Floorboard, Back Wall, Ground, Left and Right Walls

【Doghouse】

Shelving Board

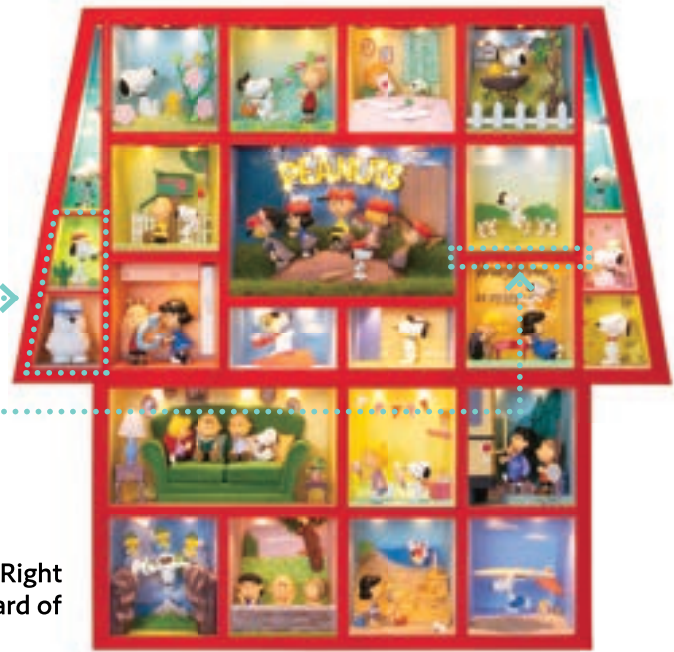

【Figurine】

Olaf 【Figurine Box】

The parts in this issue are the Floorboard, Back Wall, Ground, and Left and Right Walls for the 【Olaf】 scene. Also included are the parts for the Shelving Board of the doghouse, and the figurine is Olaf for the same scene.

In this issue

In this issue

FLOORBOARD, BACK WALL, GROUND, ETC.

We will start assembling the Figurine Box on the top left side of the doghouse. First, assemble the Back Wall and Ground to the Floorboard of Olaf's room, and assemble the Left and Right walls.

Figurine

Olaf

Figurine for the
【Figurine Box】 scene

SHELVING BOARD

We will also add a Shelving Board to the upper side of the doghouse assembled so far – pay attention to the orientation of the Shelving Board, and insert its protrusions into the holes in the Partition.

Parts of issue 74

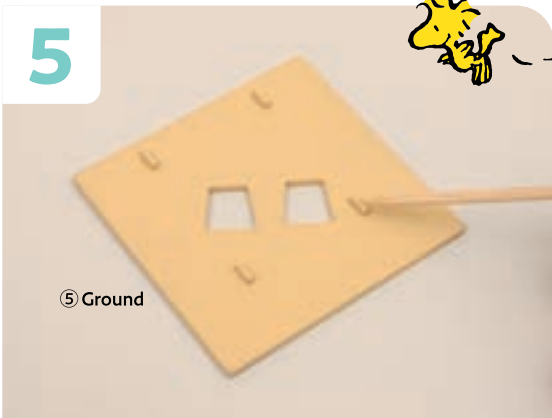

【Figurine Box, Olaf】

Assembling the Floorboard, Back Wall and Ground

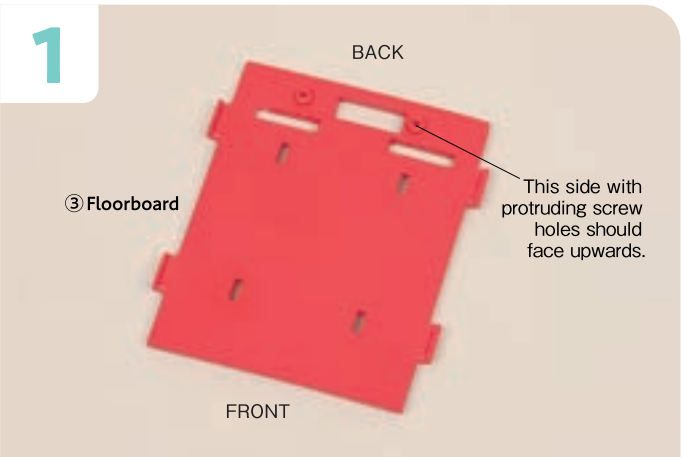

Check the orientation of the ⑤ Ground.

