

## ASSEMBLY INSTRUCTIONS - Issue 71

【Spring, Valentine's Day】

# Picture Frames

【Spring/Fall, Valentine's Day/Great Pumpkin】

# Exterior Walls, Ceiling

【Doghouse】

# Partitions

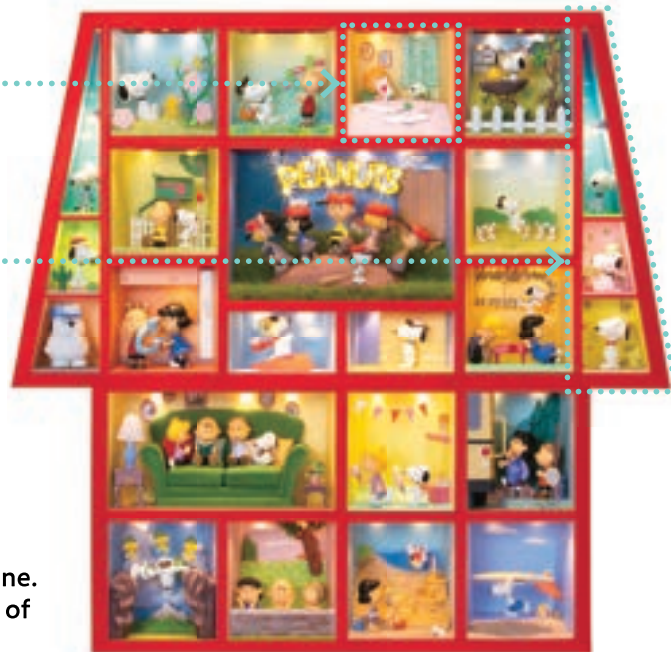

【Figurine】

# Sally

The parts in this issue are the Picture Frames for the 【Valentine's Day】 scene. Also included are the Partitions for the slanted section on the upper side of the doghouse. And the figurine is Sally for the same scene.

In this issue

In this issue

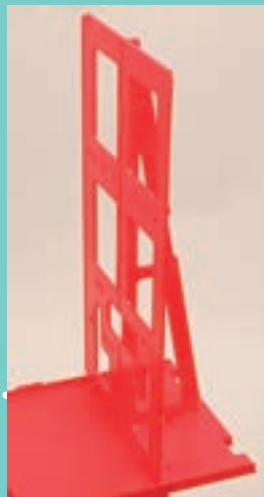

## PICTURE FRAMES

We will adorn the wall of the 【Valentine's Day】 scene with Picture Frames. Affix the Pictures into the Picture Frames and display them on the Back Wall.

## PARTITIONS

We will start to assemble the upper side of the doghouse as well. First, assemble the Partitions for the slanted section on the right.

