

【Break Time, Relaxing at Home】

In this issue

Sofa (Seat Pads), Side Table and the Floor

【Figurines】

Charlie Brown, Sally

This week we continue assembling the 【Break Time】 scene. The parts included in this issue are the Seat Pads of the Sofa, a small Side Table and the Floor. And the figurines are Charlie Brown and Sally. Let's complete the Sofa and the Floor, then assemble them with the Back Wall!

SOFA (SEAT PADS)

Let's assemble the Sofa (Seat Pads). Even when it becomes a miniature model, it still looks like the soft sofa from the comic strips. It consists of three blocks of different sizes (large and small).

FLOOR

This Floor is shared with the scene at the back. This Floor is for the 【Relaxing at Home】 scene, and it will be assembled with the Back Wall provided in issue 1.

SIDE TABLE

This small Side Table will also be placed in the 【Relaxing at Home】 scene. It is characterized by the elegantly curved legs that are also known as cat legs. The empty hole on the Table Top will be used to place a flower pot in a later issue.

Figurines

CHARLIE BROWN

SALLY

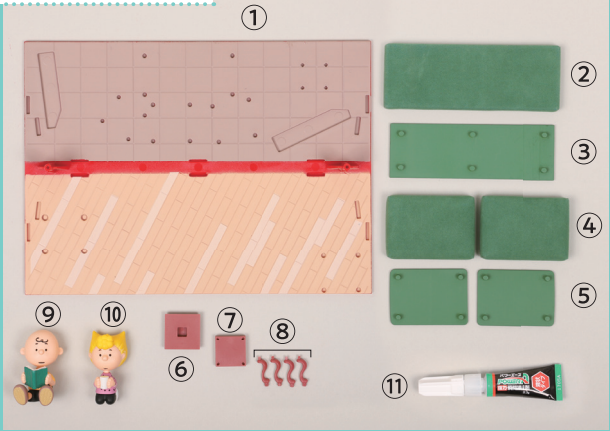

ASSEMBLY INSTRUCTIONS

【Break Time, Relaxing at Home】

Assembling the Sofa (Seat Pads), Side Table & the Floor

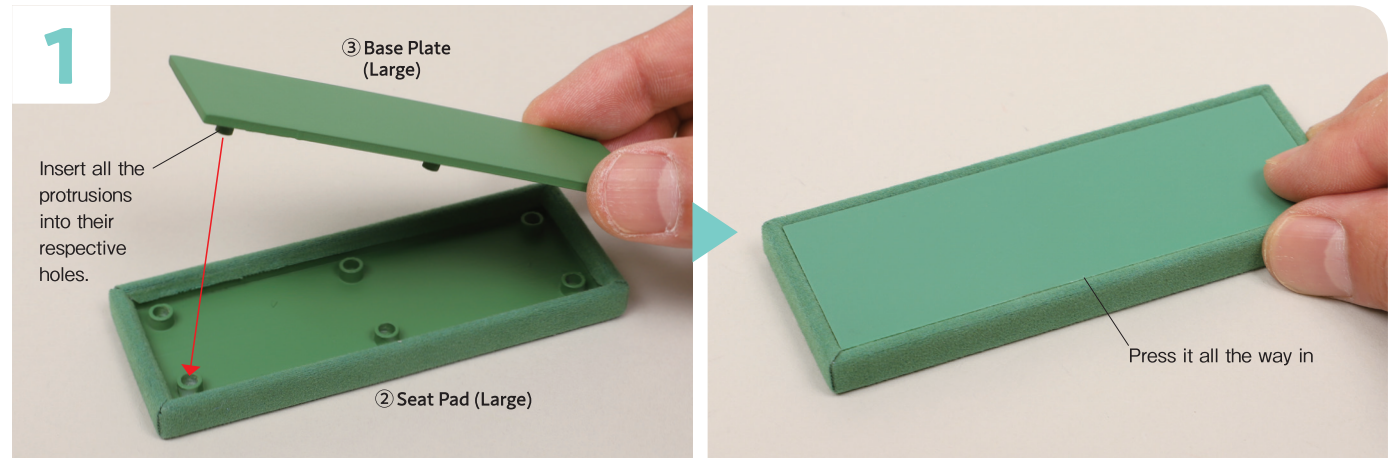

We will continue to assemble the 【Relaxing at Home】 scene from issue 1. Assemble the Sofa Seat Pads to complete the Sofa. Next we will assemble the Side Table, then assemble the Floor with the Back Wall from issue 1.

