Parts of issue 61

【Summer/Winter, Brick Wall/Snowmen】

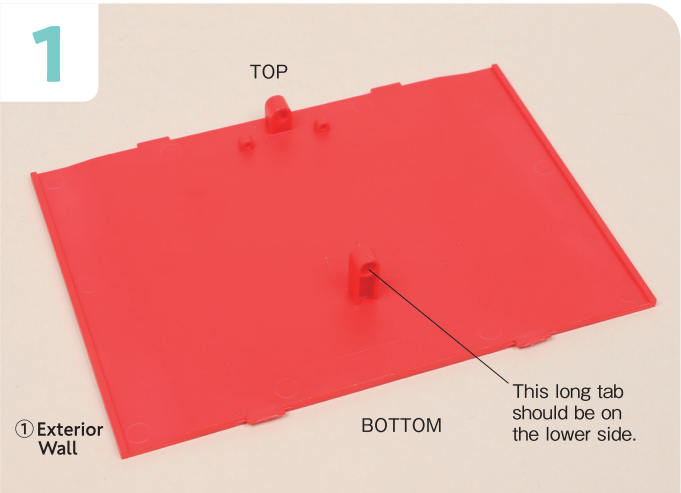

Assembling the Left and Right Exterior Walls

Assemble the ① Exterior Wall before the glue dries.

ASSEMBLING THE LEFT AND RIGHT EXTERIOR WALLS

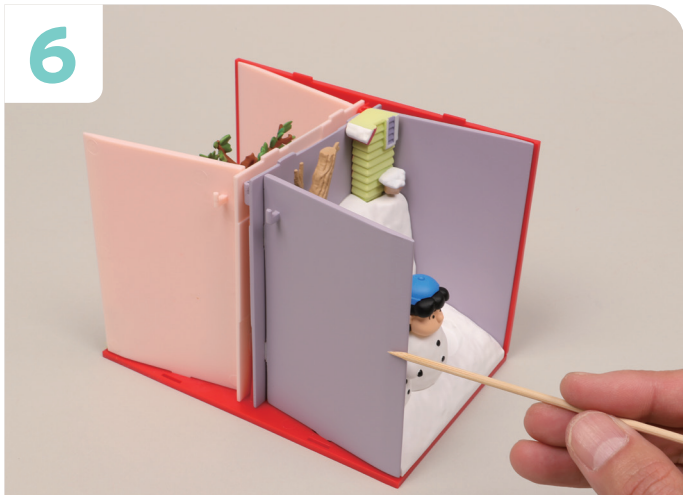

Check the orientation and other details of the ① Exterior Wall.

Get ready the 【Brick Wall/Snowmen】scene box and check its sides. Align the walls' protrusions and the screw hole between the Back Walls with the Exterior Wall's holes.

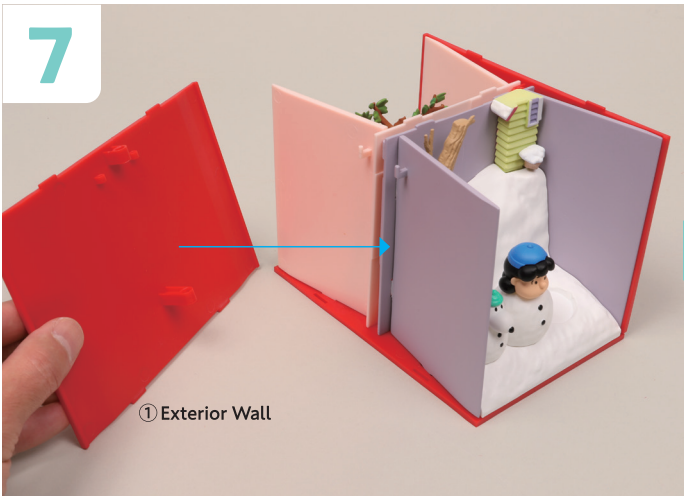

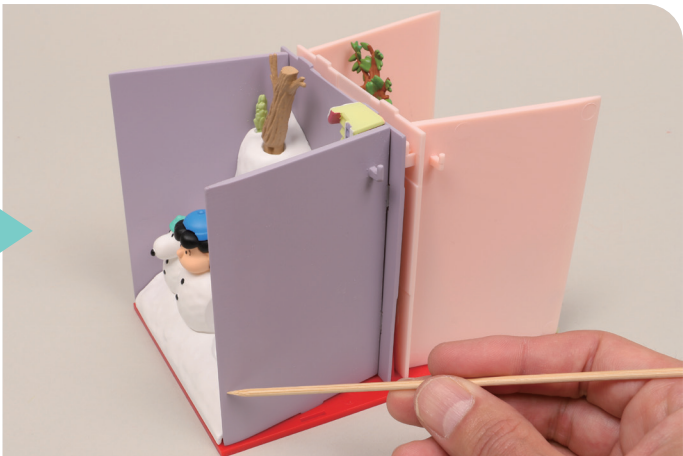

Check from above the scene box to see if the protrusions and screw hole are assembled with the Exterior Wall.