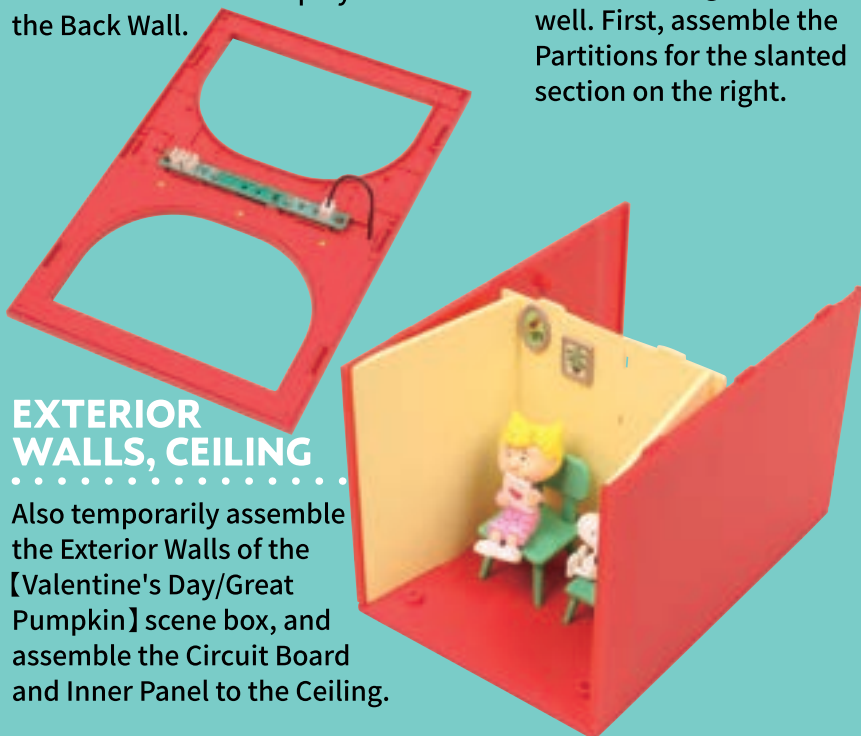

## Figurine

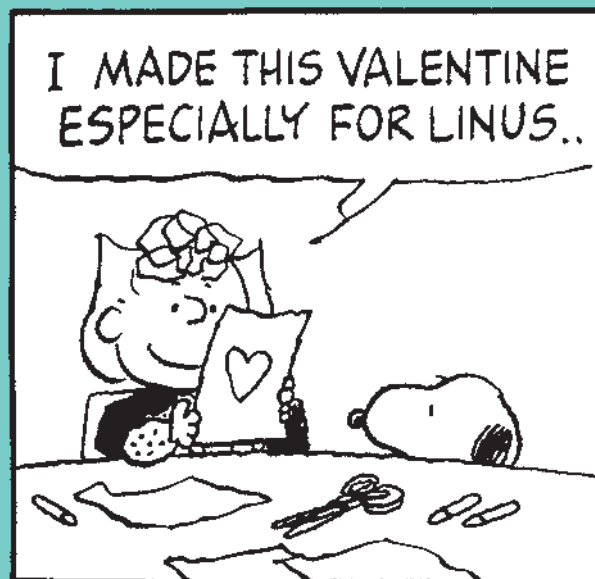

Sally

Figurine for the  
【Valentine's Day】 scene

## EXTERIOR WALLS, CEILING

Also temporarily assemble the Exterior Walls of the 【Valentine's Day/Great Pumpkin】 scene box, and assemble the Circuit Board and Inner Panel to the Ceiling.

Sally convinced her brother Charlie Brown to write her school report and essay. Meanwhile, she poured her heart into crafting a Valentine's card for Linus, the object of her affection.

Assembling the Exterior Walls and Ceiling

【Doghouse】

Assembling the Partitions

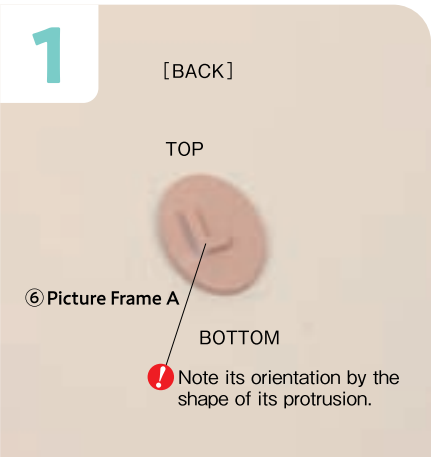

We will adorn the wall of the 【Valentine's Day】 scene with Picture Frames, temporarily assemble the Exterior Walls, fit the Circuit Board and Inner Panel to the Ceiling, and start to assemble the upper side of the doghouse.

