In this issue

BACK & REAR WALLS, SIDE WALLS, EXTERIOR WALLS

We will be adding various walls to the 【Flying Ace】 scene by assembling the Back and Rear Walls, Left and Right Walls and the surrounding Exterior Walls.

FLOWERPOT

We will make the Flowerpot to be displayed on the Cabinet in the 【3 Brothers】 scene by making the flowers out of paper and balancing their arrangement in the Flowerpot.

Figurine

Flying Ace

Figurine for the
【Flying Ace】 scene

This scene is based on the comic strip from 11th January, 1967. Snoopy first appeared as the Flying Ace in 1965, and the storyline developed over many subsequent appearances.

⑧Leaf Sheet B ⑨Flower Sheet A ⑩Flower Sheet B ⑪Screw (PM2×6mm)×3 (1 for spare) 【Figurine】 ⑫Flying Ace

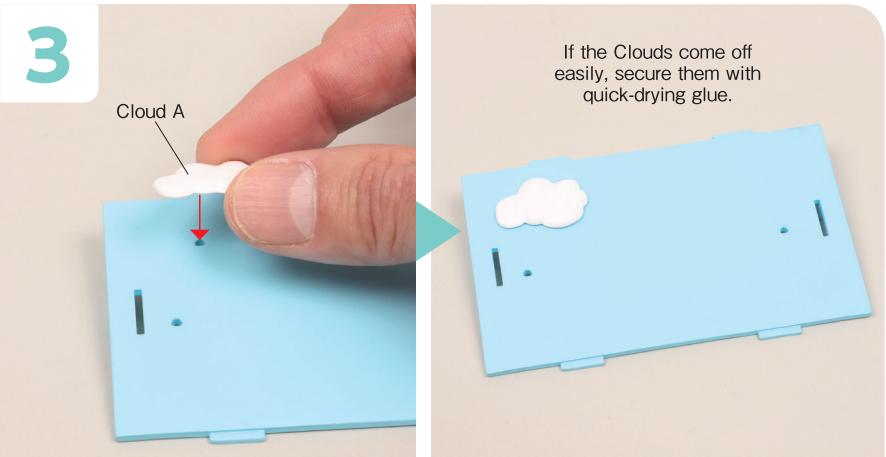

ASSEMBLING THE BACK & REAR WALLS, SIDE WALLS, EXTERIOR WALLS

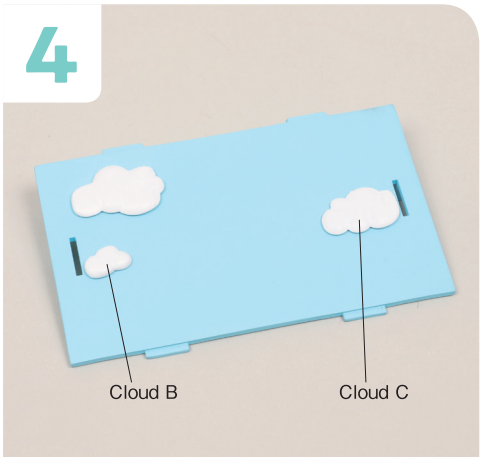

Check the orientation of the ① Back Wall by referring to the holes for the Clouds. Be careful not to get the direction wrong.

Get ready the Clouds A, B and C from issue 14. The cross sections of their protrusions are D-shaped.

Assemble Cloud A to the top left corner of the ① Back Wall by inserting the protrusion on its back deep into the hole, matching the shapes of the protrusion and the hole.

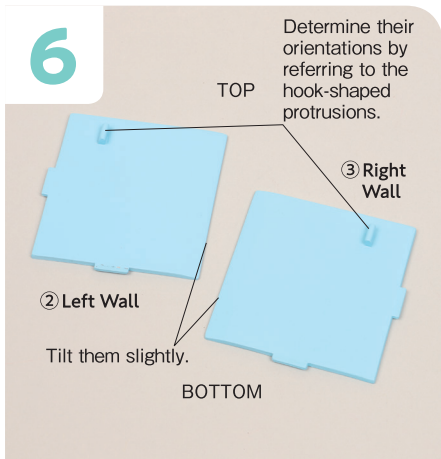

Assemble Cloud B and Cloud C in the same way.

