

【Break Time, Eating Together】

## Chairs, Cereal Bowls

【Figurine Box, Joe Cool】

## Ceiling, LEDs

The parts in this issue are three Chairs and Cereal Bowls for the 【Eating Together】 scene. Also included are LEDs and other parts for the 【Joe Cool】 scene.

In this issue

In this issue

### CHAIRS

We will assemble three Chairs to be placed in the 【Eating Together】 scene. The slightly narrower one is for Snoopy.

### CEREAL BOWLS

Make the Cereal Bowls to be placed on the Table in the 【Eating Together】 scene as well.

### CEILING, LEDS

We will also install LEDS in the Ceiling to complete the 【Joe Cool】 scene.

ASSEMBLY INSTRUCTIONS

【Break Time, Eating Together】

Making the Chairs and Cereal Bowls

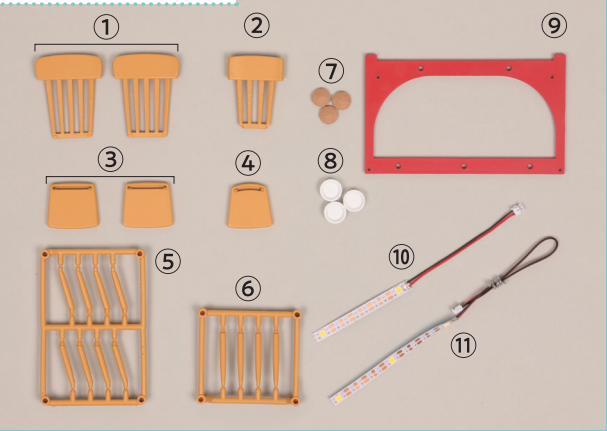

【Figurine Box, Joe Cool】

Assembling the Ceiling and LEDs

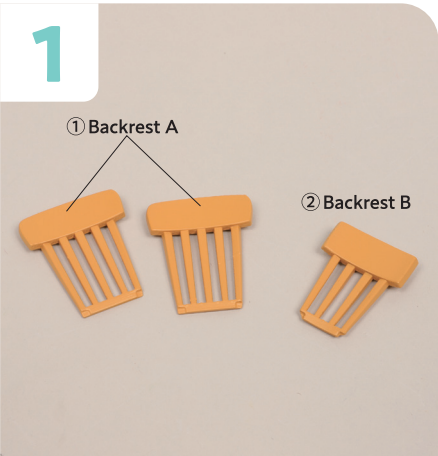

In this issue, we will assemble three Chairs and make Cereal Bowls for the 【Eating Together】 scene, and complete the 【Joe Cool】 scene.

- ① Backrest A×2 ② Backrest B ③ Seat A×2 ④ Seat B ⑤ Chair Leg A×8 ⑥ Chair Leg B×4  
⑦ Cereal×3 ⑧ Bowl×3 ⑨ Inner Panel ⑩ Short Cable with LEDs ⑪ Long Cable with LEDs

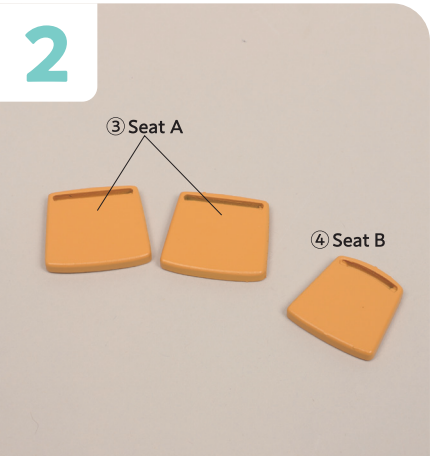

Parts of issue 34

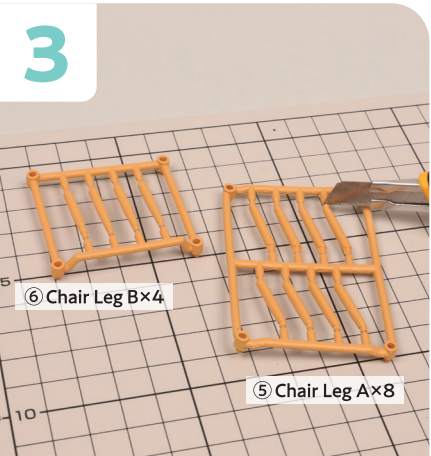

MAKING THE CHAIRS AND CEREAL BOWLS

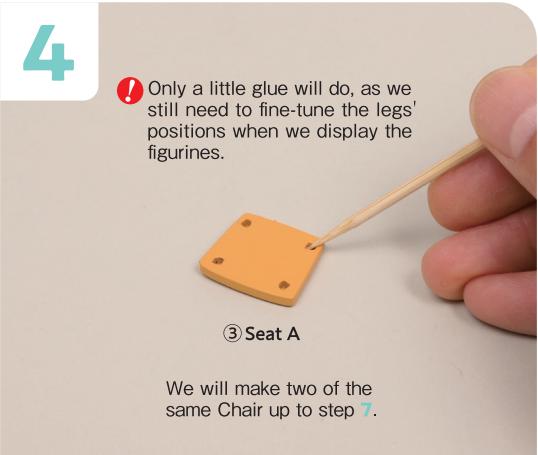

① Backrest A and ② Backrest B have different shapes, be careful not to mix up the two.