Parts of issue 71

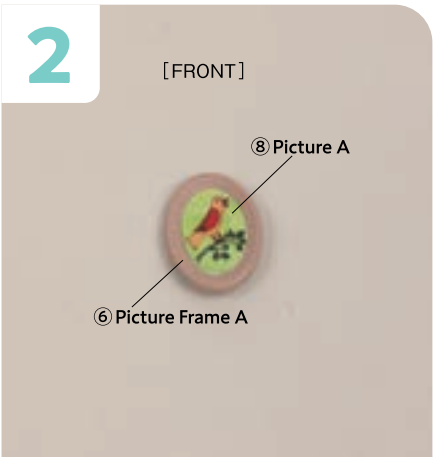

- ① Partition A ② Partition B ③ Exterior Wall×2 ④ Circuit Board ⑤ Screw (PM2×4mm)×3 (1 for spare) ⑥ Picture Frame A ⑦ Picture Frame B ⑧ Picture A ⑨ Picture B ⑩ Curtain Fabric ⑪ Inner Panel 【Figurine】 ⑫ Sally

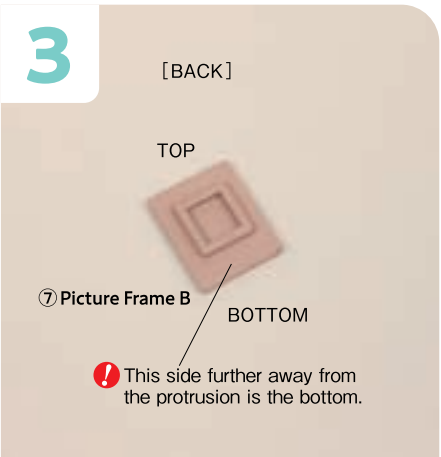

MAKING THE PICTURE FRAMES

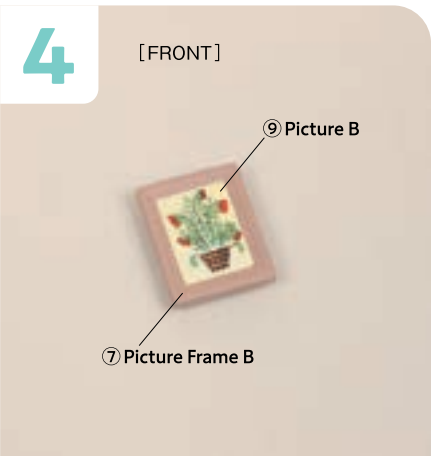

Check the orientation of ⑥ Picture Frame A. Refer to the shape of its rear protrusion to determine the correct top and bottom.

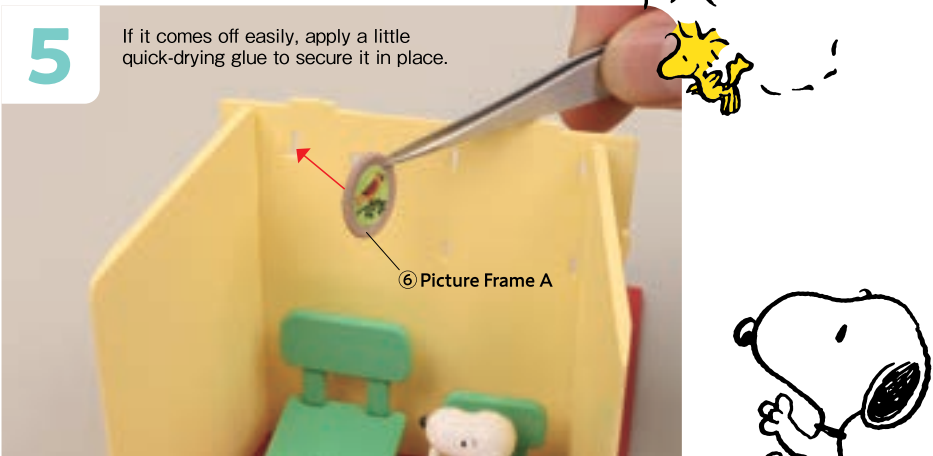

Peel ⑧ Picture A from its backing paper and affix it in line with the recess on the surface of ⑥ Picture Frame A.

