Parts of issue 55

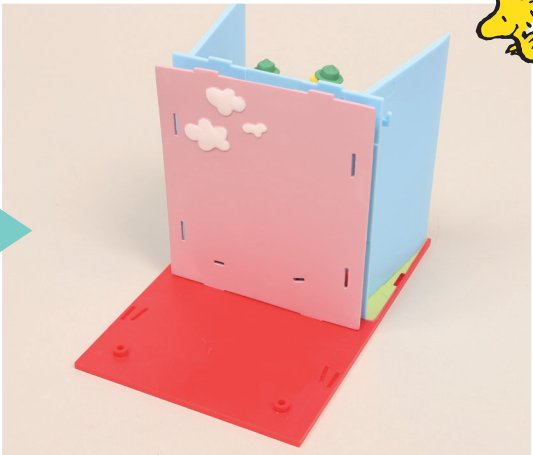

【Winter, Shovelling Snow】

Assembling the Back Wall and Ground

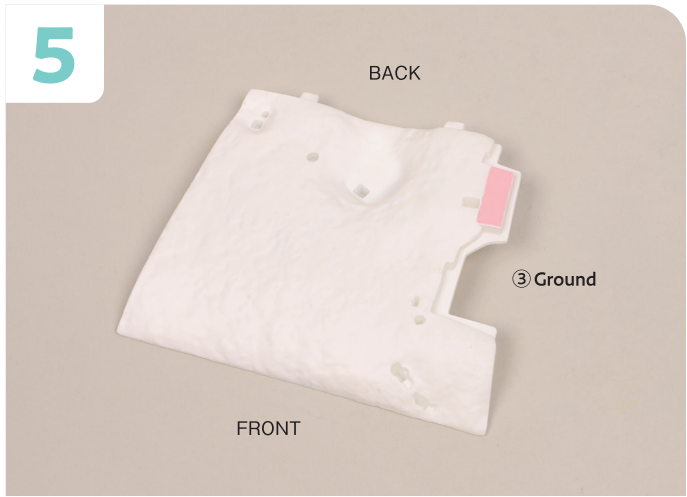

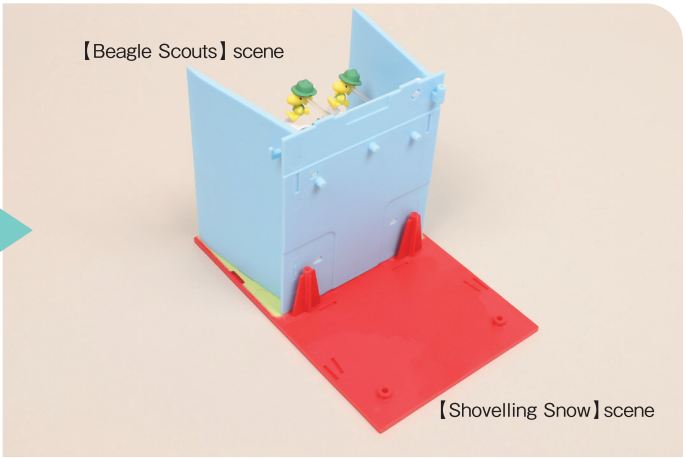

Before the glue dries, assemble the ② Back Wall to the Floorboard by inserting its protrusions into the grooves.

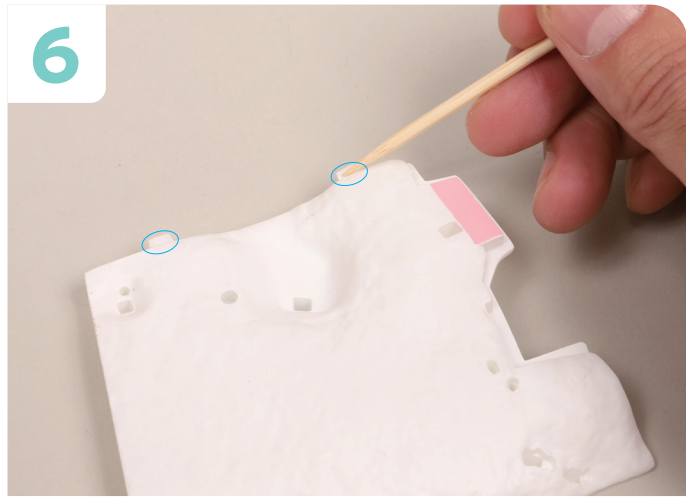

ASSEMBLING THE BACK WALL AND GROUND

The 【Shovelling Snow】 scene is on the opposite side of the 【Beagle Scouts】 scene. First, get ready the 【Beagle Scouts/Shovelling Snow】 scene box previously assembled.

