

【Winter, Figure Skating】

Left and Right Walls, Woods, Trees

【Figurine】

Peppermint Patty 【Figure Skating】

The parts in this issue are the Left and Right Walls for the 【Figure Skating】 scene. Also included are the background parts of the Woods and Trees, and the figurine is Peppermint Patty for the same scene.

In this issue

LEFT AND RIGHT WALLS, WOODS, TREES

We will assemble the Left and Right Walls to the 【Figure Skating】 scene and the Woods and Trees in the background.

Figurine

Peppermint Patty

Figurine for the
【Figure Skating】 scene

Snoopy thinks skating is a great way to meet girls. One day, Snoopy approached Peppermint Patty, hoping she would be a promising skating partner. They were soon skating together in perfect harmony, until Snoopy's feet got cold from skating without his ice skates on.

ASSEMBLY INSTRUCTIONS

【Winter, Figure Skating】

Assembling the Left and Right Walls
Making the Woods & Trees

We will assemble the Left and Right Walls to the 【Figure Skating】 scene and the background Woods and Trees at the back of the Ground.

- ① Left Wall ② Right Wall ③ Woods ④ Large Tree ⑤ Medium Tree ⑥ Small Tree 【Figurine】 ⑦ Peppermint Patty

Parts of issue 52

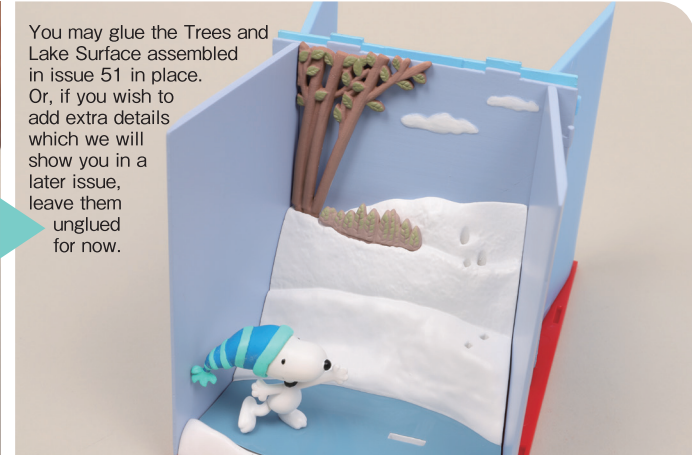

【Winter, Figure Skating】

MAKING THE WOODS AND TREES

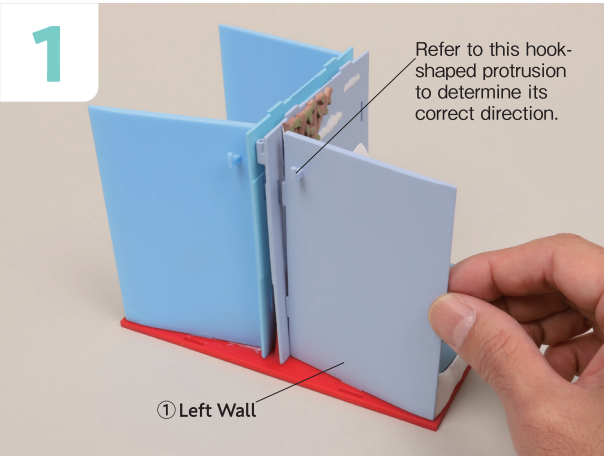

3

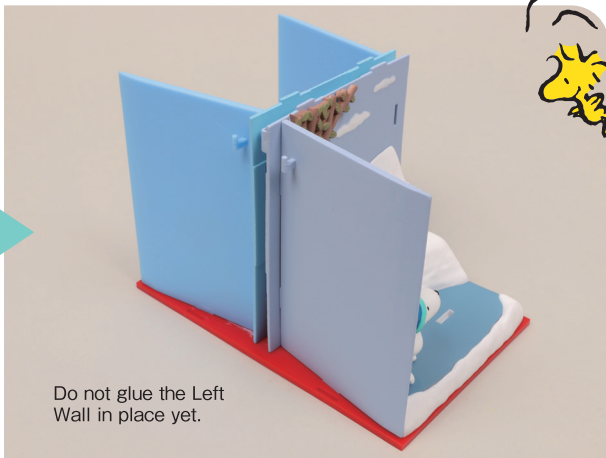

Assemble the ③ Woods to the back of the Ground by inserting its bottom protrusion into the hole in the Ground. If it comes off easily, apply a little quick-drying glue to secure it in place.

