Snoopy 【Ice Cream】

In this issue

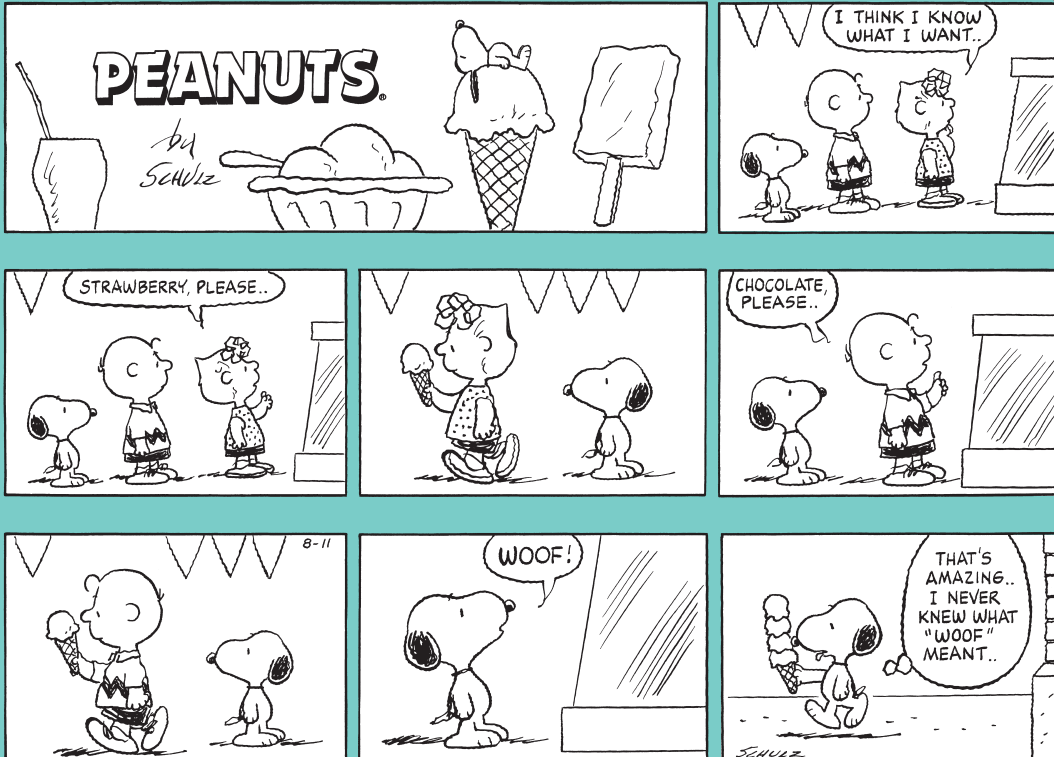

The parts in this issue are the Left and Right Walls, Ice Cream Cones to be placed on top of the Showcase and the decorative Bunting to be hung between the two walls for the 【Ice Cream】 scene. The figurine is Snoopy for the 【Ice Cream】 scene.

LEFT AND RIGHT WALLS, ICE CREAM CONES, BUNTING

Snoopy has a sweet tooth. He loves chocolate chip cookies, doughnuts and other sweet treats. After watching Sally and Charlie Brown place their orders at the ice cream shop, Snoopy simply utters, "WOOF!" and he's served not a double nor a triple, but a quadruple scoop of ice cream.

We will assemble the Left and Right Walls to the 【Ice Cream】 scene and complete the scene by simply stacking and setting up the Ice Cream Cones and hanging the Bunting between the two walls.

ASSEMBLING THE LEFT AND RIGHT WALLS

1

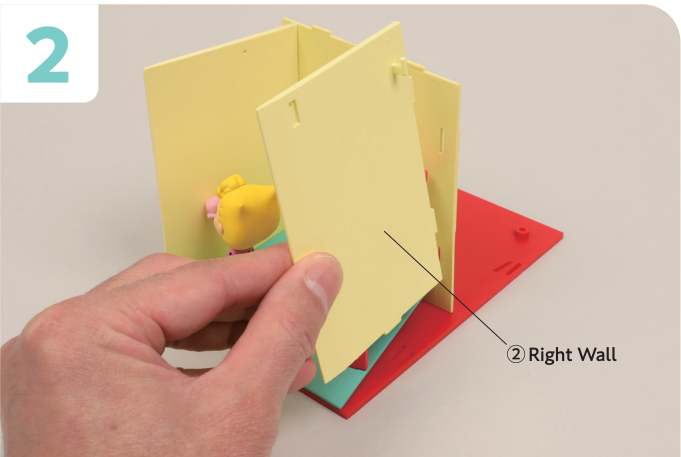

Get ready the 【Ice Cream】 scene assembled in issue 24 and assemble the ① Left Wall as before.

Do not glue the Left and Right Walls in place yet.