Parts of issue 2

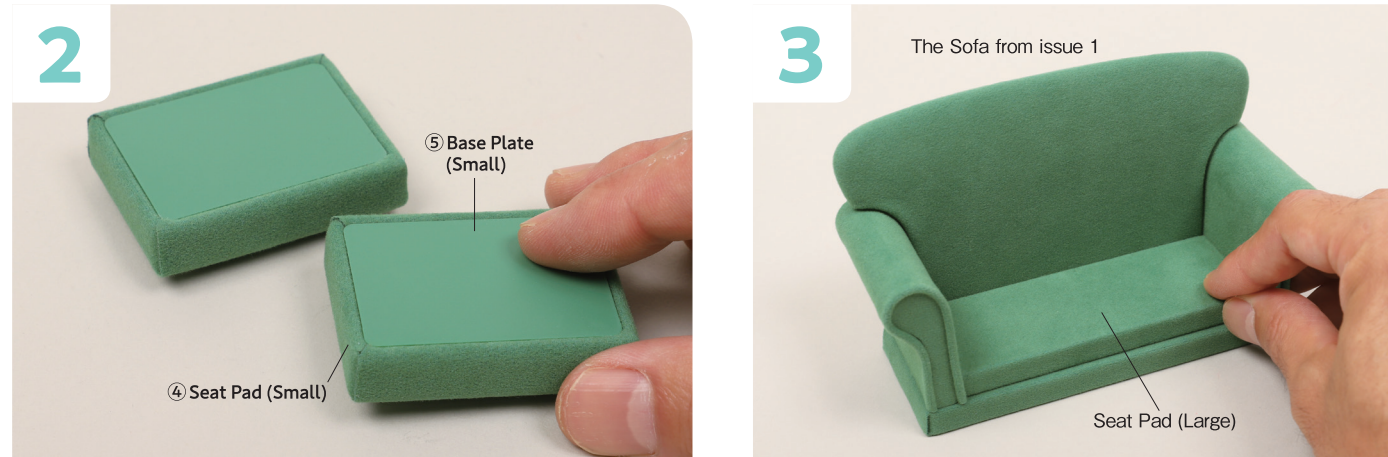

- ① Floor ② Seat Pad (Large) ③ Base Plate (Large) ④ Seat Pad (Small) × 2 ⑤ Base Plate (Small) × 2 ⑥ Side Table Top ⑦ Side Table Backboard ⑧ Table Leg × 4 【Figurines】 ⑨ Charlie Brown ⑩ Sally ⑪ Quick-drying Glue

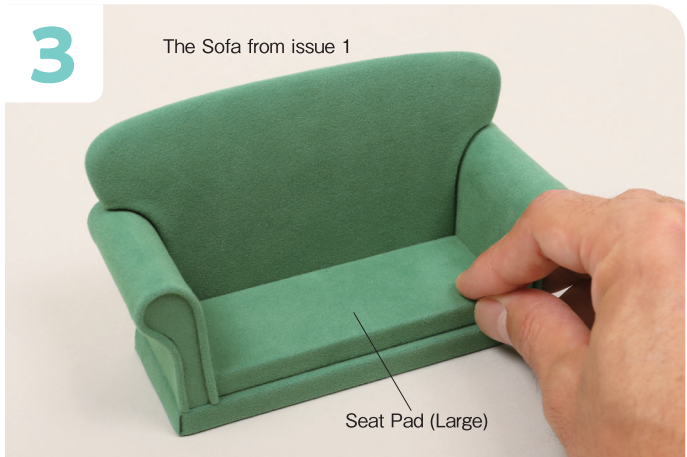

ASSEMBLING THE SOFA (SEAT PADS)

Assemble the back of ② Seat Pad (Large) with ③ Base Plate (Large). Insert the six protrusions of the Base Plate into the holes of the Seat Pad, then press it firmly into place.

Assemble the back of the ④ Seat Pad (Small) with the ⑤ Base Plate (Small) together as in step 1. We need to complete a total of two sets of them.

Get the Sofa from issue 1 ready and place the Seat Pad (Large) on its seat.

Assembling the Sofa (Seat Pads)

Put two Small Seat Pads on the Large Seat Pad.

