

[The PEANUTS Gang, Baseball Team]

Pitcher's Mound, PEANUTS Logo

In this issue

[Figurine]

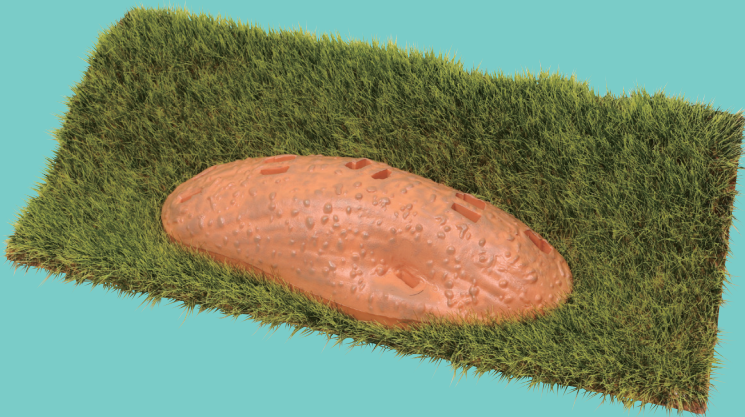

Lucy

We will assemble [The PEANUTS Gang] scene this week. First, let's assemble the Pitcher's Mound on the lawn in the [Baseball Team] scene. Then we will assemble the PEANUTS Logo to be mounted onto the Back Wall. This issue comes with the Lucy figurine.

PITCHER'S MOUND

The baseball team's exploits are one of the classic themes of PEANUTS. Scenes featuring manager and pitcher Charlie Brown on the mound, sighing over his latest exasperation are very familiar to PEANUTS fans.

PEANUTS LOGO

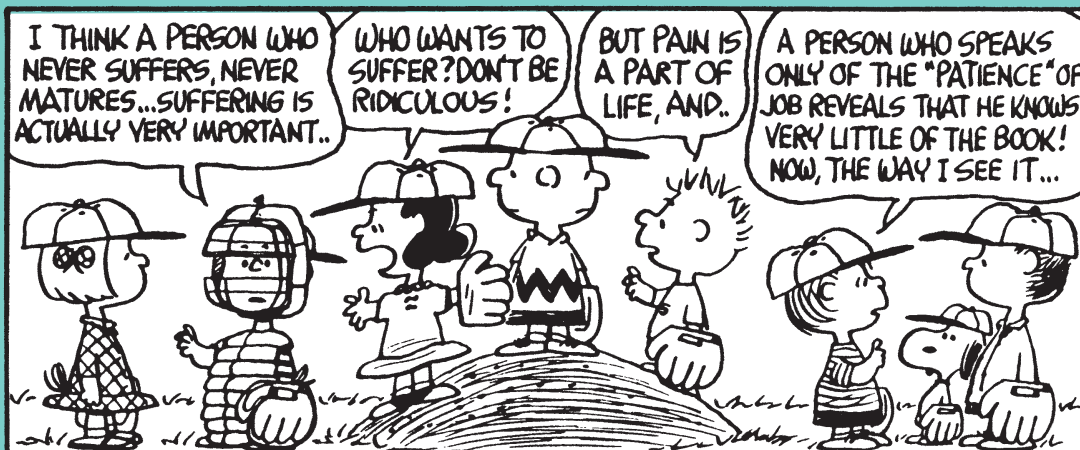

This scene includes the iconic PEANUTS logo. We will assemble it with the LED Circuit Board ready to be installed and illuminated in a later issue.

Figurine

LUCY

The scene is based on the original comic strip from 17th September 1967. Charlie Brown appeals to his teammates for game plan advice, but when they gather at the mound, the conversation turns into a philosophical debate instead.

