Assembling the Houses, Trees, Easter Egg

【Fall, 3 Brothers】

Assembling the Left and Right Walls

In this issue we are going to add the background Houses and Trees to the 【Easter】 scene, as well as the Easter Egg that Snoopy throws. We will also add the Left and Right Walls for the 【3 Brothers】 scene.

Parts of issue 17

- ① Left Wall ② Right Wall ③ House A ④ House B ⑤ Tree A ⑥ Tree B ⑦ Pin ⑧ Easter Egg
【Figurine】 ⑨ Linus

ASSEMBLING THE HOUSES, TREES, EASTER EGG

1

Detach the Bed and Cabinet from the 【3 Brothers】 scene first.

④ House B

If any of the parts come off easily, secure them with quick-drying glue.

Assemble ④ House B to the right rear of the ground in the 【Easter】 scene by inserting its protrusion into the hole.

2

③ House A

Assemble ③ House A into the hole on the ground as shown in the same way.

Identify the ⑦ Pin. The Easter Egg side has a stepped edge.

6

The hole is stepped.
Engage the stepped end of ⑦ Pin with its step.

⑧ Easter Egg

The hole of the ⑧ Easter Egg is stepped. Engage the stepped end of ⑦ Pin with its step.

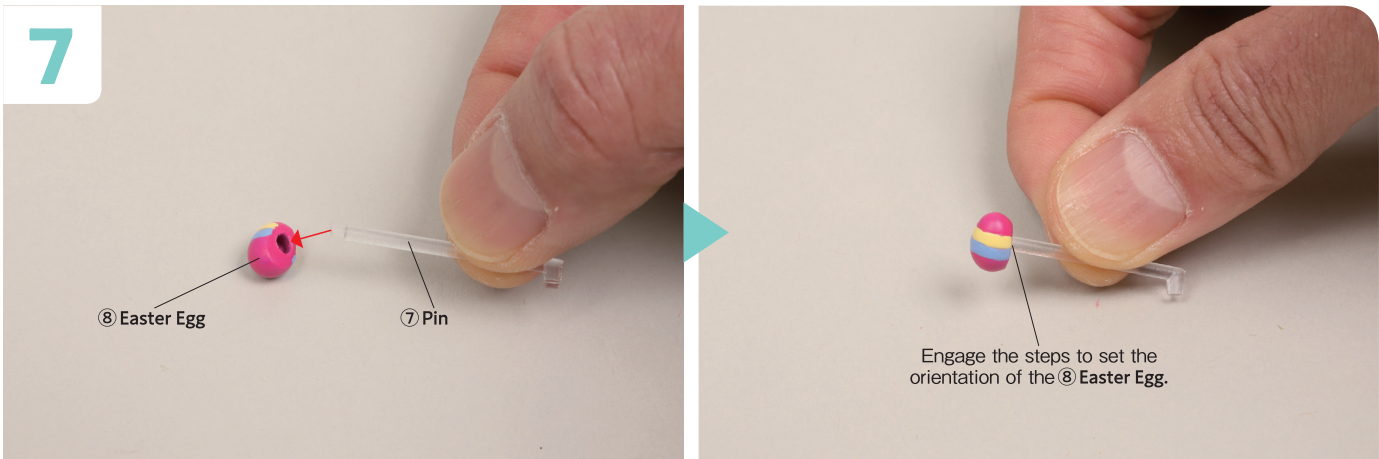

【Spring, Easter】

Assembling the Houses, Trees, Easter Egg

Insert the end of the ⑦ Pin into the hole of the ⑧ Easter Egg. Engage their steps and insert it deep into the hole.

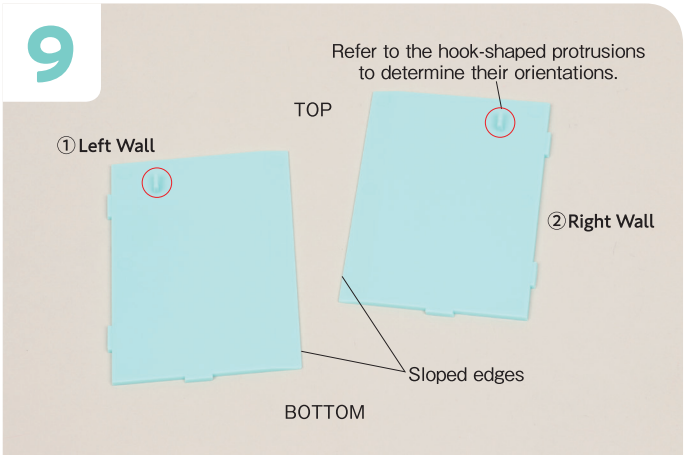

Insert the other end of the ⑦ Pin deep into the hole on the ground.