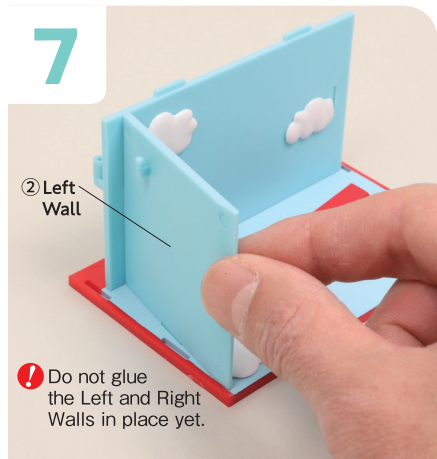

Assembling the Back & Rear Walls, Side Walls, Exterior Walls

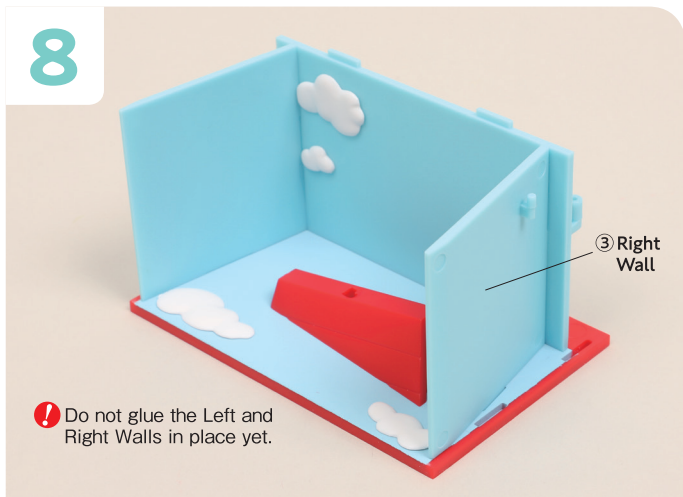

Get ready the floor assembled in issue 14 and assemble them by inserting the protrusions of the Back Wall into the grooves at the back.

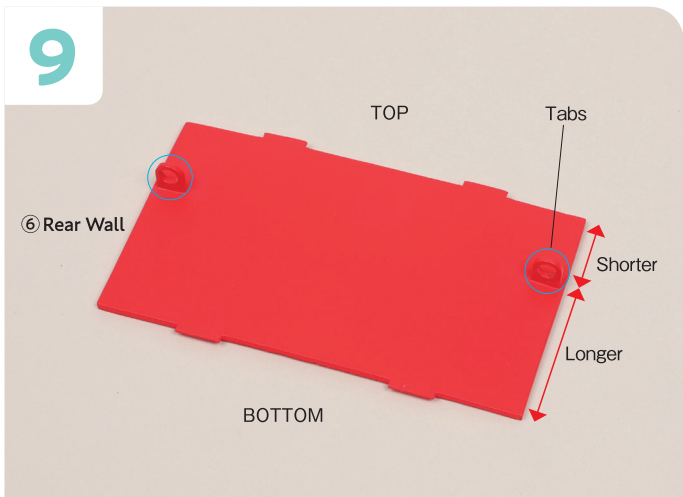

Check the orientations of the ② Left Wall and ③ Right Wall.

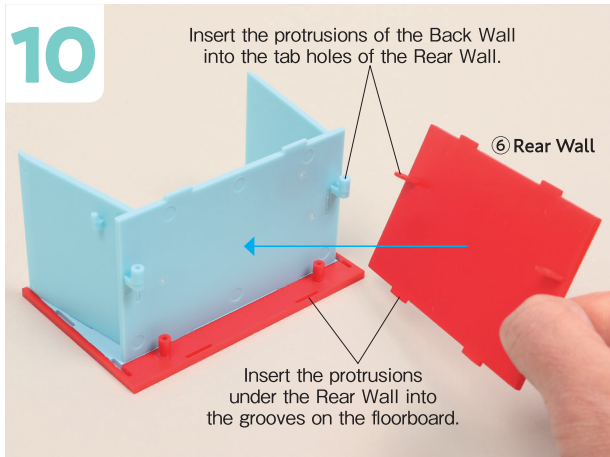

Assemble the ② Left Wall to the floor in the same way.