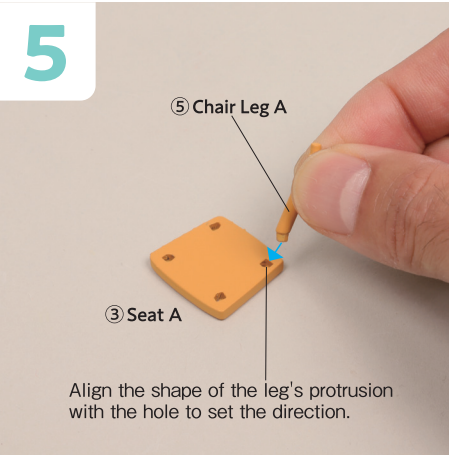

There are two ③ Seats A, and the slightly smaller one is ④ Seat B.

Use a cutter to cut and remove ⑤ Chair Leg A and ⑥ Chair Leg B from the joints.

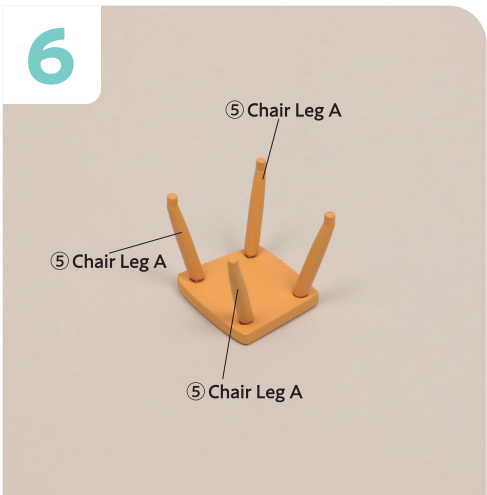

Now assemble the Chair Legs to the bottom of ③ Seat A. First, apply a little quick-drying glue to the holes with the tip of a toothpick or the like.

Insert ⑤ Chair Leg A into the hole of ③ Seat A before the glue dries. Align the shape of the leg's protrusion with the hole to set the direction.

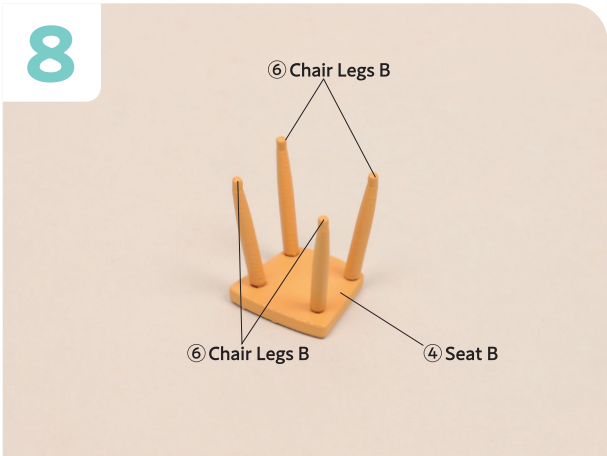

Making the Chairs and Cereal Bowls

Assemble the other ⑤ Chair Leg A one by one into the remaining holes of the Seat in the same way.

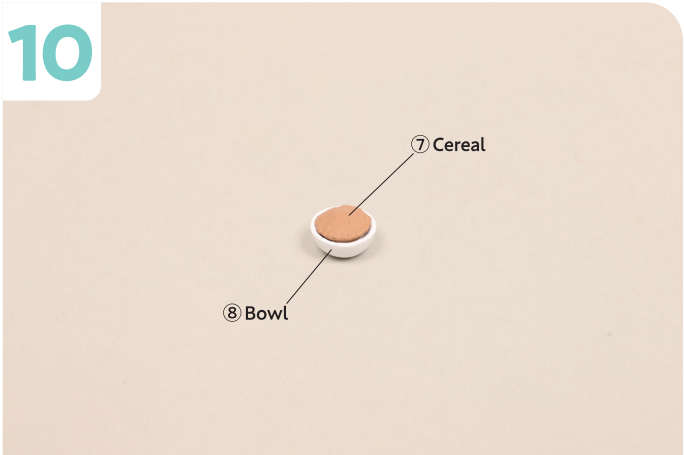

Apply a little quick-drying glue to the groove on top of the Seat, then insert ① Backrest A as shown.