Now assemble another Exterior Wall to the other side in the same manner. First, apply quick-drying glue to the walls' edges.

First, apply quick-drying glue to the walls' edges with the tip of a toothpick or the like.

Assemble the Exterior Wall before the glue dries.

Assembling the Left and Right Exterior Walls

Tighten the ③ Screws (PM2×6mm) into the holes in the long tabs of the ① Exterior Walls to fix them in place.

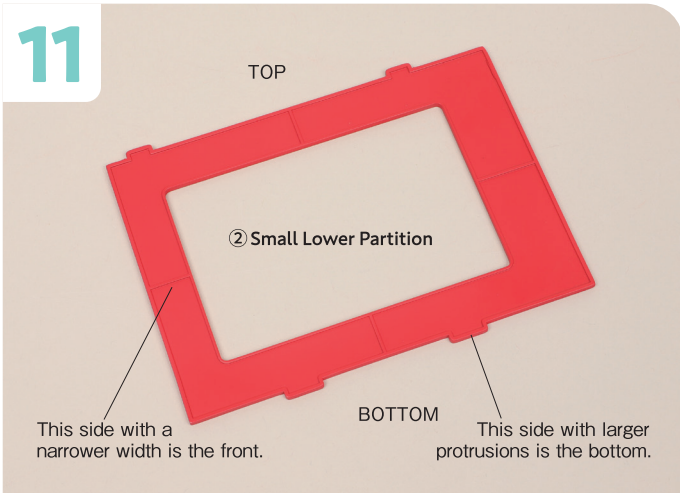

Issue 61 Completed

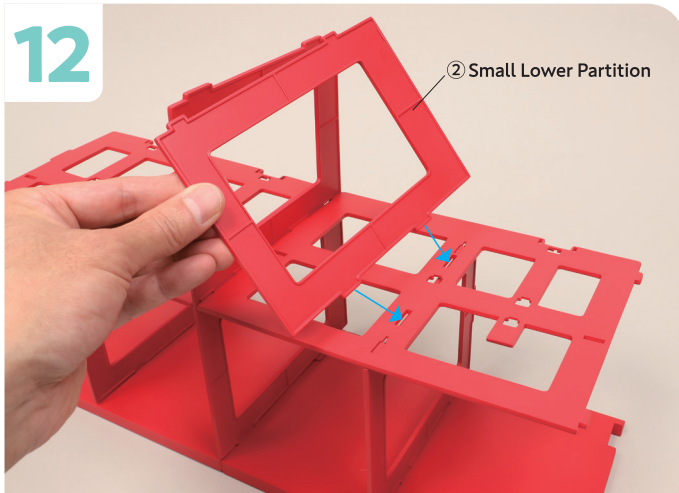

That finishes the Left and Right Exterior Walls. We can now add the figurine into the [Snowmen] scene to complete the scene.

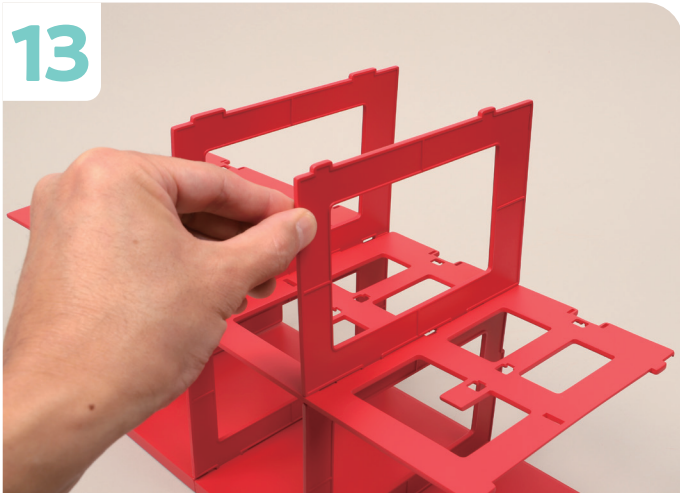

Assembling the Partitions and more

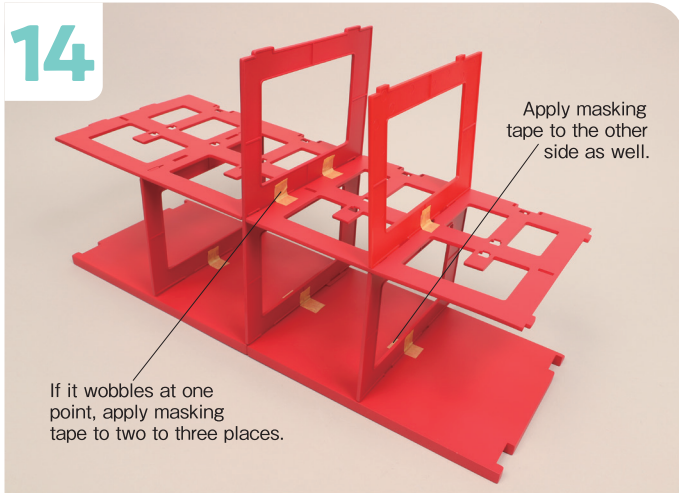

Check the orientation of the ② Small Lower Partition.