Check the orientation of ⑦ Picture Frame B. Refer to its rear protrusion to determine the correct top and bottom.

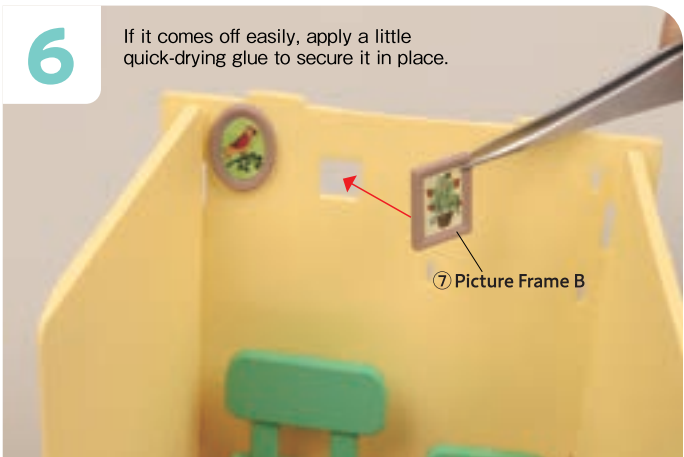

Peel ⑨ Picture B from its backing paper and affix it in line with the recess on the surface of ⑦ Picture Frame B.

Get ready the 【Valentine's Day】 scene and fit ⑥ Picture Frame A onto the Back Wall. Match its rear protrusion with the shape of the hole in the wall and insert it.

Making the Picture Frames

Fit ⑦ Picture Frame B onto the Back Wall in the same manner.

Issue 71 Completed

The Back Wall is now more colourful with the Picture Frames added. We will assemble more small items and furnishings in the next issue.

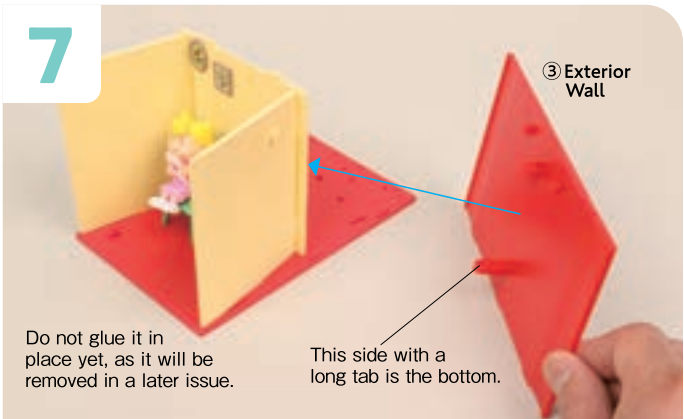

Adding the figurine

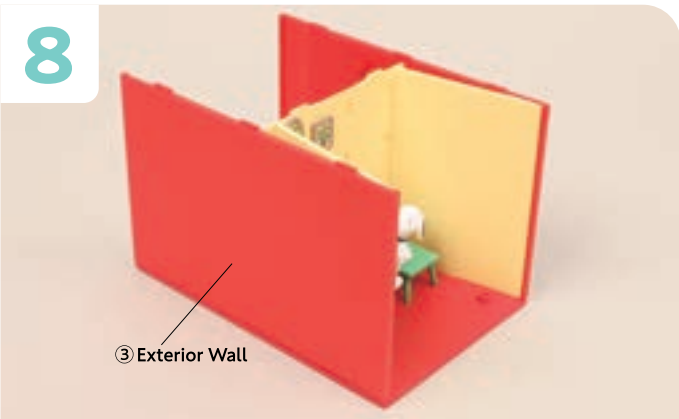

Insert ⑫ Sally figurine's bottom protrusion into the hole in the Chair. Apply quick-drying glue if it falls off easily.

ASSEMBLING THE EXTERIOR WALLS AND CEILING

Here the ③ Exterior Walls will be assembled but not secured till a later issue. First, align the protrusions and the tab to assemble an Exterior Wall on one side.