【Break Time, Relaxing at Home】

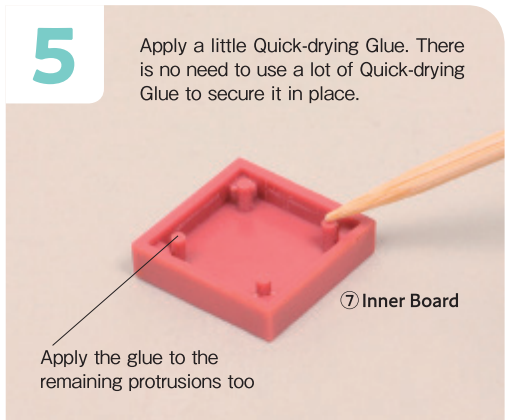

Issue 2 Completed!

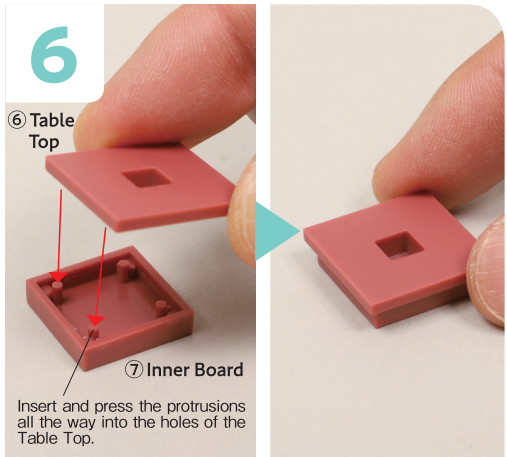

Sofa is completed. We will make a pillow in issue 4 and put it on the sofa for decoration.

ASSEMBLING THE SIDE TABLE

Squeeze a dab of ⑪ Quick-drying Glue to the tip of a toothpick and apply the glue to the four protrusions of the ⑦ Inner Board.

Before the glue dries completely, assemble the ⑥ Table Top with the ⑦ Backboard together. Press the holes at the back of the Table Top firmly onto the protrusions of the Backboard to fit them together.

Using the Quick-drying Glue

Twist open the cap to remove it

Take care not to let any of the glue spill out. Exercise appropriate care and caution when using this kind of quick-drying strong-bond glue.

The trick is to squeeze out a little of it first before use

If the glue is applied directly to the parts, it will ooze out easily. The trick is to squeeze the glue little by little onto places like a plastic bag before use.

Use something like a toothpick to dip and apply it

Use something like a toothpick to dip the glue that seeps out of the plastic tube, then apply it to the parts to be assembled. The texture of toothpicks makes it difficult for the glue to penetrate into them, which is very convenient.

Keep the front tip of the nozzle clean and tidy

If there is some glue left unwiped at the front tip of the nozzle, it will dry out and harden very soon, and the whole tube of Quick-drying Glue could become unusable. So always wipe the front tip of the nozzle clean on some tissue paper as shown after use.

WARNING

This adhesive adheres strongly and quickly. Be careful not to get it on your skin.

If you accidentally get glue on your skin, flush the affected area under hot water while slowly loosening and peeling off the glue.

In case of eye contact, rinse immediately with plenty of water and consult a doctor.

Ventilate well during and after use.

Keep away from naked flames.

Contains Cyanoacrylate.

