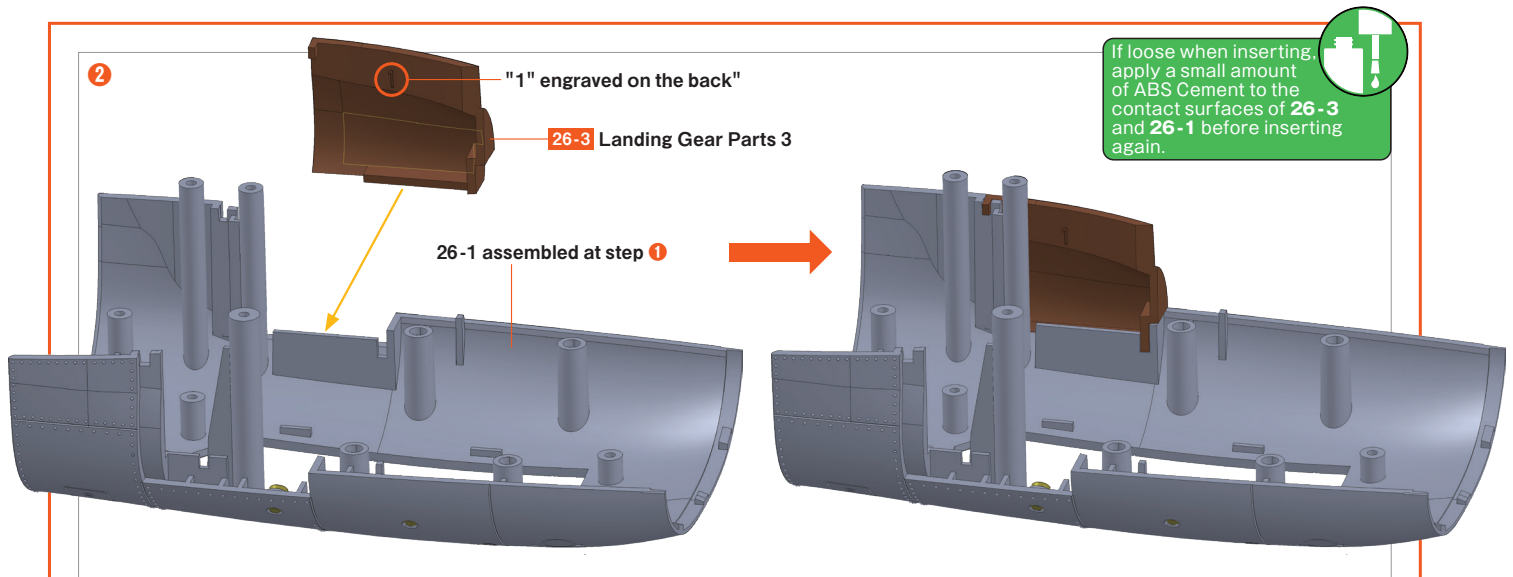

1 Assemble the landing gear area

1

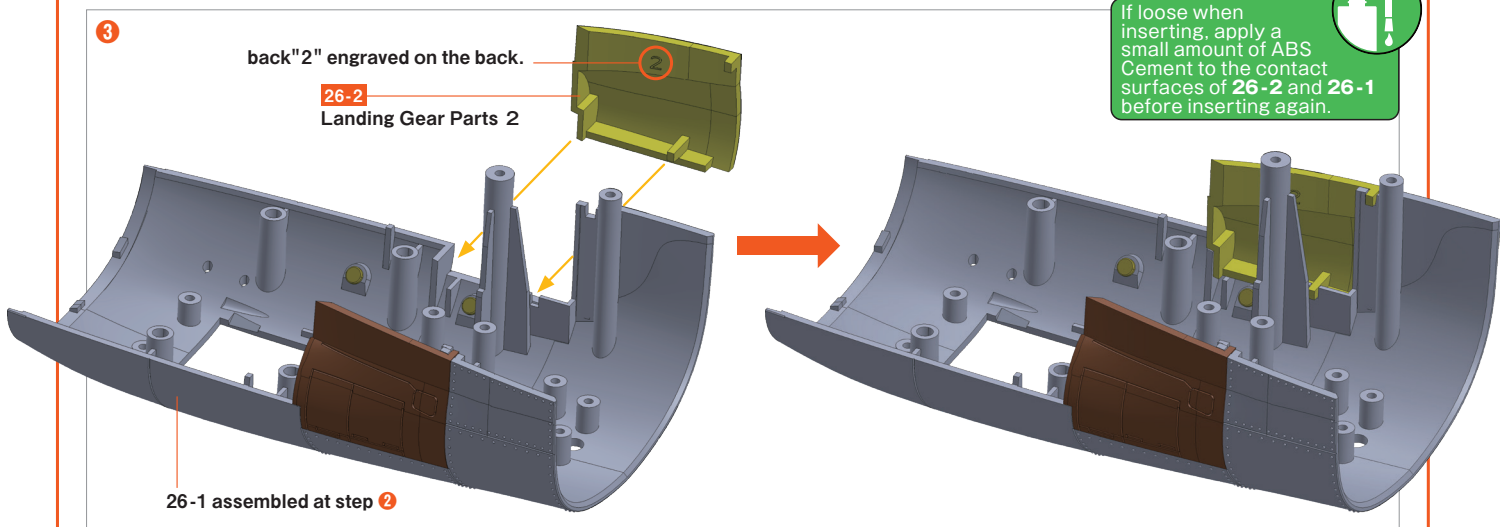

If loose when inserting, apply a small amount of Universal Adhesive to the tip of 26-4 before inserting again.

Insert **26-4 Screw** into the **26-1 Landing Gear Parts 1**.

Insert **26-3 Landing Gear Parts 3** ("1" engraved on the back) into the **26-1** assembled in step 1 as shown.

Insert **26-2 Landing Gear Parts 2** ("2" engraved on the back) into the **26-1** assembled in step 2 as shown.

Complete!

The assembly for this issue is now complete. Please carefully store it until it is integrated into the fuselage in future issues.