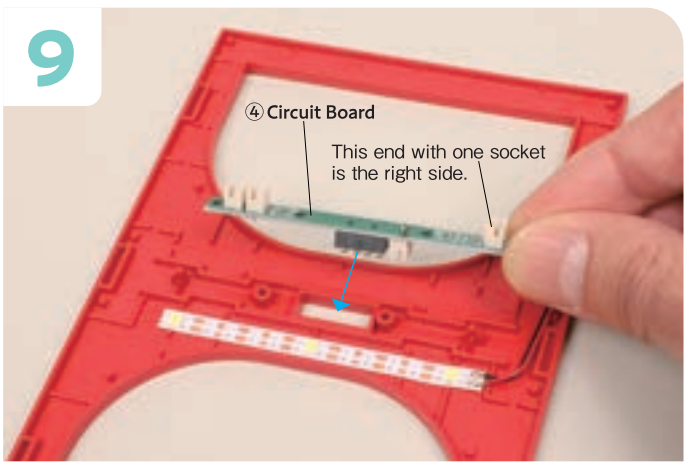

Assemble another ③ Exterior Wall on the opposite side in the same way.

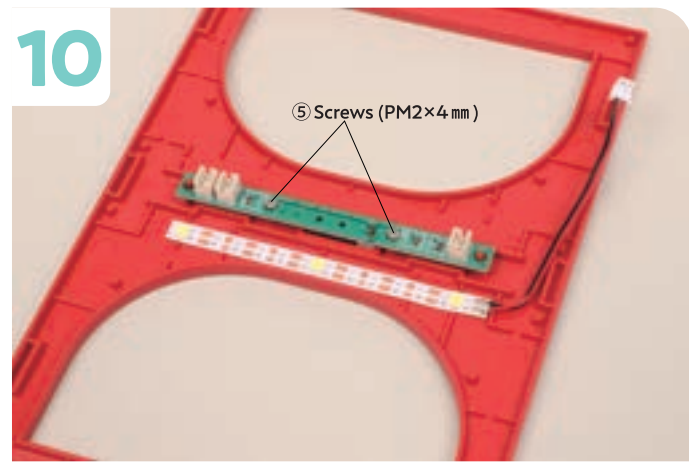

Assembling the Exterior Walls and Ceiling

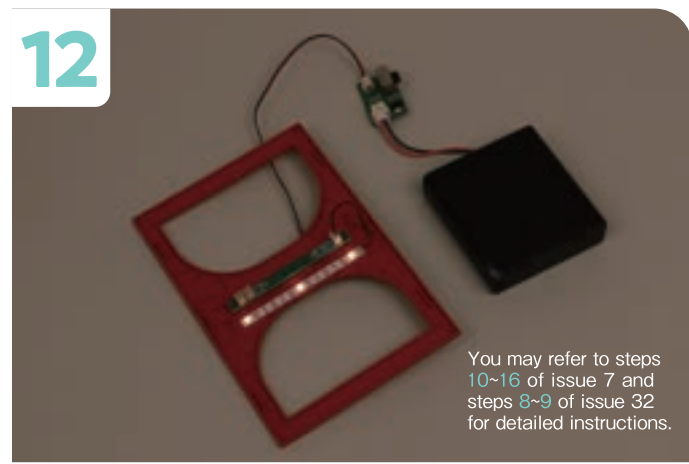

Get ready the Ceiling assembled in issue 70 and assemble the ④ Circuit Board as shown.