ASSEMBLING THE LEFT AND RIGHT WALLS

1

Get ready the 【Figure Skating】 scene assembled in issue 51 and assemble the ① Left Wall on the left side of the Floorboard.

Do not glue the Left Wall in place yet.

4

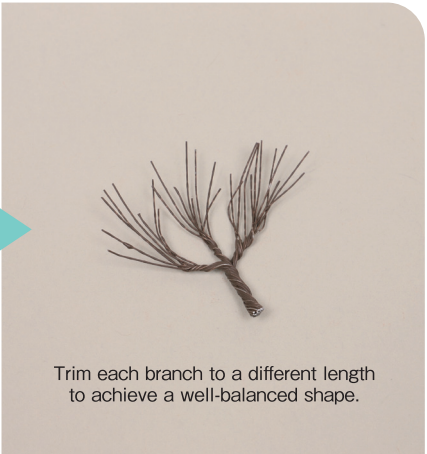

Spread the branches of the ④ Large Tree to give it a well-balanced shape.

5

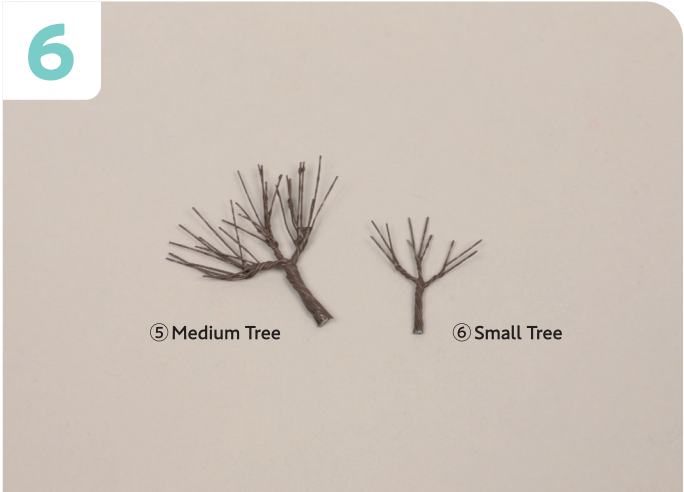

Then use nippers and kitchen shears to trim each branch of the ④ Large Tree to a different length and shape the tree as balanced as possible.

Trim each branch to a different length to achieve a well-balanced shape.

6

Trim the ⑤ Medium Tree and ⑥ Small Tree branches as in steps 4~5.

Repairing peeling paint with paint

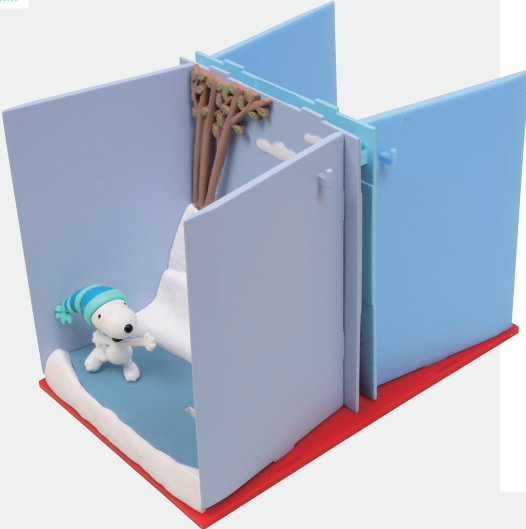

The trick is to dab the paint with the brush tip.

If the paint peels off the Trees, add black paint to brown to make a similar colour and apply without dissolving it with water. You can also use an oil-based magic marker of similar colour.