Assemble four ⑥ Chair Leg B to the bottom of ④ Seat B as in steps 4-6.

Then assemble ② Backrest B to the Seat as in step 7.

Affix the ⑦ Cereal to the ⑧ Bowl with double-sided tape or quick-drying glue.

Issue 34 Completed

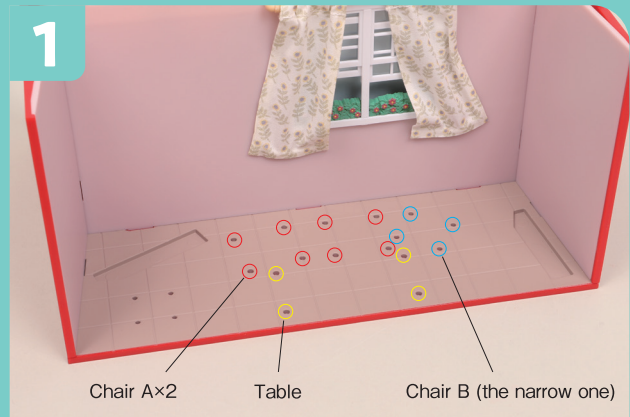

That finishes the three Chairs and Cereal Bowls for the 【Eating Together】 scene. The Cereal Bowls will be displayed on the Table in a later issue—they are very small, so be careful not to lose them.

Let's display the furniture and figurines

We can now display the furniture assembled so far, and the Sally and Snoopy figurines in the 【Eating Together】 scene.

Get ready the 【Eating Together】 scene assembled so far and check the floor. We will insert the legs of the Chairs and Table into the holes.

First, set the two assembled Chairs by aligning their legs one by one with the holes.

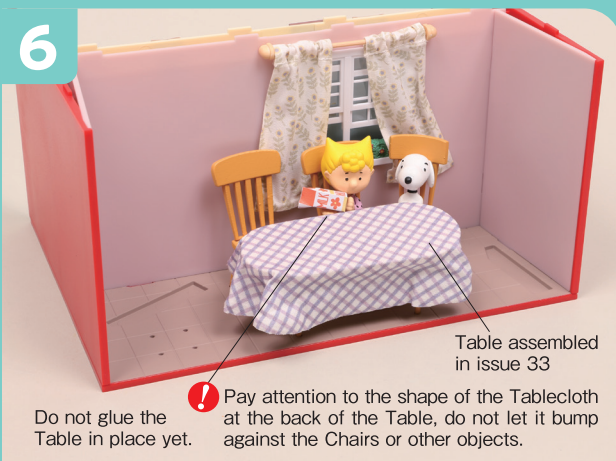

Set the slightly narrower Chair for Snoopy in the same way.

Display the Sally figurine from issue 32 and Snoopy figurine from issue 33 on the Chairs with double-sided tape.

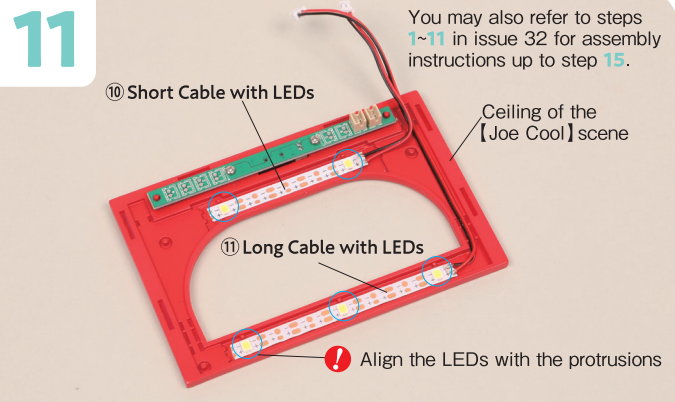

Place the Milk Carton made in issue 32 in Sally's hands. You may apply two small pieces of double-sided tape to her hands to hold the Milk Carton.

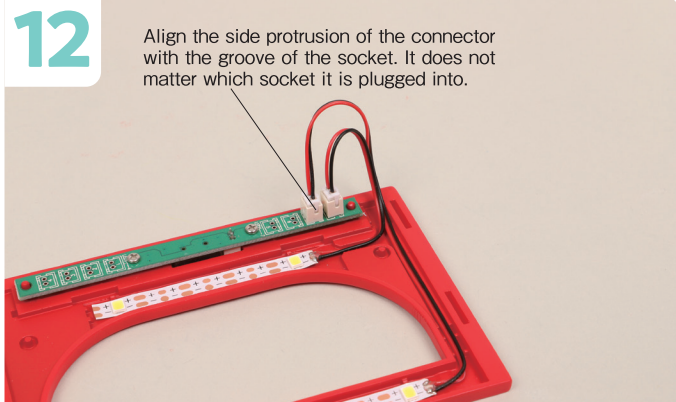

Lastly, set the Table assembled in issue 33. Insert its legs into the holes in the floor as you did with the Chairs.