ASSEMBLY INSTRUCTIONS

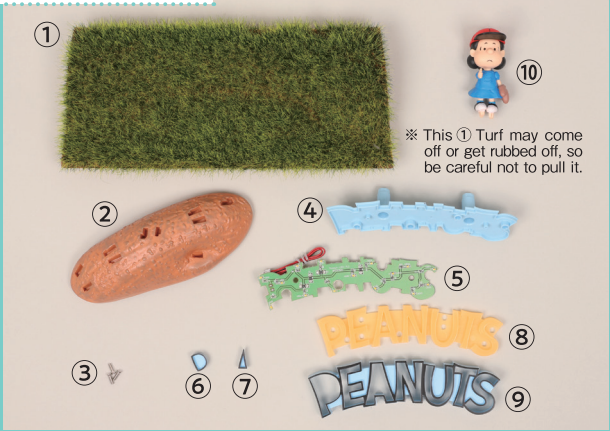

【The PEANUTS Gang, Baseball Team】

Assembling the Pitcher's Mound and PEANUTS Logo

Let's assemble the Pitcher's Mound on the lawn in the 【Baseball Team】 scene and the PEANUTS Logo to be mounted onto the Back Wall.

- ① Turf ② Pitcher's Mound ③ Screw (PM2.6 × 8 mm) × 3 (1 for spare) ④ Logo Inner Board ⑤ Circuit Board
⑥ Letter P Infill ⑦ Letter A Infill ⑧ Logo ⑨ Outer Frame 【Figurine】 ⑩ Lucy