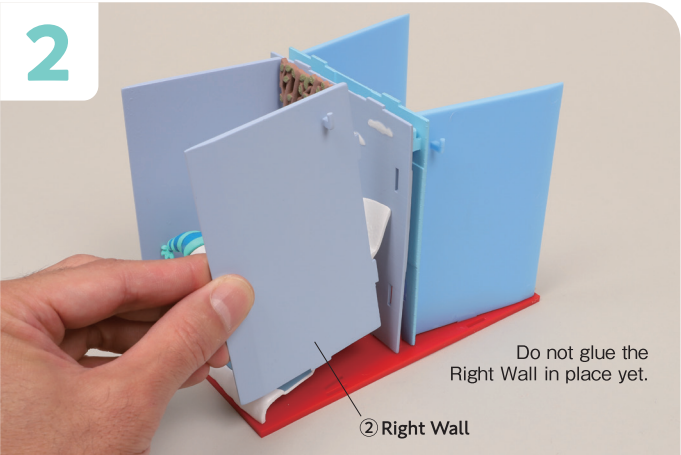

Issue 52 Completed

The surrounding walls of the 【Figure Skating】 scene are now in place. Let's go on to make the Woods and Trees in the background.

2

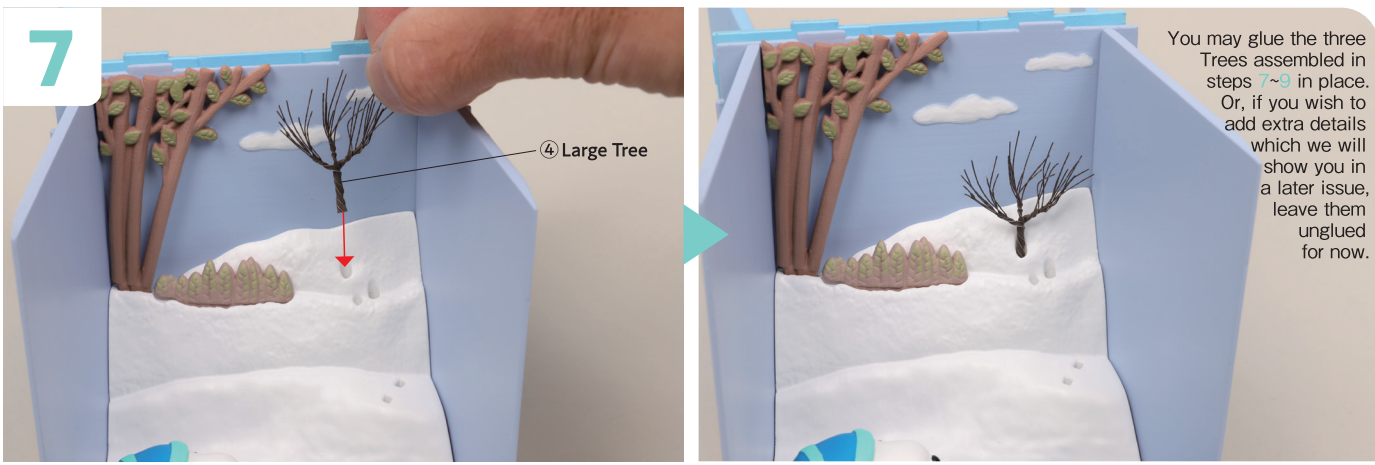

Assemble the ② Right Wall on the opposite side in the same manner.

Do not glue the Right Wall in place yet.