KEEP OUT OF THE REACH OF CHILDREN

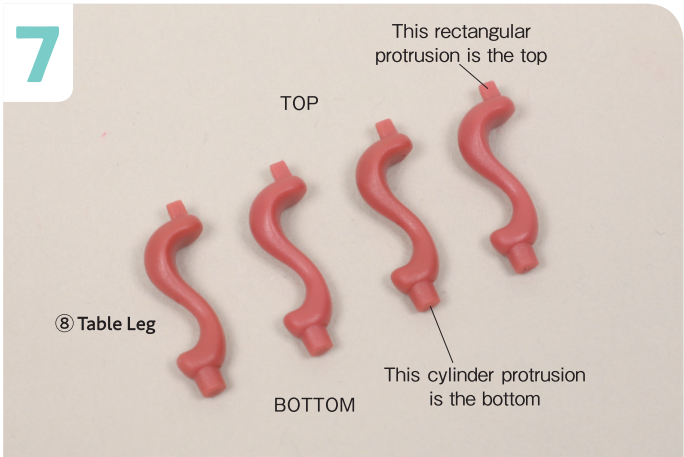

ASSEMBLY INSTRUCTIONS

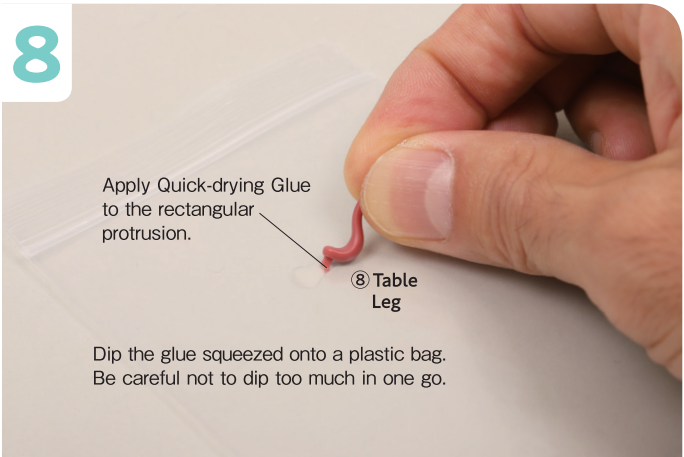

【Break Time, Relaxing at Home】

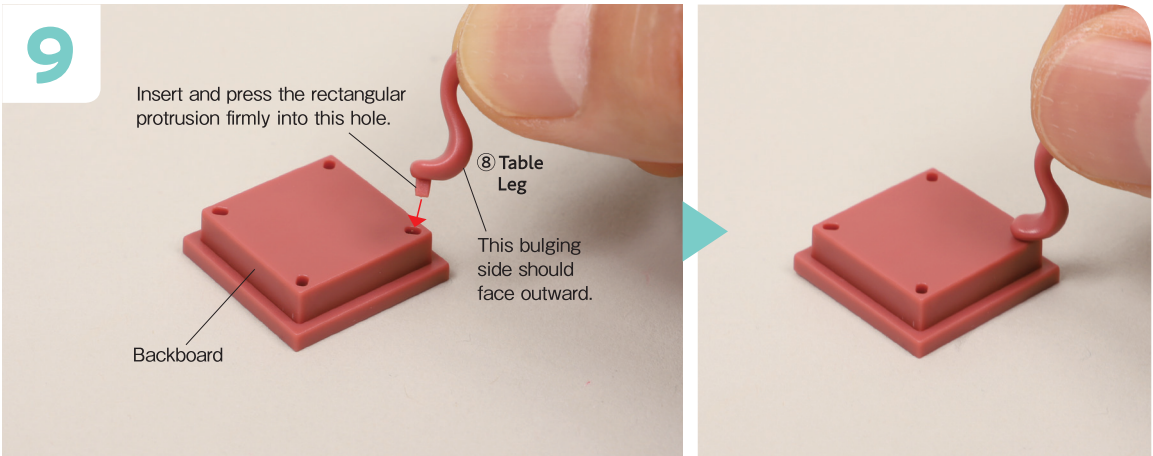

Assembling the Side Table

Check the direction of the ⑧ Table Leg with the rectangular protrusion as the top and the cylinder protrusion as the bottom.

Apply a dab of Quick-drying Glue to the rectangular protrusion of the ⑧ Table Leg.

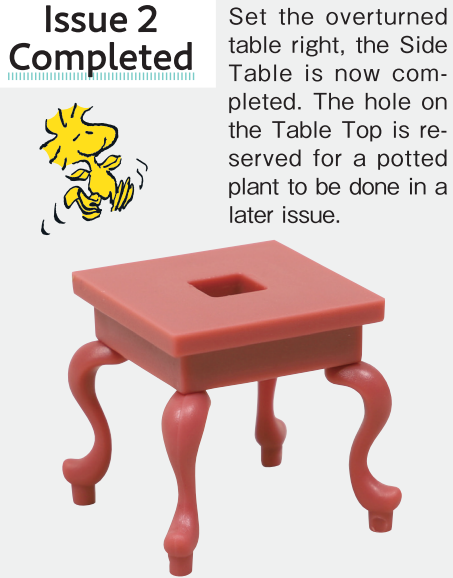

Turn the Table Top assembled in step 6 upside down, assemble it with one of the Table Legs coated with glue. Glue the rectangular protrusion of the ⑧ Table Leg into the hole of the Inner Board.