2

Assemble the ② Right Wall in the same way.

Issue 25 Completed

The surrounding walls of the 【Ice Cream】 scene are now in place. Next, we will decorate it with the Ice Cream Cones and Bunting.

MAKING ICE CREAM CONES AND BUNTING

3

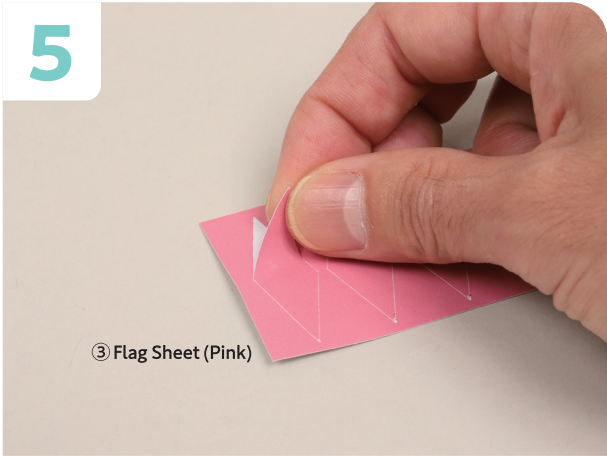

Match the shape of the protrusion under the ⑦ Ice Cream Cone with that of the hole on top of the Showcase to insert it. Secure it in place with quick-drying glue if it tends to come off.

4

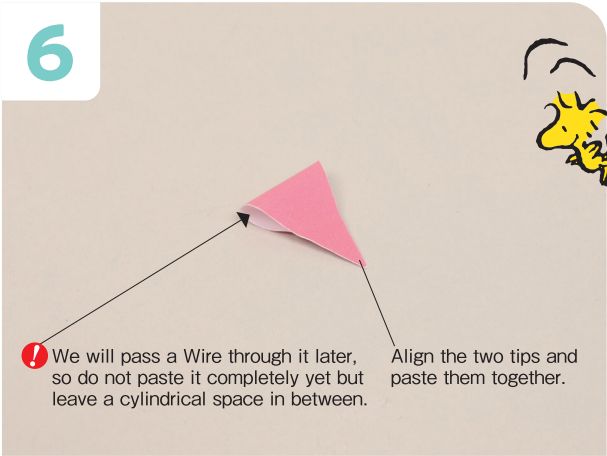

Insert another ⑦ Ice Cream Cone into the remaining hole on top of the Showcase in the same way to assemble it.

5

③ Flag Sheet (Pink) is a sticker sheet. First, peel off one sticker from the backing paper.

6

Paste the peeled off ③ Flag Sheet (Pink) as shown above - align its two tips and paste them together, leaving a cylindrical space in between.

7

Paste another sticker in the same way. We will need two stickers in total.

8

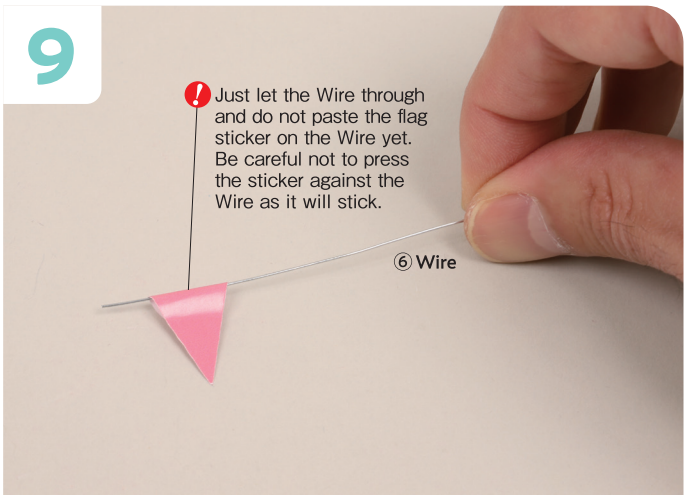

Paste the ④ Flag Sheet (Red) and ⑤ Flag Sheet (White) in the same way. We will need two stickers for each colour.

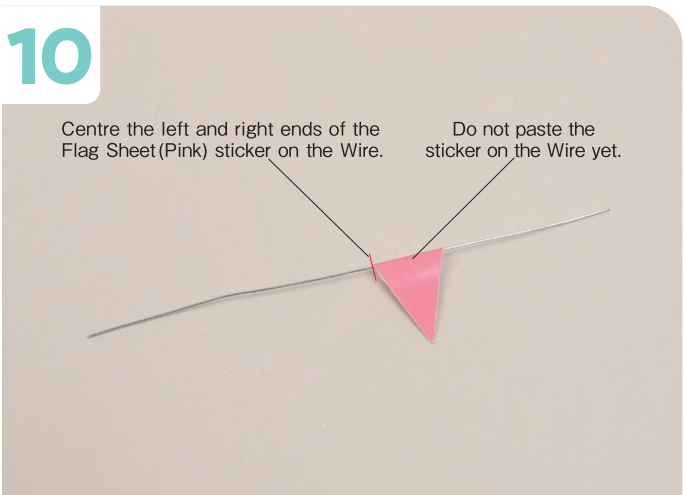

Making Ice Cream Cones and Bunting

Pass the ⑥ Wire through the cylindrical space of the Flag Sheet (Pink) sticker reserved for it.