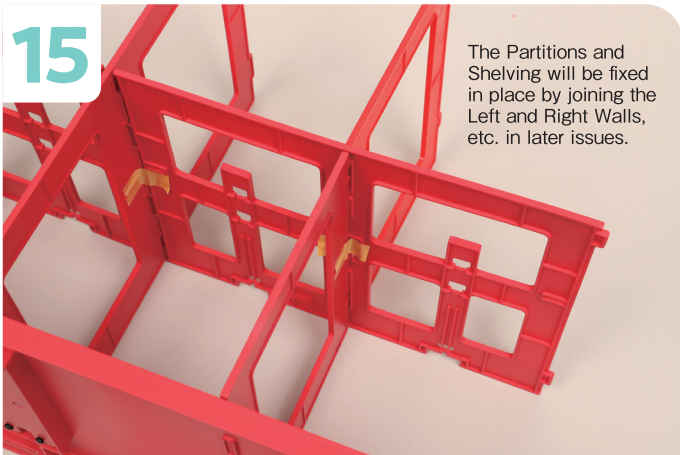

Assemble the ② Small Lower Partition on top of the Shelving Unit on the right.

Insert its bottom protrusions into the holes in the Shelving as you did with the other Partitions.

We can temporarily affix the parts with masking tape at this stage of assembly. First, apply masking tape to the seams on top where the Base Plates and Shelving meet the Partitions as shown.

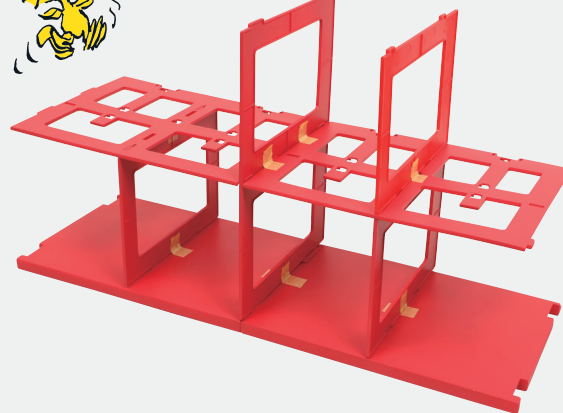

Apply masking tape to the seams on the underside of the Shelving in the same manner.

Issue 61 Completed

The doghouse's Lower Shelving and Partitions are now in place. The Right Wall will be supplied in the next issue, and the Partitions and Shelving will be fixed in place by joining the Left and Right Walls, etc.

Adding the figurine

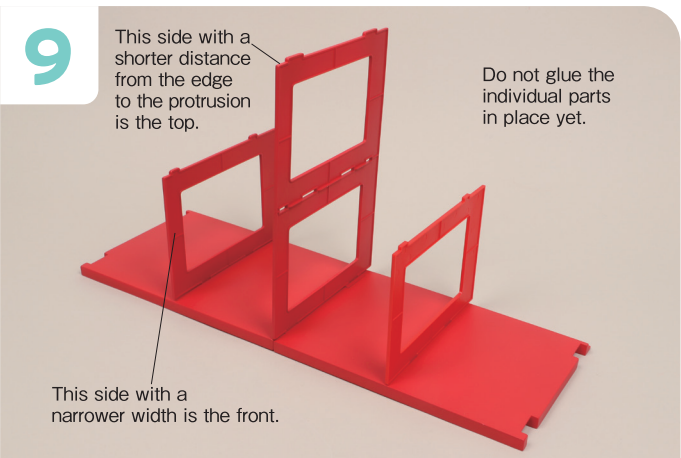

Insert the ④ Charlie Brown figurine's bottom protrusion into the hole in the Ground in the position shown below, aligning it with the indentation to set it in place.

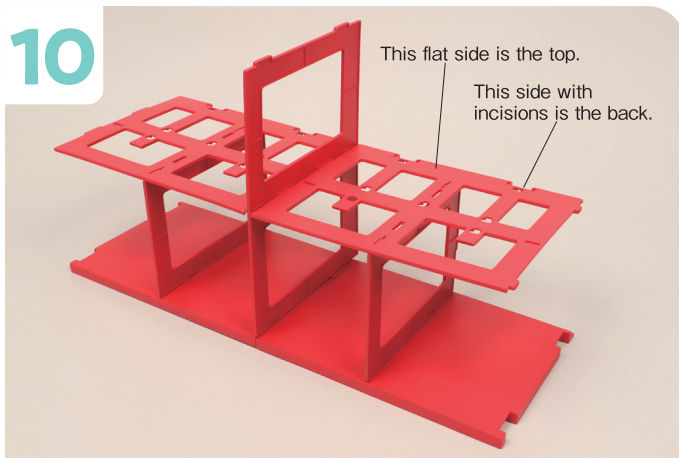

If it comes off easily, apply a little quick-drying glue to secure it in place.

ASSEMBLING THE PARTITIONS AND MORE

We will first assemble the first floor's Partitions to the Base Plates as before.

Then assemble the two Shelving Units.