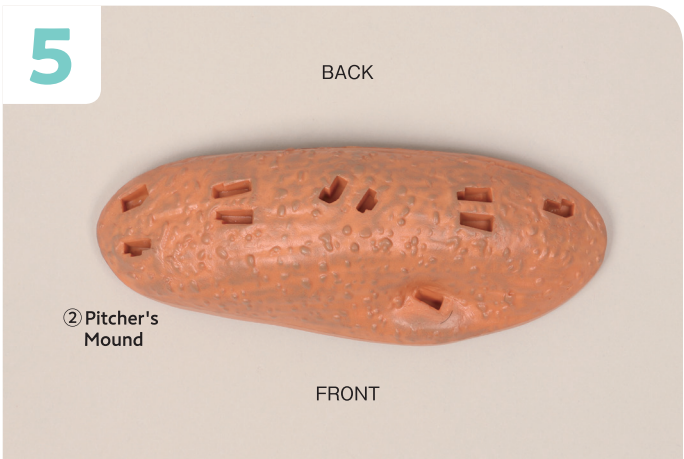

Parts of issue 3

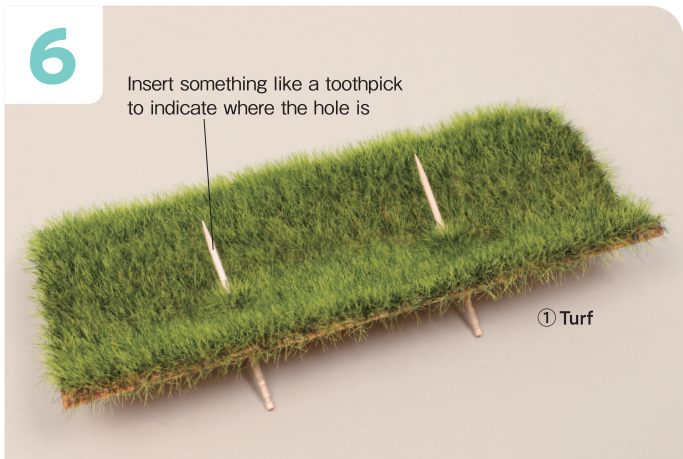

【The PEANUTS Gang, Baseball Team】

Assembling the Pitcher's Mound

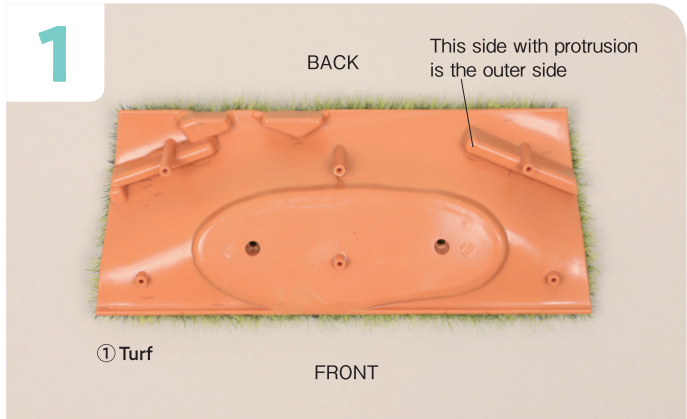

Identify which side the ② Pitcher's Mound should be facing.

Fit the ② Pitcher's Mound onto the ① Turf. To adjust the screw holes of both parts, we need to insert a toothpick into each hole of the Turf.

ASSEMBLING THE Pitcher's Mound

Take the underside of the ① Turf as the assembly reference to identify its front and back. The protruding areas at the back are for the assembly of the House, Safety Fence and the Fence in the later issues.

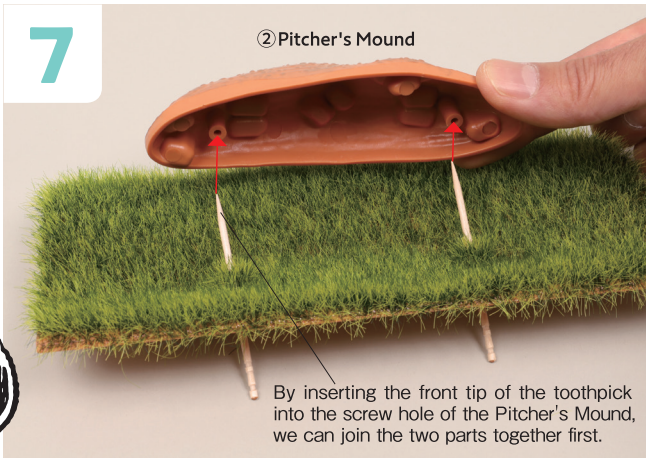

Identify the location of the depression on the right rear side of the ① Turf surface. If the interior of the inner wall is overgrown with grass, it will be very difficult to insert the parts of the subsequent issues, so please cut the grass slightly. Push the cutter's blade out a bit and cut a mark on the inner wall.

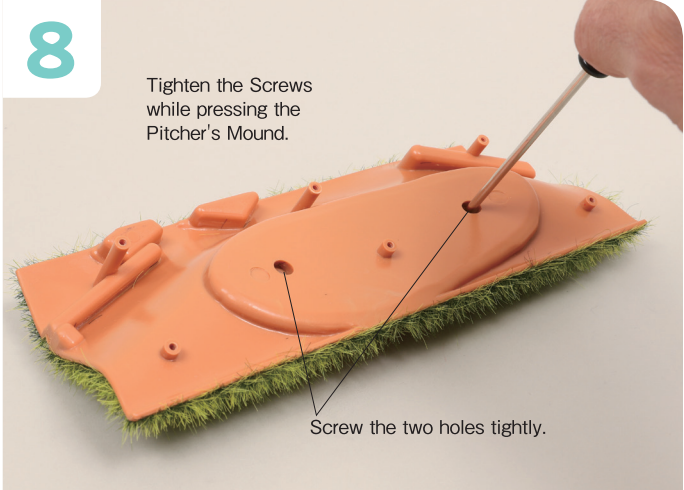

While slightly cutting, adjust the direction of the cutter's blade touching the grass to remove the Turf on the opposite side of the inner wall.

Cut the Turf in the recessed groove on the left rear as in steps 2 and 3. It is okay to leave the remaining Turf in the depression uncut.

With the indication of the toothpicks, insert the front tips of the toothpicks into the screw holes at the underside of the ② Pitcher's Mound to join the two parts together first.

