【Break Time, Eating Together】

MAKING THE FRUIT BASKET AND CANISTERS

4

Fit ⑪ Content A into the ⑩ Canister by inserting it from the bottom of the Canister.

5

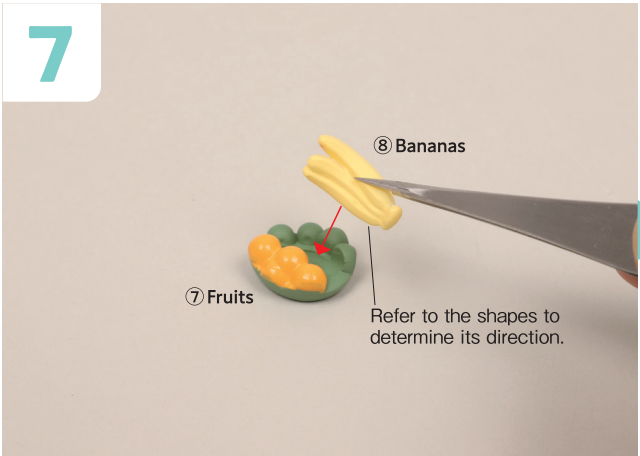

Fit the ⑨ Lid to the top of the ⑩ Canister by inserting the protrusion into its hole.

6

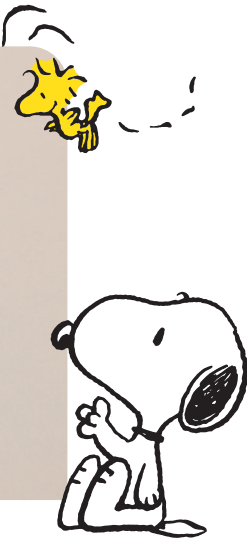

Fit ⑫ Content B and ⑨ Lid to the remaining ⑩ Canister in the same way.

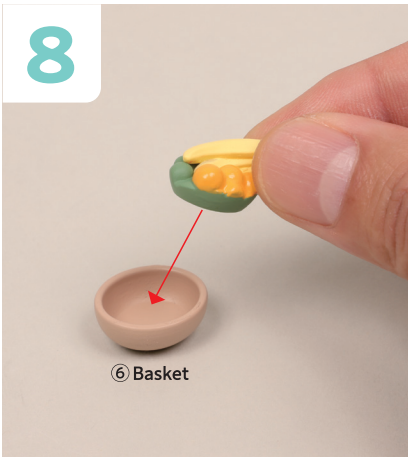

7

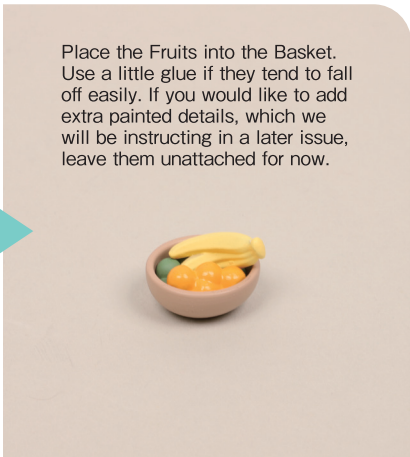

Match the shape of the ⑧ Bananas with the ⑦ Fruits' hollow and fit it in.

8

Place the Fruits from step 7 into the ⑥ Basket.

Place the Fruits into the Basket. Use a little glue if they tend to fall off easily. If you would like to add extra painted details, which we will be instructing in a later issue, leave them unattached for now.