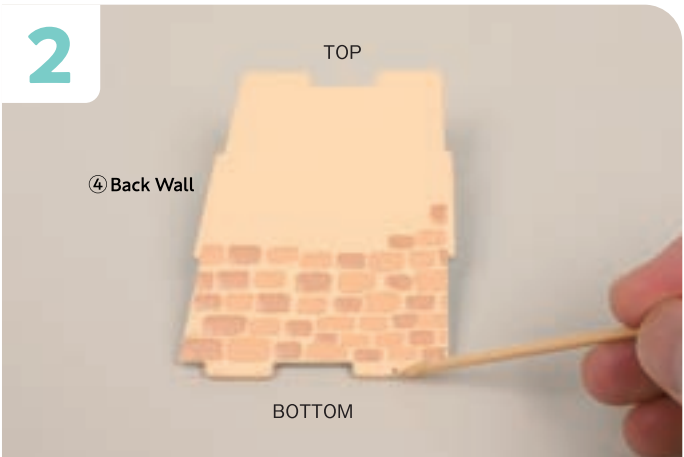

Apply a little quick-drying glue to the four protrusions on the underside of the ⑤ Ground.

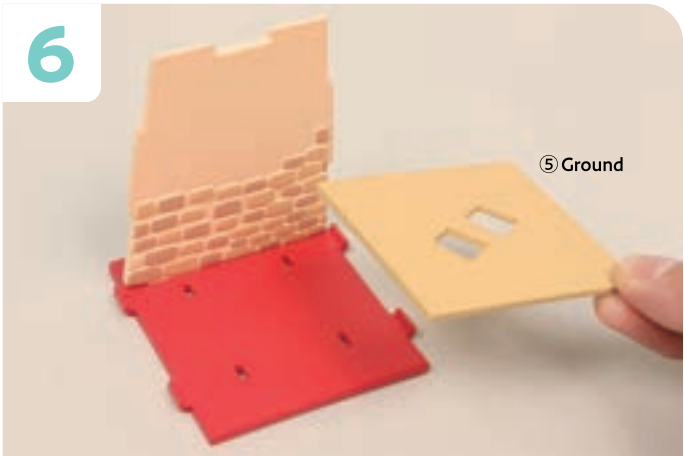

ASSEMBLING THE FLOORBOARD, BACK WALL AND GROUND

Check the orientation of the ③ Floorboard.

Apply a little quick-drying glue to the two protrusions on the bottom edge of the ④ Back Wall with the tip of a toothpick or the like.

Before the glue dries, assemble the ⑤ Ground to the Floorboard by inserting its protrusion into the holes.