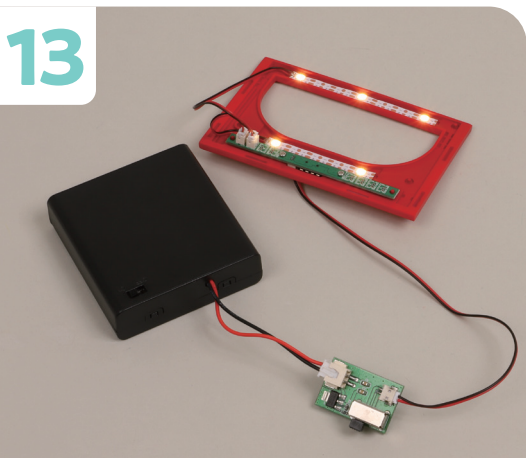

ASSEMBLING THE CEILING AND LEDS

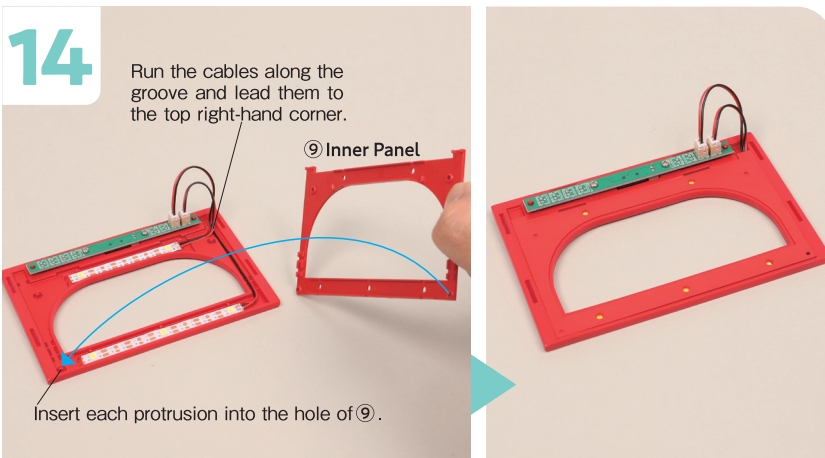

Get ready the Ceiling of the 【Joe Cool】 scene assembled in issue 32 and affix the ⑩ Short Cable with LEDs and ⑪ Long Cable with LEDs.

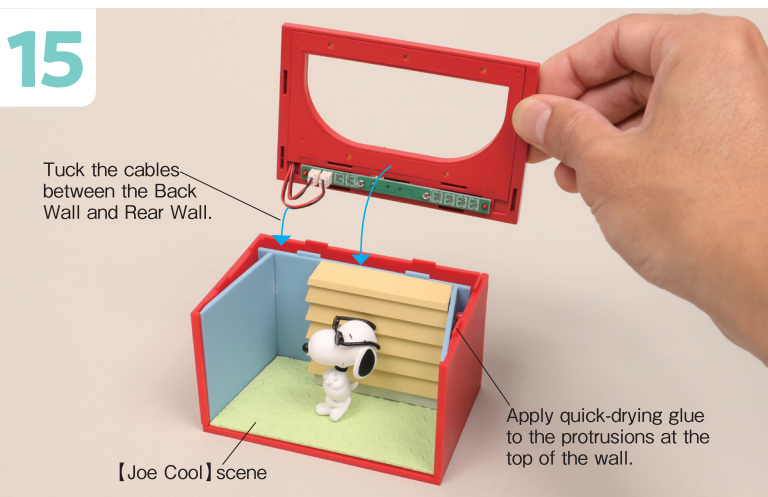

Plug the connectors of the ⑩ Short Cable with LEDs and ⑪ Long Cable with LEDs into the sockets of the Circuit Board.

Connect the Battery Box as before and check if the LEDs light up properly. After checking, disconnect the Battery Box.

Now assemble the ⑨ Inner Panel to the Ceiling. If it tends to come off, apply a little quick-drying glue to secure it in place.

Get ready the 【Joe Cool】 scene assembled so far, apply quick-drying glue to the protrusions at the top of the wall and assemble the Ceiling.

Issue 34 Completed

The 【Joe Cool】 scene is now complete. To enjoy the scene with the LEDs on, plug the connector of the Connection Cable into the socket on top of the Ceiling and connect it to the Battery Box. Be careful not to touch the terminals on top of the Ceiling.