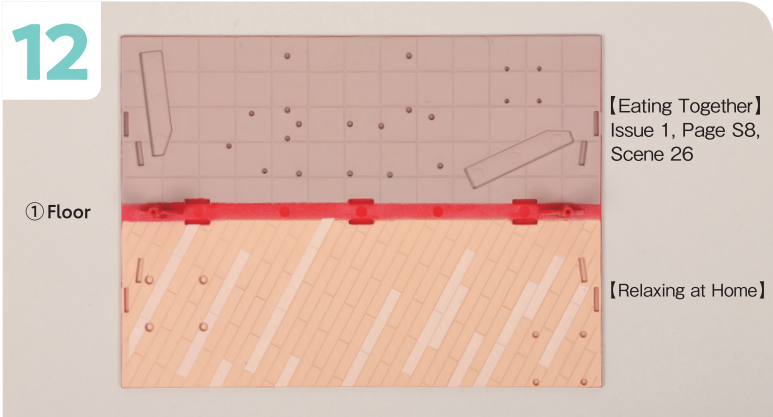

Assemble another Table Leg as in step 9.

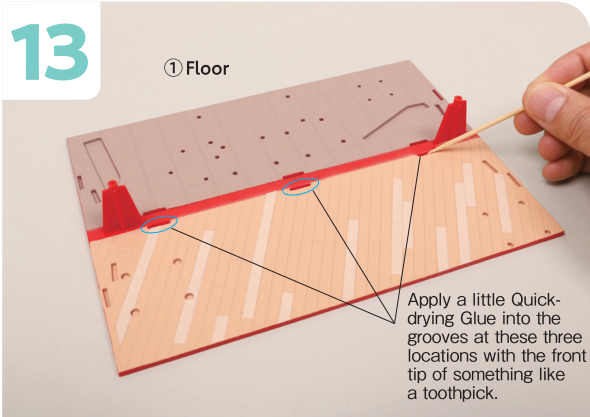

Assemble the two remaining ⑧ Table Legs as well.

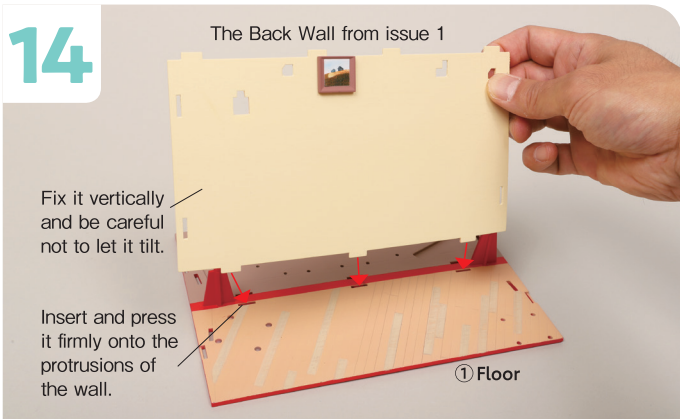

ASSEMBLING THE FLOOR

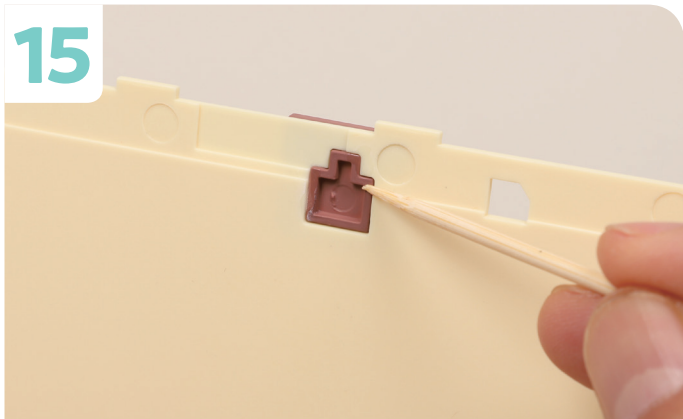

The floor part of the Floor is used in the 【Relaxing at Home】 scene, while the other side is used for the scene of Charlie Brown, Sally and Snoopy eating together in the room.

Assemble the Floor with the Back Wall from issue 1. First, apply a little Quick-drying Glue into the grooves at three locations on the floor.

Before the glue dries, insert the protrusions under the Back Wall from issue 1 into the grooves of the Floor with some force.

Apply Quick-drying Glue to the hole of the Picture Frame from issue 1 at the back of the Back Wall as in step 13 to secure it.
