PICTURE FRAMES

Let's make the Picture Frames to be put onto the Back Wall in the 【Relaxing at Home】 scene. The Picture Frames feature landscape paintings of the beautiful Yosemite National Park that Charles Schulz, the creator of PEANUTS, visited and sketched, as well as paintings by Andrew Wyeth, an artist respected by Schulz. Put these four Picture Frames of different shapes onto the Back Wall to decorate it.

Making the Picture Frames

Stick ⑩ Picture A to ⑥ Picture Frame A in the same way.

Stick ⑬ Picture D to ⑨ Picture Frame D as in step 13.

Then stick ⑪ Picture B to ⑦ Picture Frame B. Be careful not to get the direction wrong.

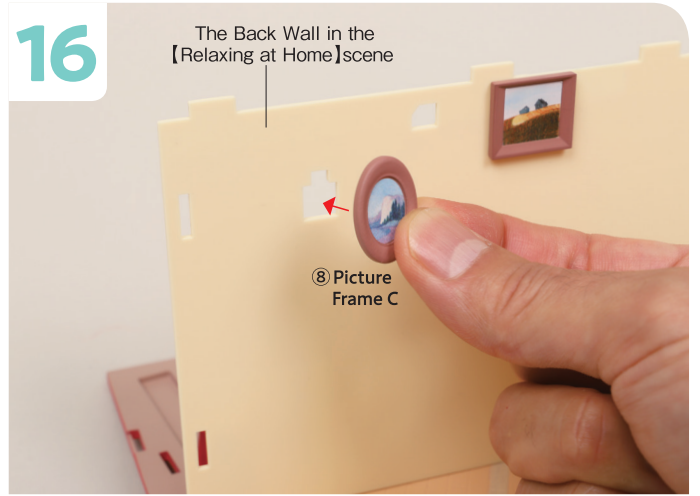

Let's decorate it with the figurines

Put the ⑭ Schroeder figurine onto the left side of the Pitcher's Mound by inserting the protrusions under his feet into the slit of the Pitcher's Mound.

※ The method of attaching the Figurines will be covered in a later issue.

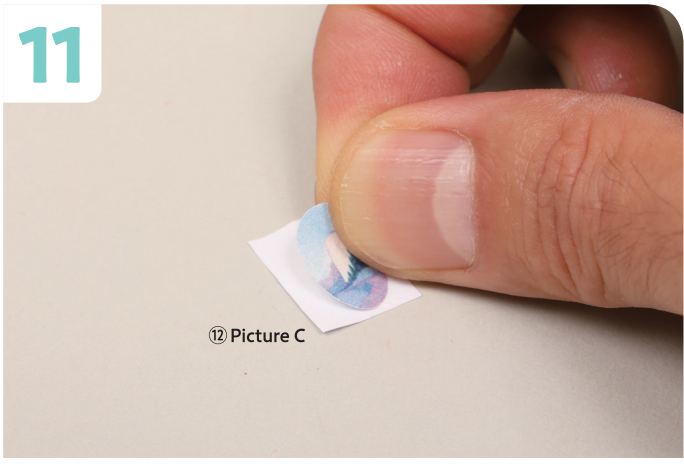

Assemble the Picture Frame onto the Back Wall in the 【Relaxing at Home】 scene. First, insert the protrusion of ⑧ Picture Frame C into the hole on the Back Wall as shown.

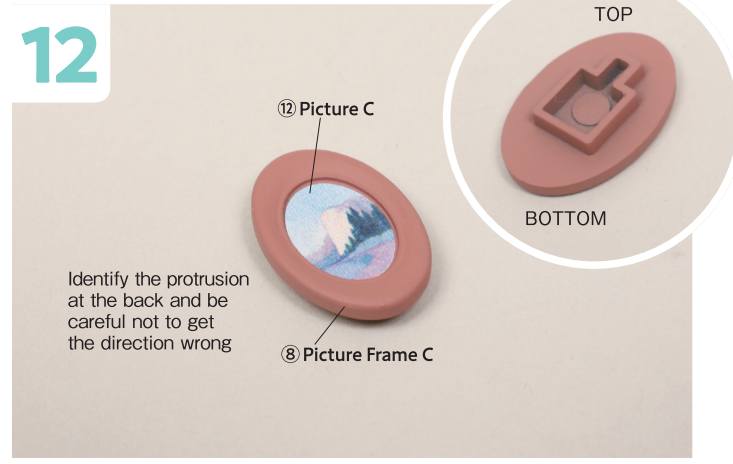

Apply a little quick-drying glue to the hole at the back of the Back Wall where the protrusion of the Picture Frame is inserted to hold it in place.

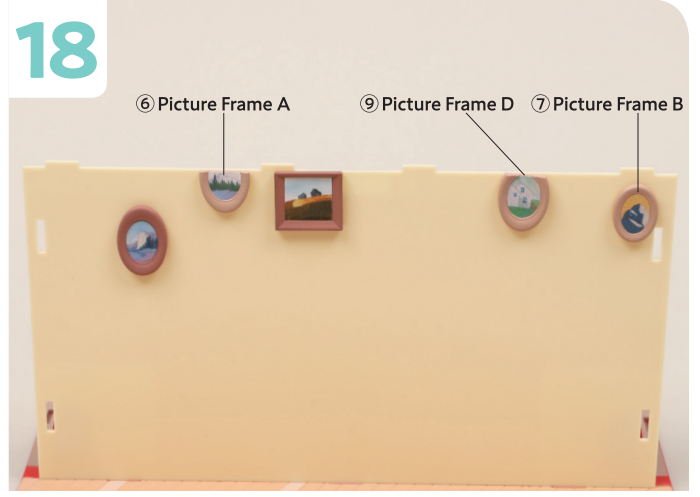

MAKING THE PICTURE FRAMES

⑫ Picture C is a sticker, please peel off its label paper at the back first.

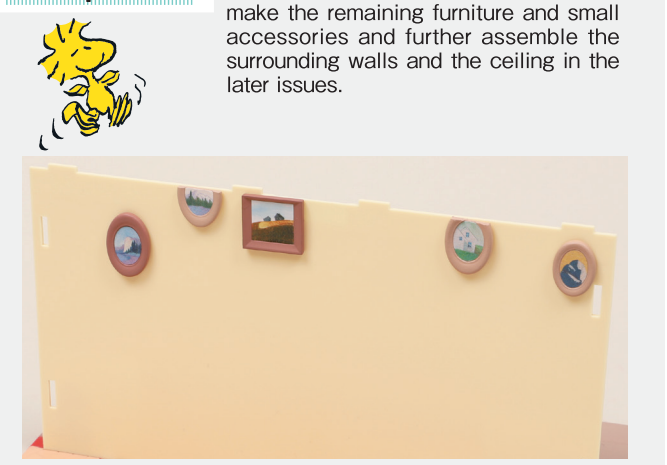

Identify the top and bottom of ⑧ Picture Frame C by looking at the protrusion at the back. Make sure it is the right way up, then stick ⑫ Picture C into its recess.

Assemble ⑥ Picture Frame A, ⑦ Picture Frame B and ⑨ Picture Frame D into the remaining holes on the Back Wall as in steps 16~17.

Issue 5 Completed

A total of five Picture Frames have been completed to decorate the Back Wall in the 【Relaxing at Home】 scene. We will make the remaining furniture and small accessories and further assemble the surrounding walls and the ceiling in the later issues.