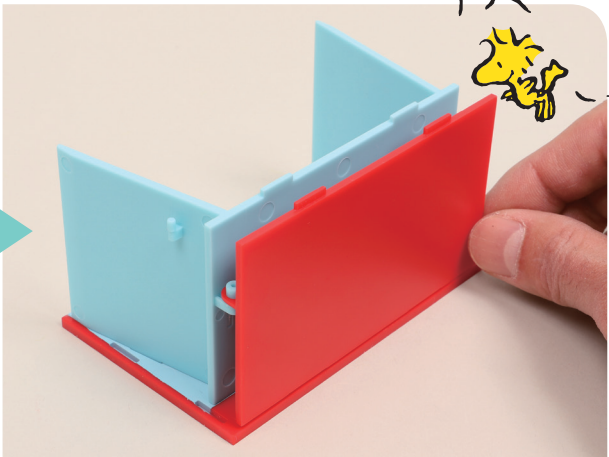

Assemble the ③ Right Wall to the other side in the same way.

Check the orientation of the ⑥ Rear Wall by referring to the tabs with holes. Be careful not to mix up the top and bottom.

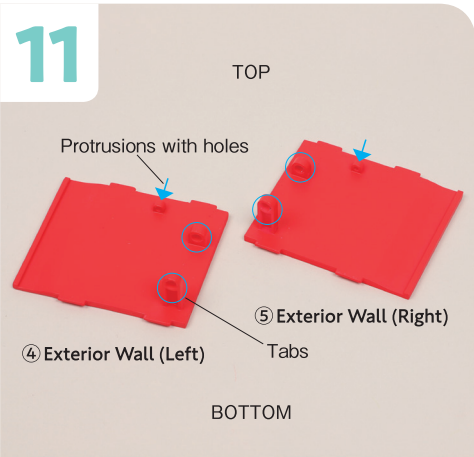

Assemble the ⑥ Rear Wall to the back of the Back Wall.

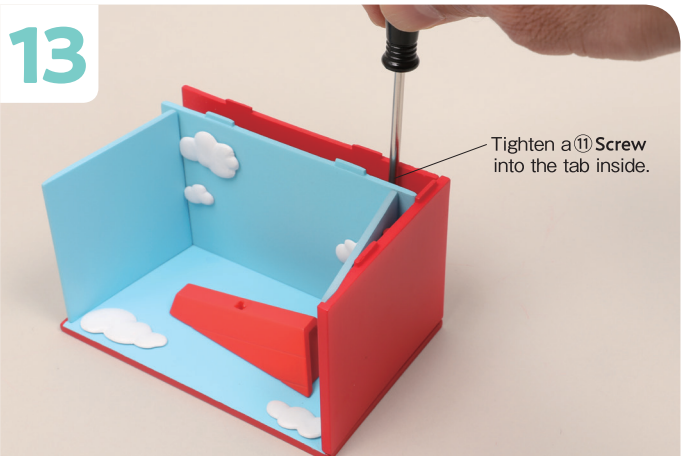

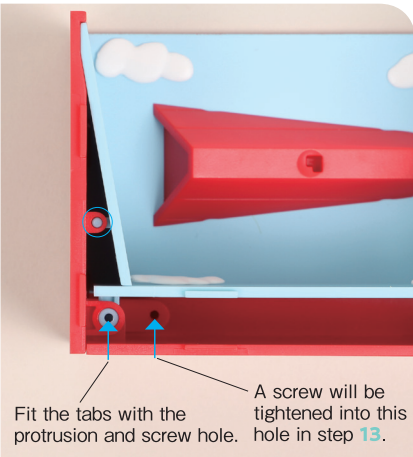

Assembling the Back & Rear Walls, Side Walls, Exterior Walls

Assemble the ④ Exterior Wall (Left) and ⑤ Exterior Wall (Right) in the same way. First, make sure they are facing the right directions.