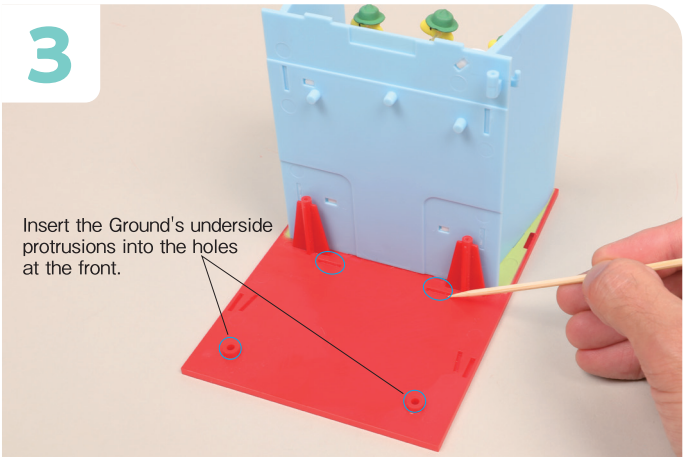

Check the orientation of the ③ Ground.

Apply a little quick-drying glue to the two protrusions at the back of the ③ Ground with the tip of a toothpick or the like.

Check the orientation of the ② Back Wall. Refer to the clouds to determine the correct up and down direction.

Apply a little quick-drying glue to the two grooves at the back of the Floorboard of the 【Shovelling Snow】 scene with the tip of a toothpick or the like.

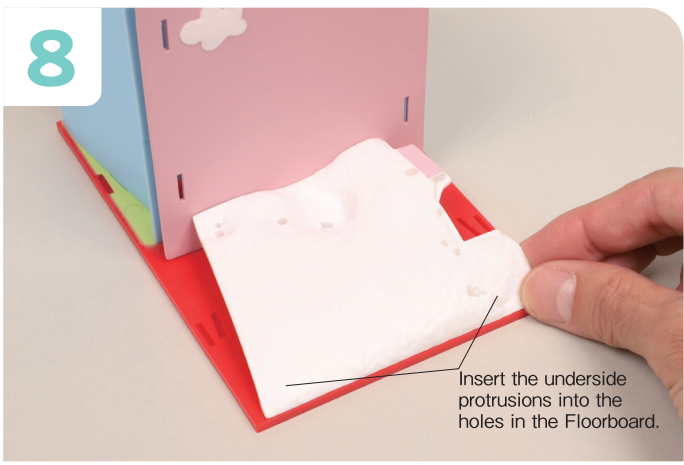

Before the glue dries, assemble the ③ Ground to the Back Wall by inserting its rear protrusions into the holes in the Back Wall.

Assembling the Back Wall and Ground

Press the Ground's front edge against the Floorboard and insert its underside protrusions into the holes in the Floorboard.

Issue 55 Completed

The Ground and Back Wall are now assembled to the Floorboard of the [Shovelling Snow] scene. Let's go on to assemble the Broom from issue 54.

Checking the Base Plate

The Base Plate of the doghouse is made up of two plates. To distinguish between the left and right sides, affix masking tape with the issue number written on it as shown, then keep it in a safe place.

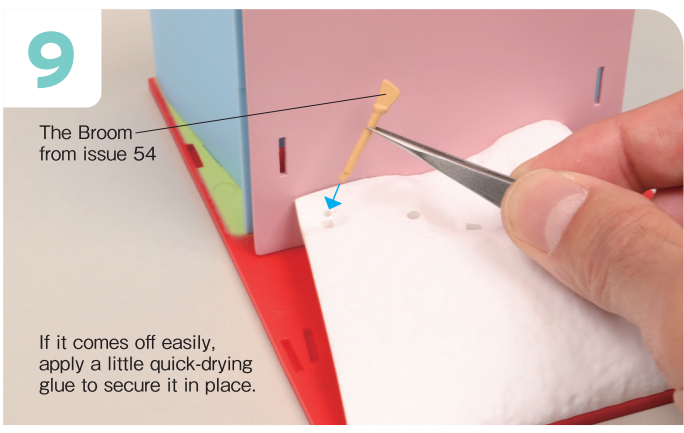

Issue 55 Completed

The ① Left Base Plate will be assembled in the next issue, please keep it safe and scratch-free.