Tighten the two holes at the back of the Turf with ③ Screws while firmly pressing the ② Pitcher's Mound.

Issue 3 Completed

That finishes the Turf with the Pitcher's Mound assembled onto its surface. In the subsequent issues, the depressions of the Turf will be used to assemble the House, Fence and Safety Fence in the background.

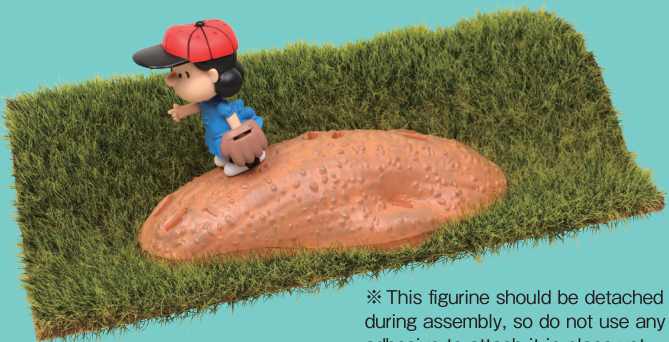

Let's decorate it with a figurine to have a look

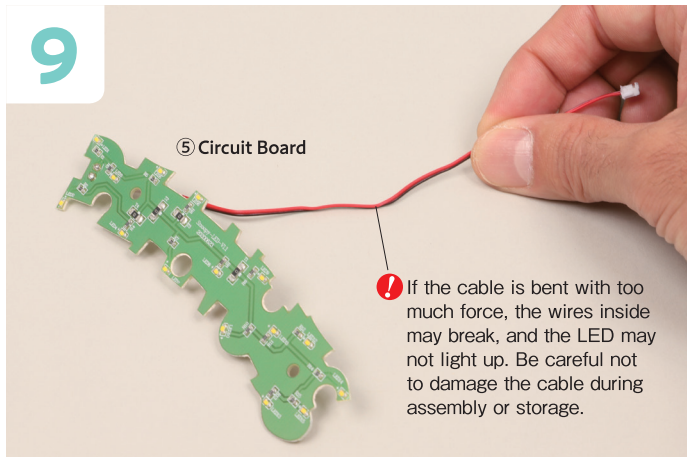

In the [Baseball Team] scene, Lucy can be seen looking at Schroeder who is standing on the left side of the Pitcher's Mound on the Turf. Let's try decorating it with ⑩ Lucy figurine by inserting the protrusion under her feet into the slit of the Pitcher's Mound.

※ This figurine should be detached during assembly, so do not use any adhesive to attach it in place yet.