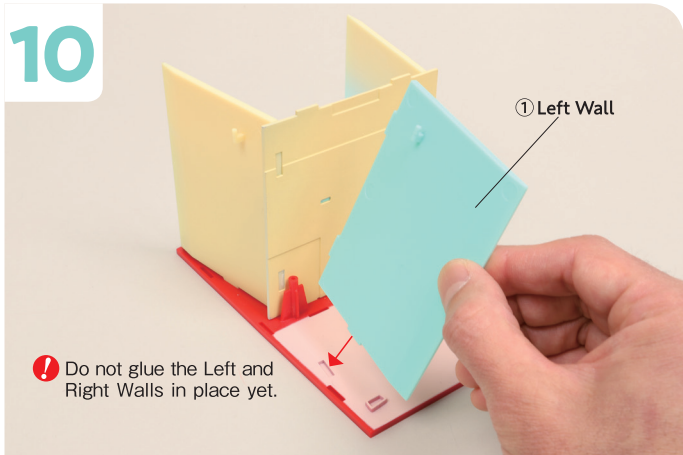

Issue 17 Completed

The background and the Easter Egg are now added to the Easter scene.

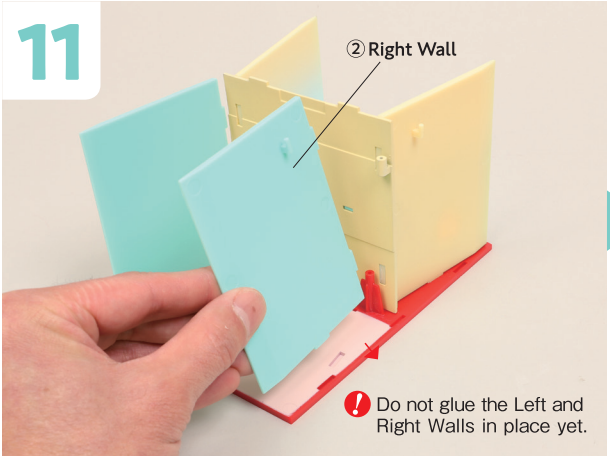

ASSEMBLING THE LEFT AND RIGHT WALLS

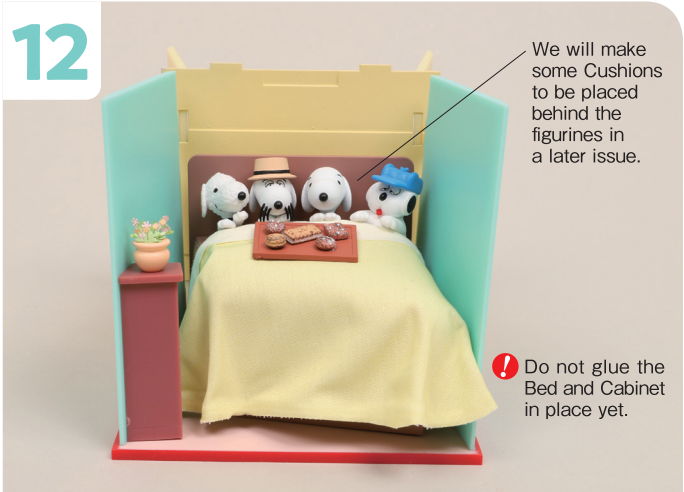

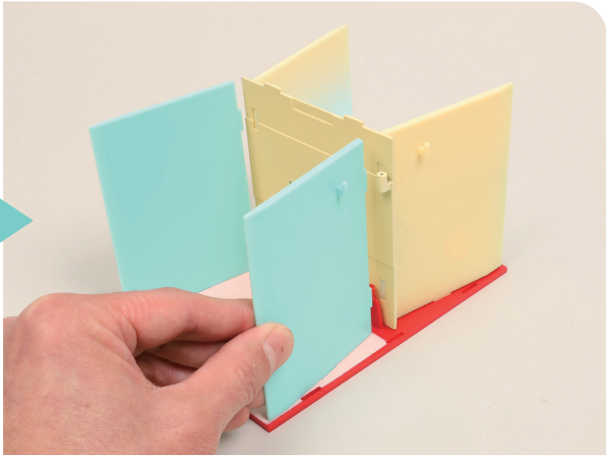

We will temporarily assemble the ① Left Wall and ② Right Wall without holding them in place. First, make sure they are facing the right way.

Assemble the ① Left Wall to the floor in the same way.

Assemble the ② Right Wall to the other side in the same way.

Assemble the Bed and Cabinet temporarily to the floor as well.

Issue 17 Completed

The Left and Right Walls will be held firmly in place after the Back Wall is added in a later issue.

Adding the figurine

Let's add ⑨ Linus to the Easter scene. Apply quick-drying glue to the protrusion under his foot and insert it into the hole on the ground.