MAKING THE BROOM

Fit the Broom from issue 54 into the hole at the left rear side of the Ground in the position shown above. Match the Broom's protrusion with the shape of the hole and insert it.

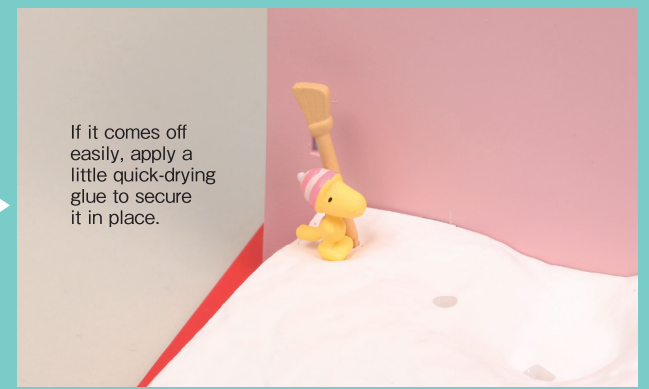

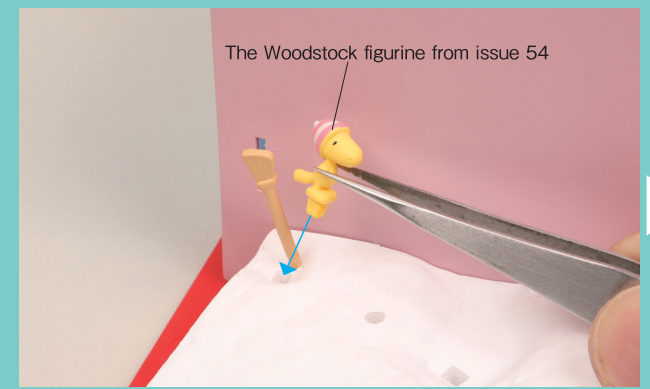

Issue 55 Completed

The Broom has now been added to the Ground in the [Shovelling Snow] scene. Other small items will be assembled in a later issue.

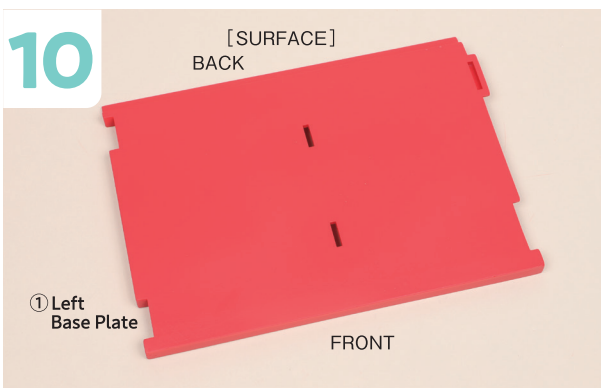

Adding the figurines

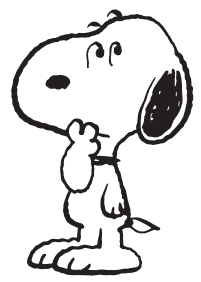

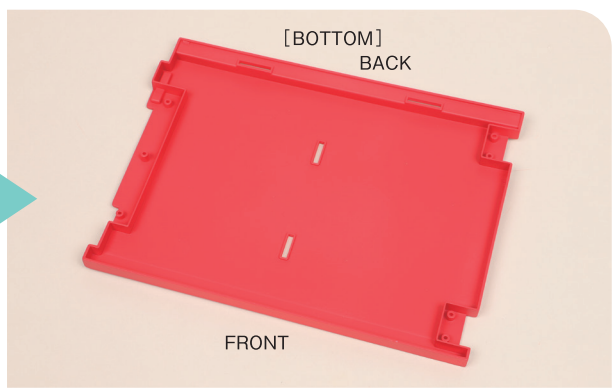

Assemble the Woodstock figurine from issue 54 to the left rear of the Ground by inserting the protrusion under its feet into the hole in the Ground.

CHECKING THE BASE PLATE

The ① Left Base Plate is the bottom left plate of the doghouse body. The side with recessed edges is the bottom.

Assemble ④ Peppermint Patty to the right rear of the Ground in the position shown above in the same manner.