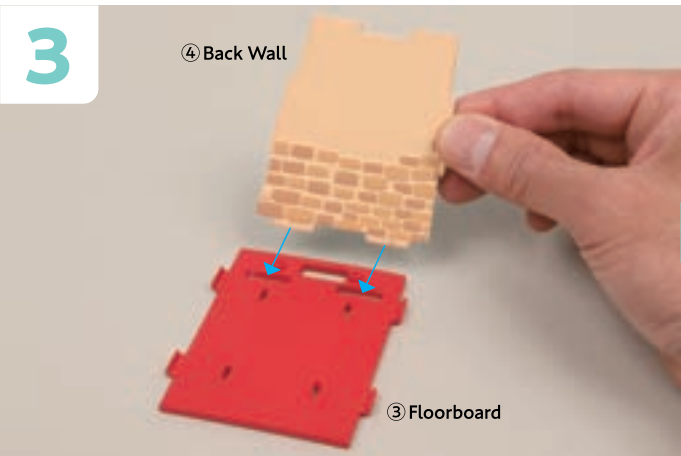

Issue 74 Completed

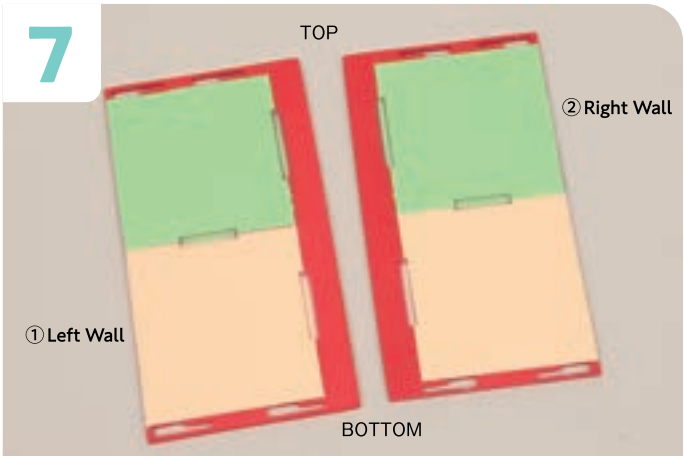

The Ground and Back Wall are now assembled to the 【Olaf】 scene. Let's move on to assembling the Left and Right Walls.

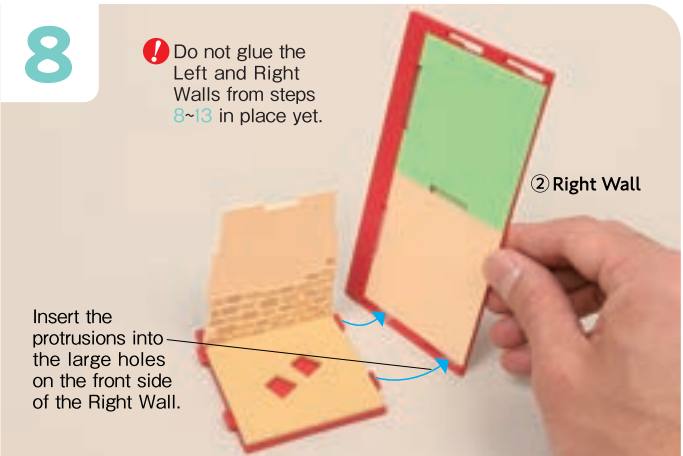

ASSEMBLING THE LEFT AND RIGHT WALLS

Before the glue dries, assemble the ④ Back Wall to the ③ Floorboard by inserting its protrusion into the holes.

Check the orientation of the ① Left Wall and ② Right Wall.

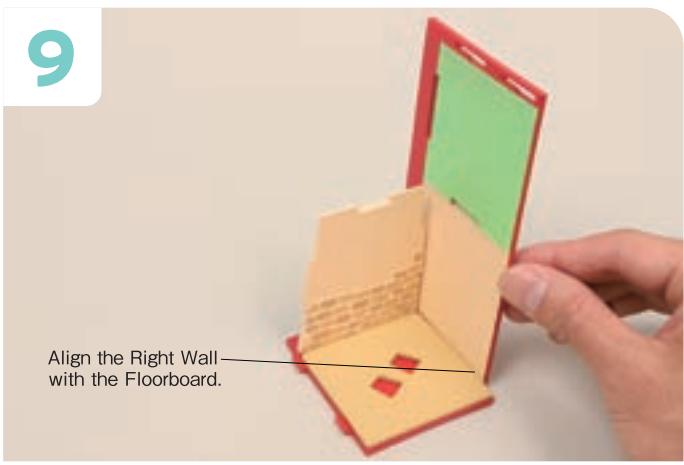

Fit the ② Right Wall to the right side of the assembly from step 6 by first inserting the Floorboard protrusions into the holes in the ② Right Wall.