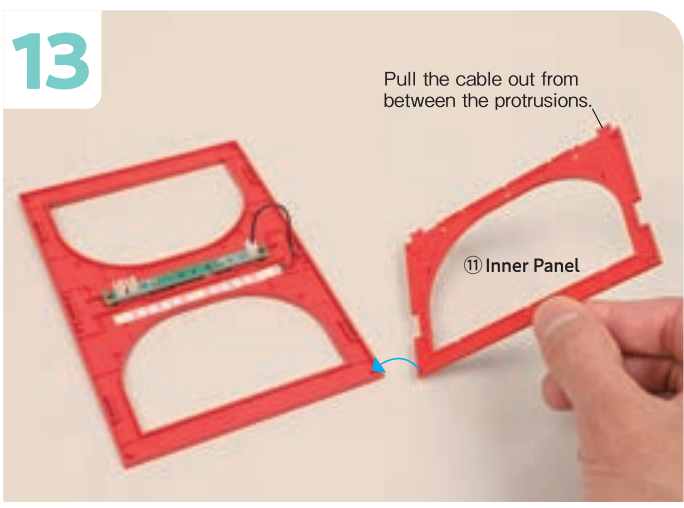

Tighten the ⑤ Screws (PM2×4mm) into the two holes in the Circuit Board as shown.

Route the Cable with LEDs as shown, and plug its connector into the socket on the Circuit Board.

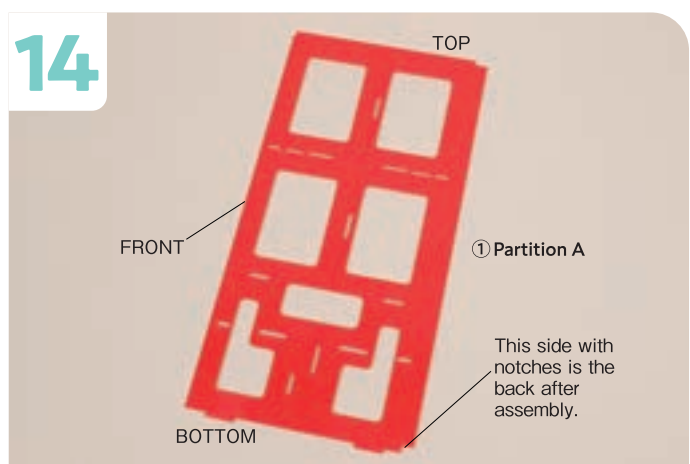

Plug the Connection Cable's connector into the socket on the other side of the Ceiling, connect it to the Battery Box and other parts, and check that the LEDs light up properly.

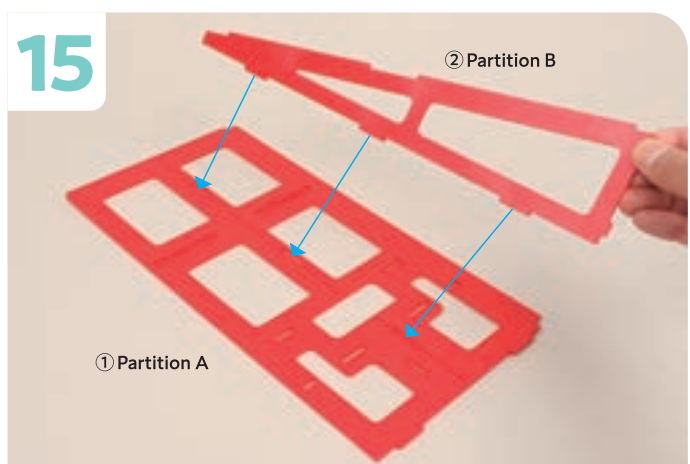

Disconnect the Battery Box and other parts, then assemble the ⑪ Inner Panel.

ASSEMBLING THE PARTITIONS

Check the orientation of ① Partition A.

Assemble ② Partition B to ① Partition A by inserting its protrusion into the holes as shown.

Fully insert ② Partition B's protrusions into the holes, ensuring they are assembled without any gaps.

Get ready the doghouse assembled so far, and identify the four holes on the upper right of the Floorboard as shown.

Assemble the Partition assembly from step 16 onto the upper right of the Floorboard by fully inserting its bottom protrusions into the holes identified in step 17.