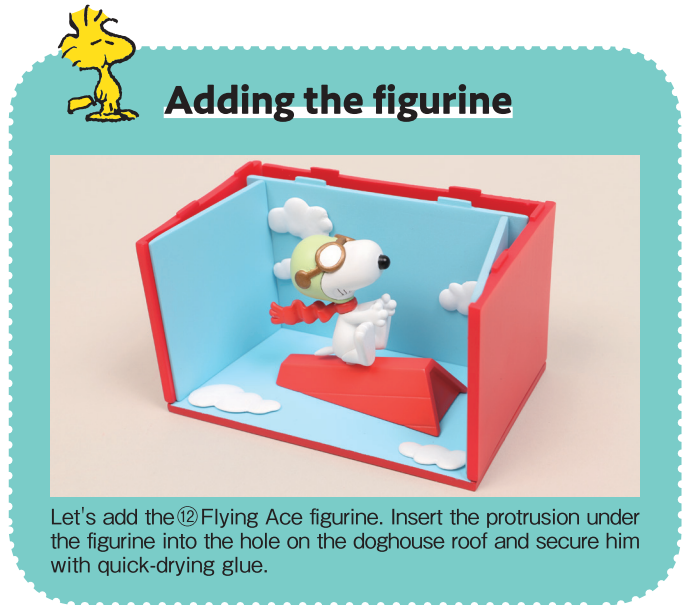

Apply quick-drying glue to the front edge of the Right Wall, then assemble it with the ⑤ Exterior Wall (Right) by fitting its protrusion into the protruding hole of the Exterior Wall (circled in blue) and the tabs with the protrusion and screw hole (indicated by the blue arrows).

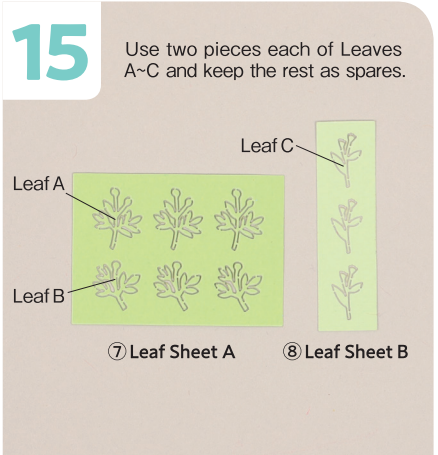

Tighten a Screw into the tab inside to secure the Exterior Wall.

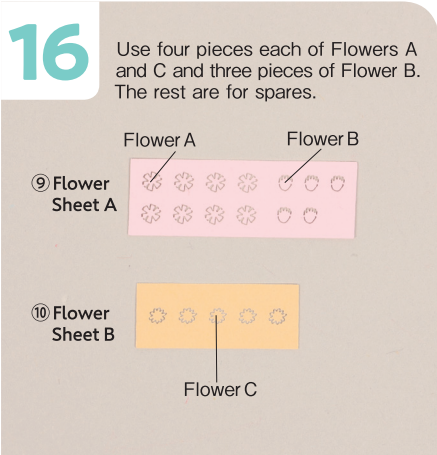

Assemble the ④ Exterior Wall (Left) to the other side in the same way and secure it with a Screw.

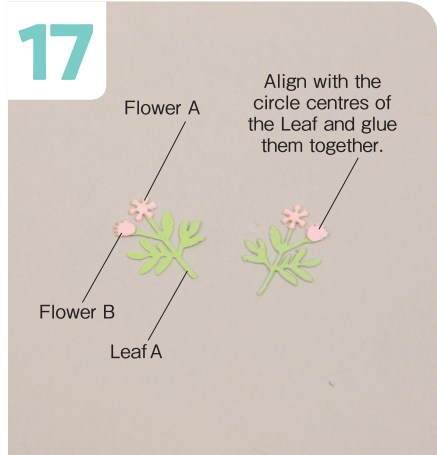

MAKING THE FLOWERPOT

Use a cutter to cut and remove Leaves A~C from the joints of ⑦ Leaf Sheet A and ⑧ Leaf Sheet B.

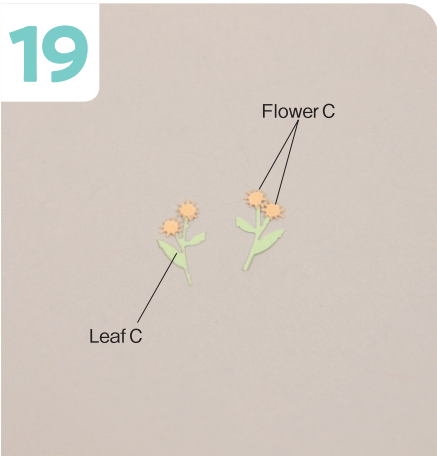

Remove Flowers A~C from ⑨ Flower Sheet A and ⑩ Flower Sheet B in the same way.

Align one each of Flower A and Flower B with the circle centres of Leaf A and glue them together. Make two identical Flowers.

Glue Flower A onto Leaf B in the same way. You may also make some variations by gluing Flower B on the stem.

Next, glue two pieces of Flower C onto Leaf C.

Get ready the Flowerpot from issue 14 and apply plenty of glue inside.

When the glue starts to dry a little, insert Leaves A~C into the Flowerpot and balance their arrangement.

After the glue dries, insert the protrusion under the Flowerpot into the hole on top of the Cabinet from issue 11.