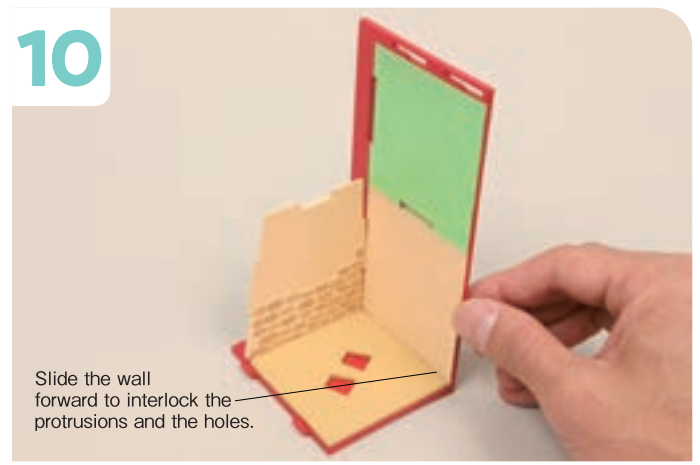

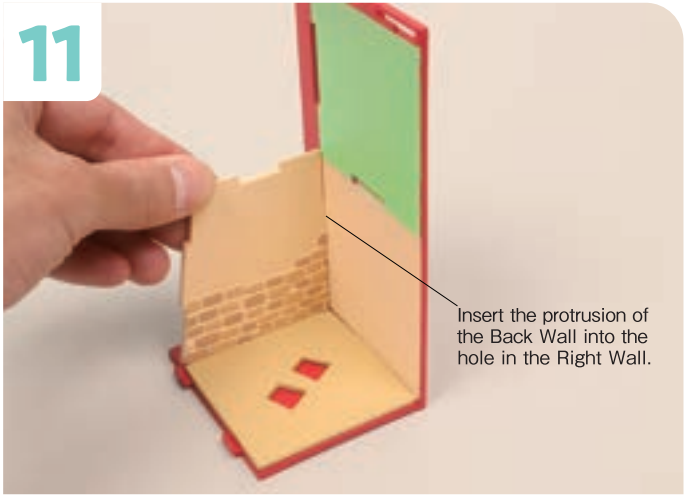

Assembling the Left and Right Walls

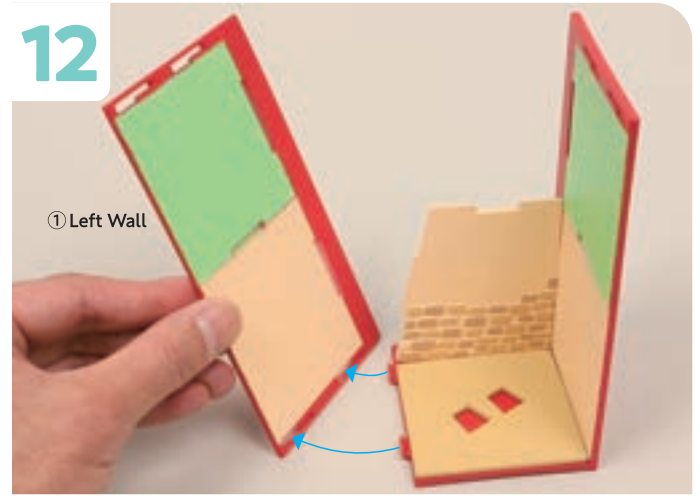

Insert the protrusions all the way into the holes and fit the Floorboard and Right Wall snugly.

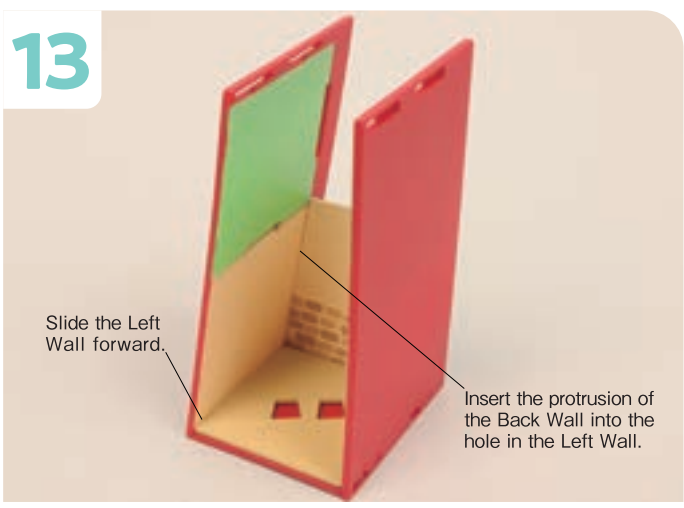

Simply slide the Right Wall forward to interlock the protrusions and the holes.