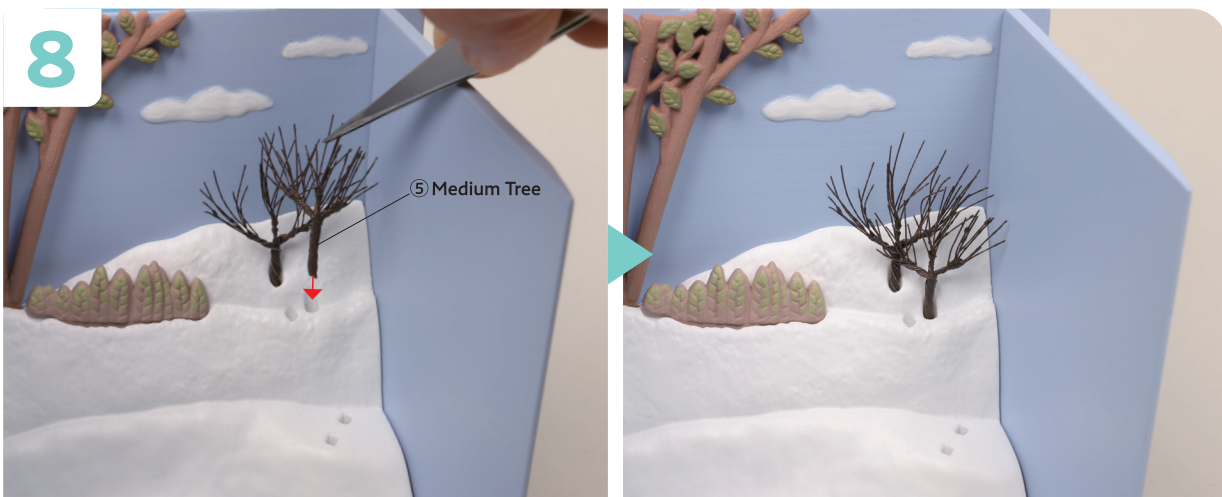

② Right Wall

Making the Woods and Trees

Assemble the ④ Large Tree by inserting its lower end into the hole at the right rear side of the Ground in the position shown above.

Assemble the ⑤ Medium Tree into the hole on the Ground in the position shown in the same manner.

Then assemble the ⑥ Small Tree.

Issue 52 Completed

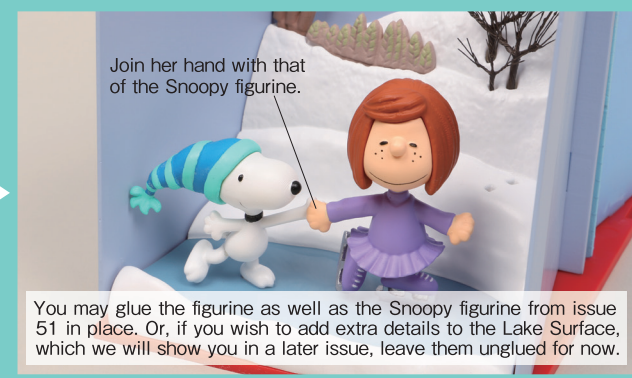

With the addition of background Woods and Trees, the 【Figure Skating】 scene has become more realistic. We will add a Bench on the Ground in the next issue to complete the scene.

Displaying the figurine

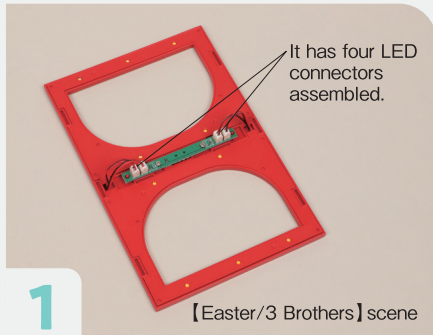

Insert the protrusion under the ⑦ Peppermint Patty figurine's ice skate into the holes in the Lake Surface and the Ground.

You may glue the figurine as well as the Snoopy figurine from issue 51 in place. Or, if you wish to add extra details to the Lake Surface, which we will show you in a later issue, leave them unglued for now.

Identify and organise the Ceilings

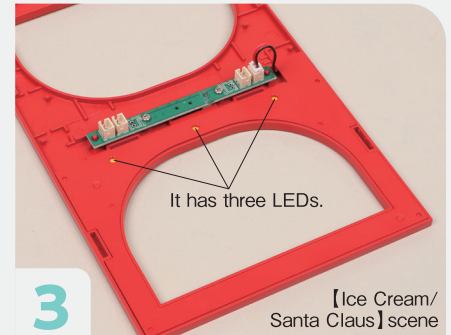

We have more and more scene box Ceilings and many of them are of identical shape. So let's identify the Ceilings and organise them.

The Ceiling with four LED connectors assembled and Inner Panels assembled on both sides is for the 【Easter/3 Brothers】 scene.

Since we have already completed the 【Easter/3 Brothers】 scene box, it is advisable to temporarily assemble and secure the Ceiling in place with masking tape or the like.

There are two Ceilings with LEDs fitted into one side. The one with three LEDs in the position shown is for the 【Ice Cream/Santa Claus】 scene.

For the half-assembled Ceiling, it is advisable to write the scene names on masking tape and affix it to the Ceiling as shown.

The remaining Ceiling with LEDs fitted into one side is the 【Rabbits/Camping】 scene.

The Ceiling with only a Circuit Board assembled is for the 【Woodstock's Nest/Football】 scene.