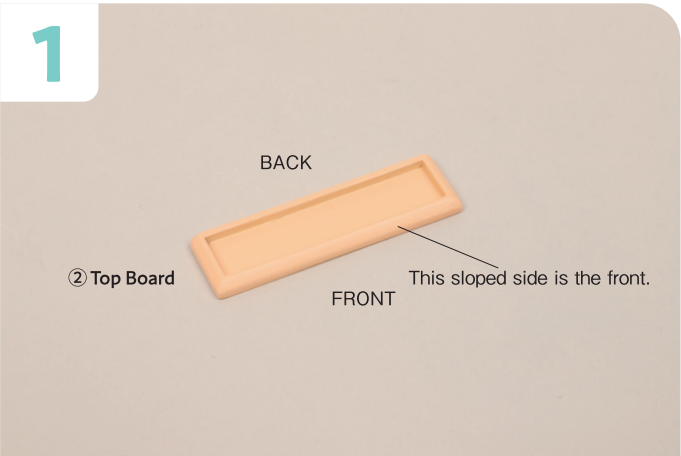

Issue 37 Completed

That finishes the Fruit Basket and Canisters. Now let's go ahead to display them on the Kitchen Base Cabinet.

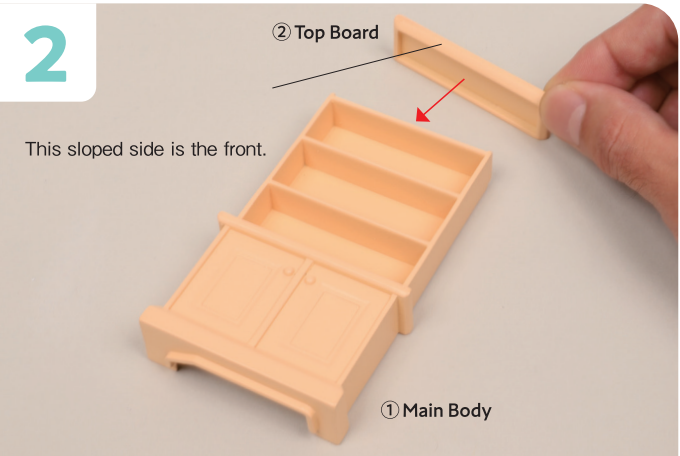

ASSEMBLING THE CUPBOARD

1

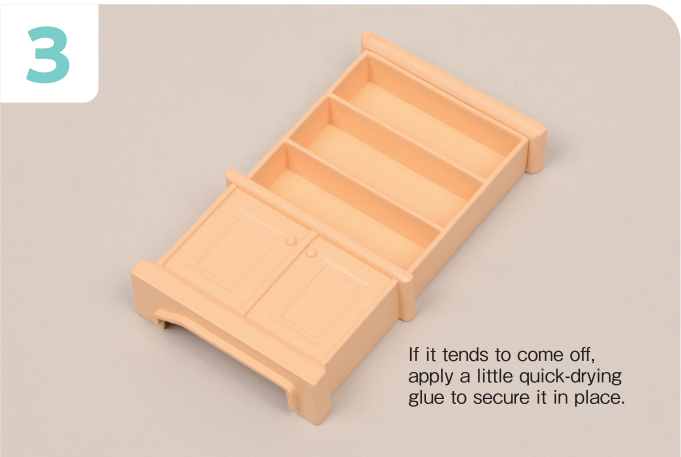

Check the orientation of the ② Top Board.

2

Fit the ② Top Board to the top of the ① Main Body by inserting the upper side of the Main Body into its indentation.

3

Insert the Top Board all the way to the back. If it tends to come off, apply a little quick-drying glue to secure it.

Issue 37 Completed

That finishes the Cupboard for the 【Eating Together】 scene. Next, let's make the Fruit Basket and Canisters to be displayed on the Kitchen Base Cabinet.

DISPLAYING THE BOWLS, PITCHER AND PLATES

We will now display the Fruit Basket and Canisters on the Kitchen Base Cabinet in the 【Eating Together】 scene. First, apply small pieces of double-sided tape to their bottoms.

Peel off the double-sided tape backings and place the Canister next to the Blender on the cabinet to display it.

Place another Canister next to it in the same way.