Adjust the position of the Flag Sheet (Pink) sticker so its left and right ends are centred on the Wire.

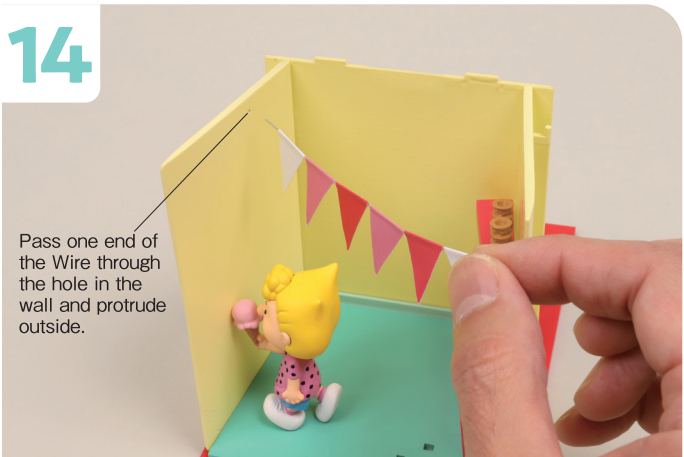

Pass the Wire through the flag stickers of all colours in the same way as shown.

Paste to close the reserved cylindrical space of each flag sticker to secure the Wire.

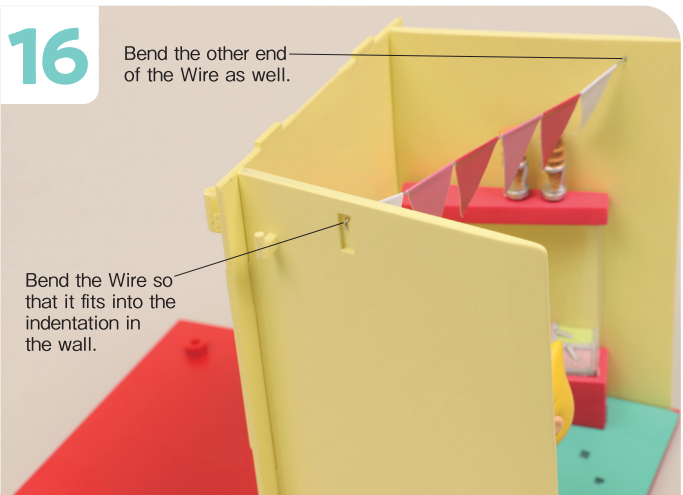

Slightly adjust the curve of the Wire. It is also a good idea to arch the Wire slightly downward.

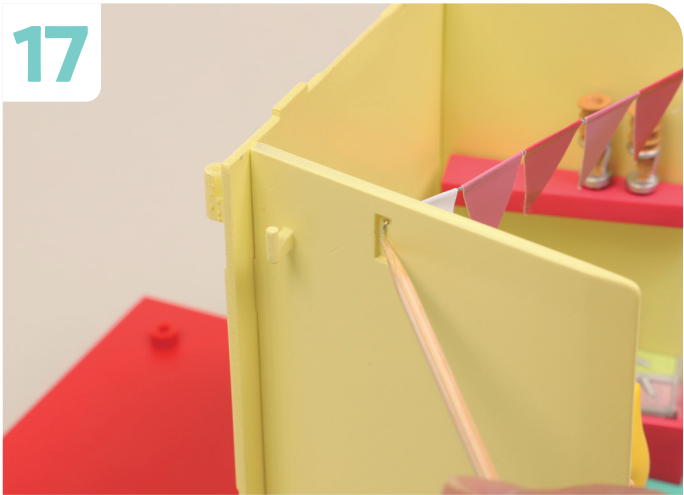

Pass one end of the Wire through the hole in the Left Wall.

Pass the other end of the Wire through the hole in the Right Wall directly, then adjust the positions and directions of the flag stickers.

We need to bend the end of the Wire protruding outside the wall. Use the tip of a toothpick or the like to bend the Wire so that it fits into the indentation in the wall.

Apply a little quick-drying glue to the very end of the Wire with the tip of a toothpick or the like to secure it in place.

Adding the figurine

Let's display the Snoopy figurine in the [Ice Cream] scene. Apply quick-drying glue to the protrusions under his feet and insert them into the holes in the floor.