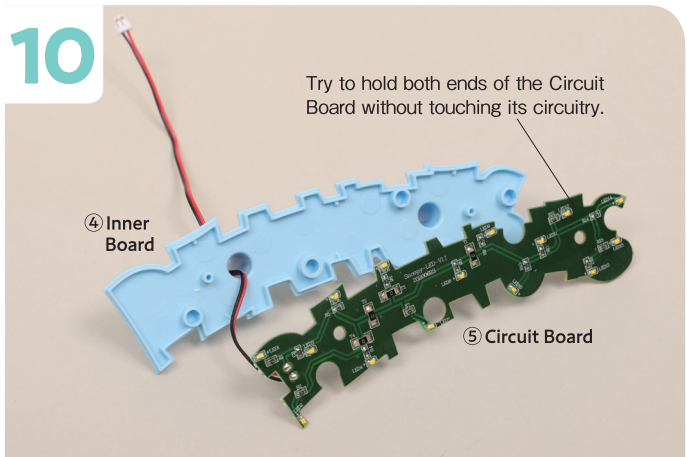

ASSEMBLING PEANUTS LOGO

9

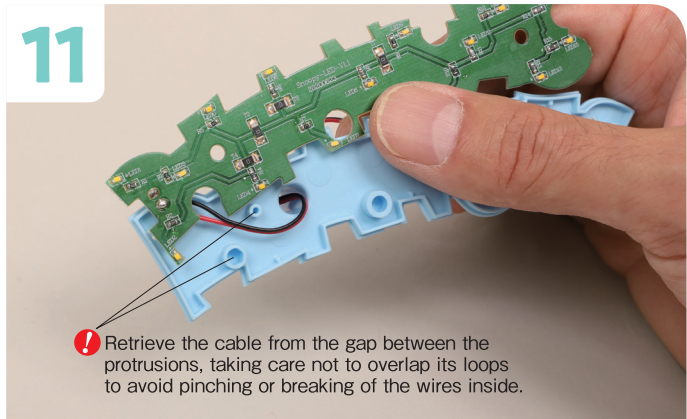

Undo the cord binding the ⑤ Circuit Board and unroll the cable.

10

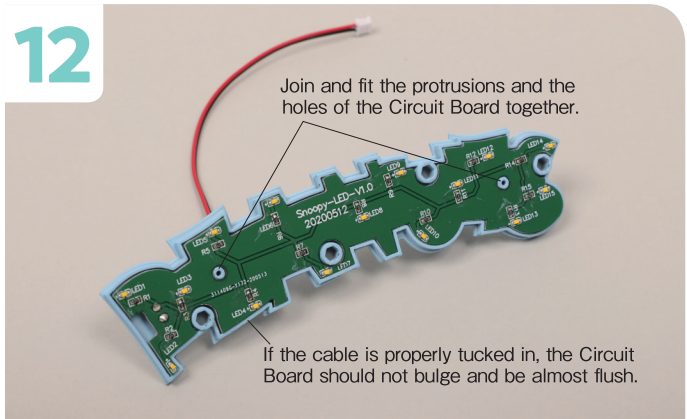

Pass the cable of ⑤ Circuit Board through the hole of the ④ Inner Board. Try to hold both ends of the Circuit Board without touching its circuitry.

11

Fit the ⑤ Circuit Board to the holes of the ④ Inner Board while gently pulling the cable. Pull the cable as if to retrieve it from the gap between the protrusions as shown.

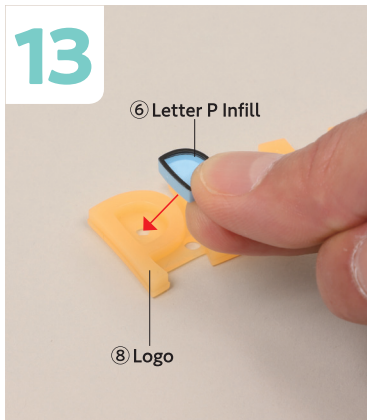

12

Join and fit the protrusions of the ④ Inner Board and the holes of the ⑤ Circuit Board together.

Assembling PEANUTS Logo

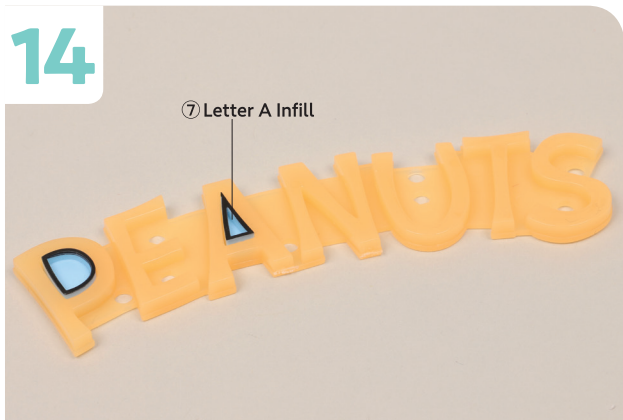

13

Fit the ⑥ Letter P Infill into the back of the letter P of the ⑧ Logo.