Then place the Fruit Basket on the cabinet in a well-balanced manner. We will display more small items on it in a later issue.

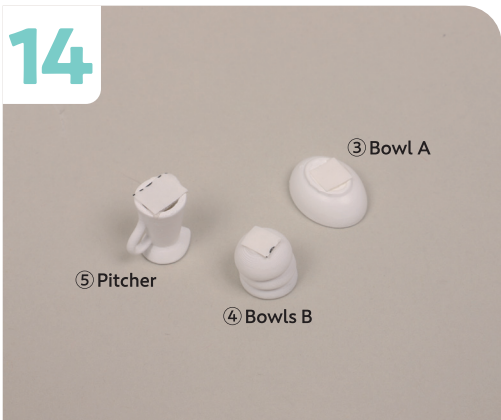

Now place the Cupboard to the right of the 【Eating Together】 scene by inserting its protrusion underneath into the indentation in the floor.

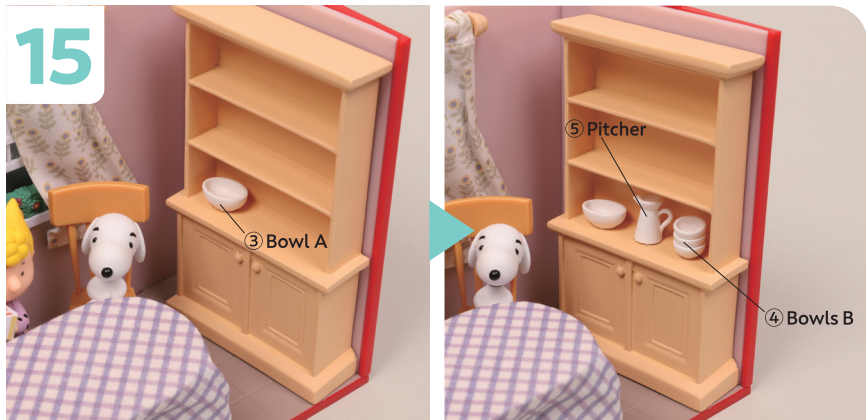

Do not glue the Cupboard in place yet.

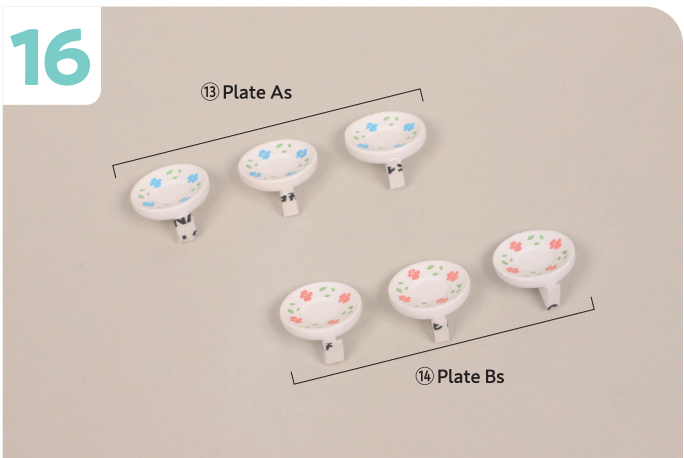

Displaying the Bowls, Pitcher and Plates

Then display the small items on the Cupboard. First, apply small pieces of double-sided tape to the bottoms of 3 Bowl A, 4 Bowls B and the 5 Pitcher.

Place 3 Bowl A, 4 Bowls B and the 5 Pitcher on the bottom shelf in a well-balanced manner.

Apply small pieces of double-sided tape to the bottoms of 13 Plate As and 14 Plate Bs as shown.

Place 13 Plate As on the middle shelf in a well-balanced manner.

Display 14 Plate Bs on the top shelf in the same way.

Issue 37 Completed

Now that the small items are added to the 【Eating Together】 scene, it is becoming more colorful.