Insert the protrusion of the Back Wall all the way into the hole in the Right Wall.

Assemble the 1 Left Wall in the same manner. First, insert the Floorboard protrusions into the holes in the 1 Left Wall.

Insert the protrusions all the way into the holes and slide the Left Wall forward to assemble it. Finally, insert the protrusion of the Back Wall into the hole in the Left Wall.

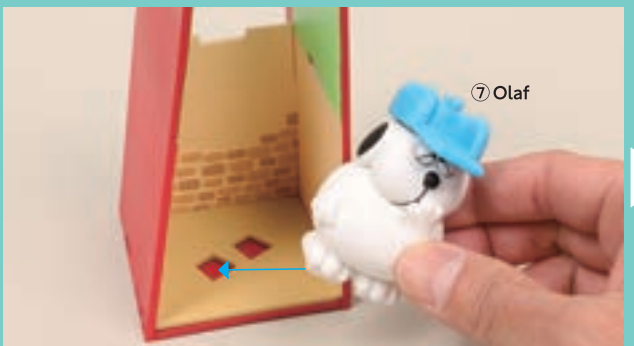

The walls surrounding the 【Olaf】 scene are now in place. Let's display the Olaf figurine.

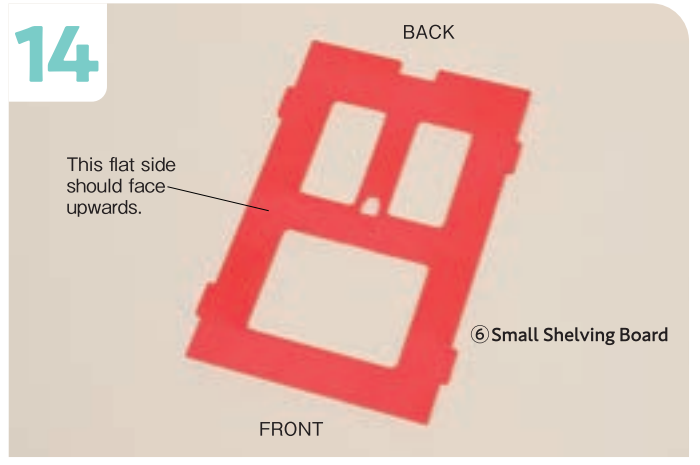

Adding the figurine

Insert the bottom protrusions of the 7 Olaf figurine into the holes in the Ground. If it comes off easily, apply a little quick-drying glue to secure it in place.

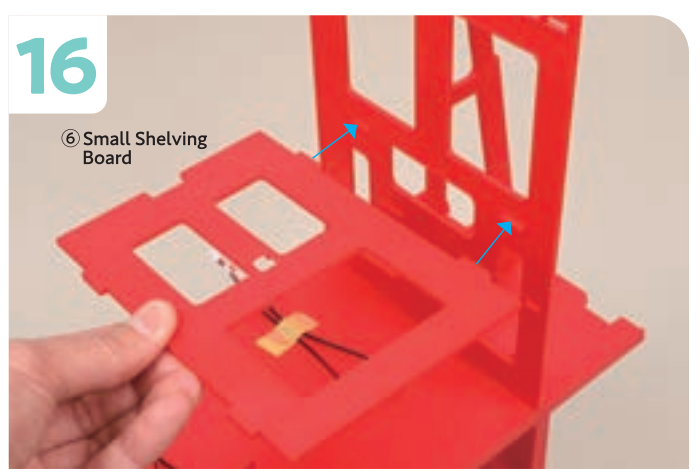

ASSEMBLING THE SHELVING BOARD

Check the orientation of the 6 Small Shelving Board.

Get ready the doghouse assembled so far and identify the two holes shown on the upper right in the photo.

Assemble the 6 Small Shelving Board to the doghouse by inserting its protrusions all the way into the holes identified in step 15.

If the Small Shelving Board comes off easily, temporarily affix it with masking tape or the like.