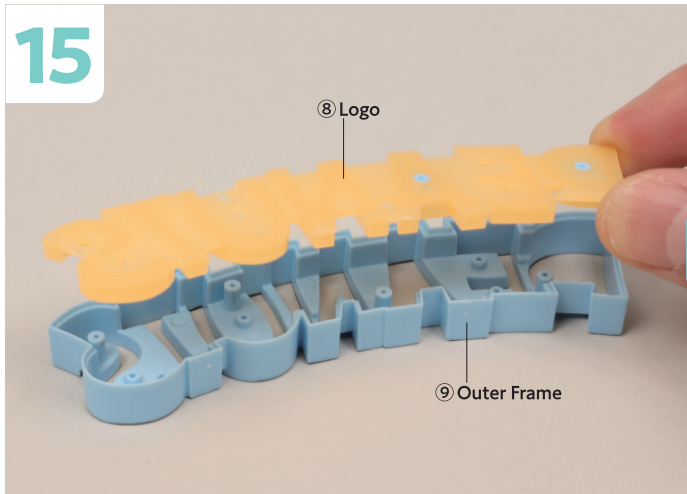

14

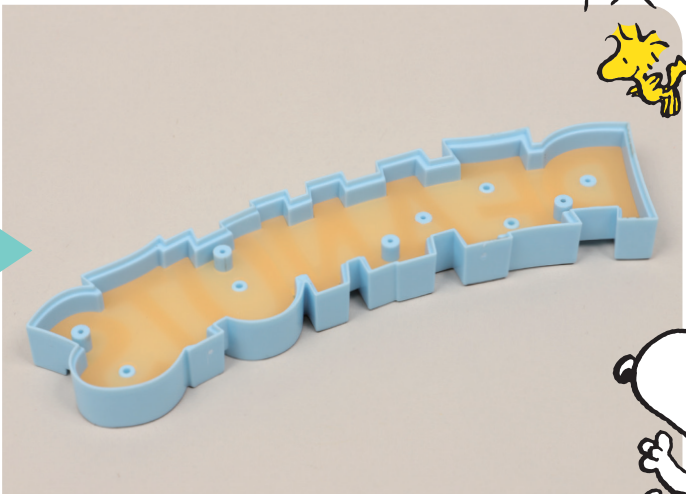

Fit the ⑦ Letter A Infill into the back of the letter A of the ⑧ Logo in the same way.

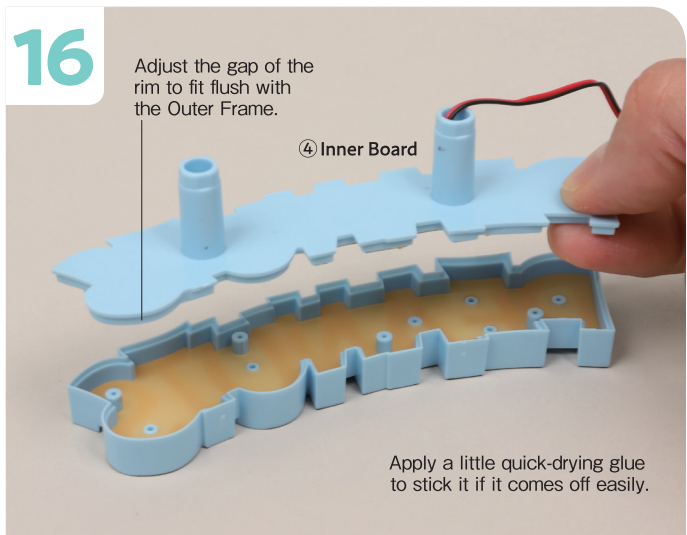

15

Fit the Logo of step 14 into the back of the ⑨ Outer Frame.

16

Next, fit the Circuit Board and the assembled ④ Inner Board together.

Issue 3 Completed

That finishes the illuminated PEANUTS Logo. It will be assembled with the Back Wall in the next issue.
